BRO. VIN A. DAYAL

Oh, thank You, Lord. Thank You, Jesus. Oh, may the rain fall, both former and latter rain, as was promised in Joel, "All that the palmerworm, the cankerworm, the caterpillar, and the locust have eaten, I will restore," saith the Lord. This is the Hour of the restoration of the Bride Tree; everything that was eaten down is blossoming once again. Amen. There was no way that Satan could stop what God had in mind and planned for His children in this Hour.

It has certainly been a great and wonderful thing to sit back and see the Holy Spirit just move in there, in Peru, and down in Ecuador, and the unity and the cooperation, working together in one mind and one accord. We back here could look over there and see such a great move among the young people by the grace of God, especially the young ones, to see their enthusiasm, to see the Quickening Spirit that is coming upon them, to see the confidence that God is giving

them to speak, to express what is in their heart by the grace of God.

And when you think of these images being transmitted all around the globe, and people in so many countries are seeing this, especially when we look at the collaboration and see how the songs go, it just moves from one country to the next. You are seeing those of like precious faith. It is certainly a Race, a special Race, a super Race with a super Anointing. It's God's desire to have this. And when God planned something and it is God's desire to have it, to do it, there is no amount of devils that could stop it, by the grace of God.

You are seeing people in action, with reverence and humility. You are not seeing anybody trying to fly with six wings; two wings over their face – that's reverence, two wings over their feet – that's humility, (amen) and you fly with two wings. That's the vision Isaiah saw. That's the great vision. And when that vision broke to him, out of there came sixty-six chapters of Isaiah, the miniature Bible. Isaiah wrote the entire Bible in a miniature form. What a great thing to see, to understand. 'See' means '*to understand*'. You know that.

And when we are seeing these things, it just thrills our hearts. This has been years, and years, and years in the making. First, like anything, God had to plow up the soil, break up the fallow ground. Then God had to come now after He broke up hearts and bring people into a condition where they just come into humility and surrender themselves under the mighty hand of God. Then inside of the hearts that are open, the Seed, the Words of promise prophesied for this Hour begin to fall. Amen. God, directing the Seed, like the sperm finding the egg, that a uniting can take place. An invisible union to many, but the ones having this experience are understanding there is a change in their life, a transformation begins to take place.

At first, sometimes it kind of shocks you; you are watching your own self going in a direction that your human mind didn't plan to go. Because it's the Unseen Hand (amen) of God guiding His children. And then, they begin to wake up and become sensitized that this is God working in their lives, the invisible God coming down. Amen. When the Spirit of Truth is come, He will make His abode with you. See?

Jesus told them. They were walking with Him in the flesh. But He told them, He said, "Look, I must go so the Comforter could come. If I don't go, It won't be here."

And that's the same way we had the Son of Man in human flesh in this Day. If he didn't go, we would all be sitting there and we would've had endless pictures of the Prophet, we would've had endless things from the tabernacle, every little thing that we could get. But God had to take him off the scene, (amen) because it is not man doing the work, it is God doing the work.

The God Who chose His people in Christ before the foundation of the world; the God Who predestinated who would live in which Age; the God Who came in that Age and quickened them to recognize their Day and their Message; that same God, the unchanging God in the unchanging continuity of His Word, how He does these things that when you look back, it's just God. It's just God Who planned this. It's just God Who chose this. It's just God Who designed the people. It's just God Who put them in the Age He wanted them. It had nothing to do with your father, it had nothing to do with your mother. Amen. It was God, His works were finished before the foundation of the world. Before there was even a Heaven and an earth, and an angel, it was already settled in His mind forever. Hebrews 4, verse 2 [Hebrews 4:3 -Ed.], tells you it was finished quite back there.

Then Paul came and showed us how we were chosen in Christ before the foundation of the world and predestinated unto the adoption, and how the Spirit of Truth came and quickened us when we were dead in

sins and trespasses and began that work of Redemption, of transformation. And here we are, we aren't the creatures we used to be. Amen. "Any man in Christ is a New Creation. Old things are passed away and all things become new."

Are you a New Creation? Do you know you are changed? Do you know your change is irreversible? If you were an ugly caterpillar... You know the story about the caterpillar. God in nature, putting His Bible in nature, like He started in Genesis 1 and 2. That same God brought out further things that He didn't write there; He wrote them in other places in the same Book. But when you look you realize, if that is part of God's creation, then God had all those things in His mind before He even began to create, because the works were finished in God's mind. He was merely bringing forth which portion He wanted in the season He appointed that to.

That's why we couldn't come before our time. You had to have Paul, Irenaeus, Martin, Columba, Luther, Wesley, and we stayed in the thoughts. That's right. Even when He sent the Prophet, many of us, back there, when he went out in 1946, commissioned by God when the Angel came, if you were not born in 1946, you were still in His thoughts unexpressed. When the time came and we were born, then we began to read little books and began to find out there was a Messenger, there was a Prophet, and the time we are living in is the Day of the last Messenger, and the Book is going to be opened, and the Mysteries will be revealed, and the world that is in such darkness, it shall be Light at the Evening Time. Amen. "Arise and shine, thy Light is come and the Glory of the Lord is risen upon you."

When we look back in the Bible, all of these things happened to us, friends. It was Scripture laying in the Book. But when it came and the people who were foreordained, and the time and the season when those

Scriptures were going to be interpreted in the lives of an elected people, that's the reality.

That's why this is not about joining church. That's why it's not, "I'm in the Message." You always hear me say, when people say, "I'm in the Message," I say, "I don't understand what you mean. Explain to me what 'you're in the Message' means." I say, "The Message is Christ."

The Message is not ink on paper. Just like the Bible is not just ink on paper. It's Christ revealed in His Own Word. It is the unveiling of the mighty God. The Book is written to unveil God to a people who were part of God, attributes of God. And that revelation was appointed to a time and season: "In the days when the Seventh Angel begins to sound, the Mystery will be finished." There is no more mystery to be revealed. It's revealed in the hearts of the people. They are now the living manifestation. They are the interpretation of the Word prophesied for this Day. The Word Herself takes the Word Itself, standing on the outside of the Bible, looking back in the Bible, then She steps in, and that Word becomes a reality. And the Word now is a manifested Word in the lives of people.

Somehow people couldn't make that change, the change of the beat. They got caught in religion, Message religion. They got caught in denominationalism. But when that Word came, there was an elected people. The Message was only for an elected people: "He that hath an ear to hear what the Spirit is saying." And the Spirit was speaking through a Prophet. In the days when that Prophet shall begin to sound, the Mystery, the whole Book, It will be finished. Then when we look at the Book, it is no longer a historical Book for us. We begin to see how we were chosen way back in Eternity; how we had to wait until our time and season.

He left us back for the last Age where time and Eternity blend together. He left us back in the last Age, the Rapture Age, when in every Age they had to die to

go to Heaven if they were foreordained to go into Heaven. But there was coming an Age when you wouldn't have to die to go to Heaven. Amen. There are people in this Age; "We who are alive and remain unto the Coming of the Lord." There are people who will not go by the way of the grave. That's right. Moses represented the ones who died and went to a grave. Elijah represented the ones who were translated while they were alive, like Enoch.

So, these things are put in the Bible. They're like stories. But when that Intelligence comes, then God begins to bring that scattered Word through the Bible and put the jigsaw puzzle together and we begin to look and see. Amen. "I have heard by the hearing of my ear but now, (not in the future, now, in the present tense) I see," I understand. 'See' means '*to understand*'. Amen.

Because when you look there, you realize the Word is a mirror. We were seeing through the glass darkly but then the Hour was going to come when we would see face to face, "We shall know as we were foreknown." Oh, my!

What a knowing that is. That takes you back to your origin, then it makes you look forward to your destiny. Because origin always looks forward to destiny.

You heard these things down through the years. Amen. You see, there is nothing new under the sun. It becomes new to you when the Spirit comes to you and begins to open it to you. And He knows the individuals He is giving that to. And that's one in a million. Amen. That's like one in a million; people foreordained. And He put us in this Age, and not in the Ages. He scattered us out all over the earth. That's why the Great Commission is to go into all the world and preach the Gospel and to see the Elect called from all nations, a Bride from all nations and they came marching *Onward, Christian soldiers* as was shown in the vision.

So, that's why it's nothing new to us when we see what we are doing and these things are happening. See?

People think well, you know, “Oh, that is technology, they are transmitting that.” No, no, no. This is what it takes for the short, quick work. That’s why you stand here and you preach to over eighty countries.

We know about traveling, sitting down for twelve hours. Like in New York, in J.F.K. [airport -Ed.] waiting for the evening flight that leaves in the evening and goes straight to India nonstop or goes straight to South Africa nonstop. And we are waiting there. Because when we depart here, we land there in the morning but we don’t leave there until in the night. And to see how it was so difficult; sometimes you sit down there and those airports are packed with people and you are sitting there. But to see how, when the beat changed (amen) and now it is a short, quick work. The work is cut short in righteousness. The days are cut short otherwise no flesh would be saved: Matthew 24.

And when we see these things, we understand, “Oh my, look at this.” Paul used to write a letter, and give it to Phoebe, or give it to one of the brothers who were traveling; they’d go, whether they were going into Laodicea, and they’d carry a letter. He was in prison locked up and he was writing. He knew he couldn’t call anybody and have a conversation. He was locked up in a jail but he had the opportunity there to write. Then in writing... Now, he got thoughts to do that. Because he didn’t go and meet anybody doing that before him. And the Lord started to show him, “You could write it. It could be sent.” It will go slowly, a slow way. Somebody had to get on a boat and travel by sea. You understand?

But in this Day, like that. Like that. This same God, with more predestinated Seed, but in the Day when the whole plan is open. For seven Church Ages, seven messengers and seven groups of overcomers went by the way of the grave. And they are gathered to their people in their theophanies in that Sixth Dimension waiting.

“I want to see Jesus.”

He said, “No, no, no, no. It has time and season for everything up Here too, not just on the earth.” He said, “He will come to you. (You understand?) And so, He’s a little higher up but He will come to you, and you will be judged for what you preached.”

“Judged for what I preached?” He said, “Will Paul be judged?”

He said, “Yes.”

There was a big smile on his face. He said, “If Paul is going in, I am going in because I preached what he preached. I looked at him. I know he was the pattern of every true minister.” And God doesn’t change His pattern; that pattern is still the same today. That’s right. They had characteristics, they were designed for that, they came into the Age designed. Out of millions of sperm, God directs this sperm to that egg to create that body for that soul, that Gene of God to be expressed in flesh, in the earth in their designated season.

And here we are. That is why down through the years I tried to teach you that all this church, and religion, and church things, get your mind away from that. Come up a little higher, John. Watch it from here. Watch it... When you look at God and begin to see what God had in His mind and how God is His Own Interpreter, and to everything there is a time and season for God to do that Work.

That’s why Luther had to come in his time. Wesley had to come in his time. Bro. Branham had to come in his time. Paul came in his time. God had time and season. To every purpose under Heaven is a time and a season.

You see, the whole revelation is knowing God. It is not to make us know the Messenger and know this one and know that one. No, to know God. Because to know Him is Life; to know Him. And you could only know Him because He only makes Himself known to who He chooses to make Himself known to, it is not a general thing. Because if you don’t have the representation, you

could never know Him. The Sadducees and they knew Him by the body, seeing Him, “Oh yes, that is Joseph and Mary’s son; some false prophet, they are calling Him the Messiah. He was born in fornication.” They didn’t know that was Jehovah God, yet they had the scroll and they couldn’t recognize their day.

True Sign Overlooked. [\[1961-1112 A True Sign That’s Overlooked – Ed.\]](#) *God Being Misunderstood.* [\[1961-0723E –Ed.\]](#) *Presence Of God Unrecognized.* [\[1964-0618 –Ed.\]](#) *Who Do You Say This Is?* [\[1964-1227 –Ed.\]](#) *A Greater Than Solomon Is Here. The Super Sign.* [\[1963-1129 –Ed.\]](#) All these things he was speaking and they were not understanding that Language because that Language is not learned in a seminary. And all these ministers who come out of seminary and Bible school, they come out into Satan’s order because God never sent anybody in a Bible school for anything. God comes to them. “The Spirit of Truth will (what?) come to you, make His abode with you, bring back Things to your remembrance, teach you all Things, show you the Things to come.”

It is personal life; you and Christ. Personal. He is not a theory to you. He is not an idea to you. He is not what this one says and what that one thinks. No. It is He, Himself. “The great Jehovah will condescend to me?”

He came to a little boy in the midst of the war, World War I. And all that killing and all that thing was taking place, and a little boy was carrying water for the father’s moonshine whiskey still. And all of a sudden, he was hearing this noise and as he looked in the tree he saw the leaves, and a Voice was coming out of it, saying, “Little boy, do not drink or smoke.” He was seven years old. That was 1916. World War I was from 1914 to 1918. And this boy was born during that time because he is seven years old. And he is in the Bible but he knows nothing that he is in the Bible. But this is God’s time to begin to sensitize him.

That’s why when you are young and you are growing up, you have little strange things in your life and you

can't understand it. You are a little different. Like I asked my mother, "Are you sure you didn't get the wrong baby?"

She started to laugh, "What wrong baby? All my children were born at home; it was a home delivery."

I said, "Maybe you got the wrong baby in the hospital."

She laughed. I sounded like a stupid boy because I was talking to my mother and she knew where she made the baby. And she knew who the midwife was. And she knew it was not in the hospital. I said, "Well, why am I different from my brothers and they?" Because I have brothers and sisters born before me.

So I said, "Why am I different from them?"

She said, "Yes, we all know you are different from them."

We are all born into the world for certain things.

People used to think I liked to travel. Now I'm not traveling at all. Since the end of 2019, the government has my passport, I can't travel anywhere. But think, all that time now I'm not traveling, and in one meeting I could preach to eighty-three countries. I don't have to go and sit down for twelve hours and wait for anything. I don't have to go on a plane and kind of line up, and they get suspicious, and they say, "Open your bag, take this thing out. Go inside there." Give you a strip search and all kinds of different things, humiliate you, and do that... Because they are saying, "Peace and security! We are in an age of terrorism, and anybody could be a terrorist!"

And that's how they manipulate and control the minds of the people. But you can't control the mind of God's children. Because you see, they come from that Mind. We were Eternal attributes in His Mind, in that Eternal Mind. And that Mind is the Book, the Lamb's Book of Life. And our names were there because God thought of us. We were a thought in the Mind of God.

That's right. And then He brought us in time and season.

Isn't that something? Just trying to get myself relaxed in the pulpit a little bit. I came in here, I said all those words and didn't even have a thought of that in my mind. I just knew I'm coming in the pulpit and I have to preach and this and that and the other. And when That comes and comes in like this here, you may say, "Well, oh, he maybe studied that to preach that and..." I just stand here yielding, because that is what the gift is. That is being able to yield to an Unseen Being that nobody is seeing but He is right there.

Because when you begin to think, how could a man with no education, go up in school, drop out of school and all these things, and can speak those things like that without thinking? See, people read the Bible and are looking back in the past but they don't know this is the greatest Day, and this is the greatest group of people. Out of all that came through the Age, these are the ones that have the promise of the Rapture and will be changed in a moment, in the twinkling of an eye in this very Hour to be translated into Heaven without seeing death.

And they underestimate it. Because when they look through things with a theological mind, it is like, "Ah, he is saying that! And he is doing this and..." Because they are living in a world of theology, and this kind of thing does not meet their specifications. But they didn't come here to judge anything. To judge, you have to have the Spirit of God in you to judge if that is the Holy Spirit. And the thing is, you don't judge the Word, it is the Word Who judges you.

That's why Josiah, when they handed him the Book and he began to read it, he tore his clothes and began to weep, he realized the whole nation was under judgment and they didn't know it. But because the Book that was lost was now found and opened up and he

could look into It, he realized the whole nation was moving into judgment.

And when this Seven-Sealed Book opened, we realized we are in the days of Noah again. We are in the days of Sodom again, “As it was in that Day, so it shall be.” That history reproduced itself. We are in the Age of the Omega Bride when the last-day Messenger, Elijah, will come and restore all things in the time of the restoration of all things. And ‘things’ in the Bible are ‘Mystery-truths’. “When the Spirit of Truth comes, He will bring back *things* to your remembrance, He will teach you all *things*, He will show you *things* to come;” ‘*things to come*’ are prophecies. ‘Things’ in the Bible are Mystery-truths. The Holy Ghost will teach you all things, not man. When the Spirit comes, He will bring back the *things* to your remembrance, the things that were spoken by Christ, the One in Him dwelleth the fullness of the Godhead bodily.

Oh, praise the Lord. God bless all the precious saints out there in Peru and Ecuador, where we are confederate, and Mexico, with our beloved brothers.

Bro. Alfredo preached the first service; I didn’t even get to hear it and, you know, by the time I began to get a little close and involved in the second service, I realized the first service had gone and I’m in the midst of the second service and I didn’t know what happened. They gave me a recording, but it was recorded so low you could hardly hear what it was. And then you are talking about I’m getting that in the wee hours of the morning. Then I knew the second day was running out and then I’m going to be standing here to speak at the last service.

But nevertheless, I’m thankful to be able to make myself available as the brothers asked me to take this service, Bro. Felipe the host. And I said, “Okay, I...” Because I don’t have the preacher’s itch. I like fellowship more than preaching. No, seriously. Because fellowship is two fellows in the ship. Preaching is when

you have all kinds of thoughts, all kinds of ideas, all different kinds of people, all different kinds of people sitting down there with all kinds of things in their minds; I don't like that. Some sit like that, some start to watch you a certain way, like 'Where are you getting that from?' But when you have fellowship, two fellows in the same ship, that same Presence is there; what is on you is on them, and you sit, and you talk, and you fellowship.

And in fellowship, it gets intimate. It's called in the Bible also, '*communion*'. While they walked and communed with Him, on the road to Emmaus. They said, "Oh my, did not our hearts burn within us as He spoke with us along the way?" Oh, their hearts were burning, and then they were trying to figure out, "Who is this Man?" But He had their eyes shut so they wouldn't recognize Him; Presence of God unrecognized. But then when He broke the bread in the tavern when they were there, their eyes became open. Oh, my! And the One that was sitting in the chair breaking the bread—Because He had a way He used to break the bread. So when He said, "Let's bow our hearts for a word of prayer," they were getting heartburn all the time, they were trying to figure out, "Is that Him? The women told us that He is risen but He is like, in a different form. He is not looking like fifty years old." See, when He died He was looking like fifty years old. But when He got in the glorified body – He was in the glorified body there, so He wasn't looking like an old man, fifty years. So they were trying to figure Him out. And then when He...

So, they were watching. And when they watched Him, the way He broke the bread, their eyes became open because He had a way He used to break that bread. Because they saw Him break the bread and give it to Peter and them, you see? He had a style about it. Because this was the hand of God and the bread was multiplying there. You understand?

It's something about God and God's ways. The only way to know God, you have to know His ways. You have to understand the characteristics that make Him different. And we know everything by its characteristics. What is the message the Prophet preached? *God Is Identified By His [Own] Characteristics*. [\[1964-0311 -Ed.\]](#) So, when you are talking to people and you say, "That is my real good friend. Do you know how long we have been friends?"

And then they say, "Do you know that person?"

Say, "How do you mean if I know them? That's so and so, they're living here." And you give them an address. "And they went to the same school." And you give them the school.

That is what you know, you know the outside person, you know the house they are living in. But when you break into the realm where you begin now to know this person on the inside, that's personal, that's more Divine. That is where it brings connection between people because it is something that they feel that they are a part of this mystical Body, they are a part of the Family of God. They are seeing Family characteristics, they are seeing Family resemblance.

They say, "Wait, so and so is your father?"

He said, "Yes."

They said, "He preaches the Seventh Seal, right?"

He said, "Yes."

They said, "He talks about seeing your name in the Book."

He said, "Yes."

So, they know that family because those things reveal their identity. It gives them identification. How many times did Bro. Branham preach *Identification? God Is Identified By His [Own] Characteristics*. See?

You see, it's Language. People had the books for years, but they never understood that this man speaks in a certain Language because he has a certain makeup,

and that what he is saying is coming from a certain Source. It doesn't originate in him. He is a channel...

You see it's like, you see the lights on. Now it's because there are bulbs in there, but the light doesn't originate in the bulb. That bulb could be as good as it is, if it is not connected to the power source where the electricity is... And that electricity is an unseen power. And that is conducted not by clothesline wire, that can't conduct that. It is a certain type of wiring to cause that to move and travel. And then when it comes there you see the light in the bulb. See? The bulb didn't manufacture that. No. That is just going through the bulb and the bulb has components for that electricity. And that electricity is like the unseen power; it is the Holy Spirit. You know that?

Well, sorry, I'm not really a Sunday school teacher. I don't teach elementary school. We are ascending into a higher order; quickened and raised up into Heavenly places, and that's (what?) the believer's position in Christ.

Well, for them to have a position in Christ, they had to be first chosen in Christ, because it is the Christ Who comes down to quicken them. Because He is the Quickening Power Himself. And He put the Gene in them that when that Life in Him strikes that Gene in them, it comes to life and there is a connection that cannot be broken. Nobody can... "What shall separate us from the love of God that's in Christ Jesus?" Nothing could separate! "What God has joined together, let no man put asunder."

You see, the Word is a world. It's a world you have to be in for this, not a building. It's a world you have to be in for this, where you are connected, Divinely connected. "As many as are led by the Spirit of God, they are the sons of God."

That's why you must have discernment to discern the spirit in one another. That discernment will identify what kind of spirit that is, because that spirit when it

manifests itself, it will show its characteristics, what kind of spirit it is. You understand?

Oh, Jesus. I'm just making some comments here. I haven't even gotten to the preaching... I may not even get there. But you see, the thing is, like I said, I like fellowship. You see when I start to talk to some of you here and see you, see the Word just get crystallized, see the Word get clear, see the Light in the Word begin to come out. Because it's Christ being revealed in His Own Word. It's Jesus! See?

And Satan is so shrewd, he takes this, puts it somewhere in the back somewhere and takes you now and puts you in Message, and then brings you into opinions and ideas of people that don't match the Scripture. And though it may sound good, if you don't have the tools to test it, to see the origin of that... Because it must start in Genesis. Any Truth must start in Genesis and go through the Book and end in Revelation. That's the kind of Book it is. If it drops somewhere and breaks off, no, it's no sense. It comes like you having the Old Testament and saying, "I have the Old Testament here, I have the Bible, this is God's Word." And when you are reading It, you are reading the law of Moses and you are reading this and that and you are reading old things in the past, and don't realize that Word became Flesh, "Lo, I come in the volume of the Book. It is written of Me."

There it goes again, you see. I don't know where it comes from.

Then you see that One came down there, He was the Word Himself and when they handed Him the Book, He took the Book Itself and began to reveal Himself in Itself. He was standing outside of the Bible, looking back in the Bible, seeing the prophecy concerning Himself, stepped into the Bible, and the Word and the Person came together, and that Word began to come alive and operate and identify 'Who do you say that is?' That's God's way.

When you miss that, you get locked up in some kind of human-people thinking. But when you walk close with God and you love God...

You see, the thing is to get into God's place where He would unveil Himself to you. You see, God is a gentleman. God doesn't unveil Himself to every and anybody. God will unveil Himself to His Wife, His Bride. Because the Bride came from Him; She is part of the Bridegroom. God took part of Adam to make Eve. That was a mystery of Christ and the Church. She had the potentials locked up inside of Her, but God had time and season to bring it out and then bring the union, and then you see the Head and the Body are no longer twain, they are one. It is the same way because Christ and the Bride is a mystery of He and His Church.

So, I trust that you feel relaxed by now and you feel—and all the flues blew out and now you are kind of... Trust that you have been enjoying your fellowship with the Lord, walking close with Him and trying to stay under His Divine influence, retaining the Word of God in your knowledge and becoming sensitive that all hell is against this Truth. And if this Truth is in you then the devil is going to know you very quickly, because you can't hide It. There is a light coming out of you, there is a glow coming out of you, that the normal person in the world doesn't have because they are not temples of the living God, they don't have the New Birth. He only is in somebody by the New Birth.

You see, you didn't join your family, you were born into your family. If you are calling the man, "Father," and they say, "Is that your daddy?"

You say, "No, we just call him daddy."

Say, "So, he is not your father? You don't have any connection?"

Because a man's family is in the man's loins. A man's family, his sperm that is in his loins, as he gives expression to those genes in him and that fall into the

womb of the mother because she is part of him, they are one, no longer twain; Christ and His Church.

And so, that life there when that is quickened in the hearts of the true sons and daughters of God, there is a reality to that, there is a resident power. And that power, "There is no prevailing power as the revelation of the Word." That power is to overcome things that are negative and that try to come at you. That power of Divine revelation, "Upon this rock I will build my Church and the gates of hell shall not prevail against It." It can't, because the Word is God. And God came in seed form as the Word. That's right. That is why you are born again by the incorruptible Seed, the Word of God that abides forever, "Being born again not of corruptible seed but of the incorruptible seed."

It is amazing how sometimes I feel so tired, and my mind, I can't even remember sometimes and then I stand up here and it is coming faster than I could think. And as I always say, watch that; that doesn't leave the Bible. I say, "You listen to me closely, whatever Spirit in me that talks there, that is always Bible and Message, Bible and Message," since I know myself and know that there was a Prophet and there was a Message from that time to this time, that is from 1973 to this time. And I didn't put it in there. My father and mother didn't put it in there. They made this; father and mother produced this piece of dust. But the inside, father and mother, natural father and mother had nothing to do with that. Because if they don't have that from the same One, then it is like we are just joined by flesh. But when the Word is in you and the Word is in the next person, then Life connects with Life. Outside of that, sin connects with sin. The Word connects with the Word. Amen? Beautiful, beautiful.

So, let's pray. Join with me for a word of prayer, just bow your hearts. Beloved Jesus, we are grateful for Your nearness, Your Presence. Who are we, dear God, seeing the family we were born through, growing up, Lord, in

the world and in sin. But, dear God, in Your great sovereign purpose, we knew there was something in us searching for Life and desiring to know Who this God is. Nobody could tell us where He lived, nobody could tell us how to make contact with Him, but You being the great Shepherd of the sheep and knowing, dear God, that You have sheep and You call the sheep by name and Your sheep hear Your Voice because it is something You planned before the foundation of the world. How You come, Lord, You came to us; when we could not come to You, You came to us, You found us, dear God, and You began to make Yourself known to us.

Oh God, when Gabriel came to Mary, she saw an Angel, she didn't even know who the Angel was but it was one of Your manifestations, Father, those Seven Spirits, oh God. And here You came in that form and You began to tell her who she is and You began to refer to the Scripture in the Bible and she began to realize she was Isaiah 7:14. And she was going to bring forth that Son spoken of in Isaiah 9:6. And, dear God, when she conceived this and realized that Life was now resident in her, not life coming through some union with Joseph, that the Pharisees and Sadducees tried to make it some illegitimate thing. But, oh God, even Joseph himself couldn't understand it.

And so, these things are so complicated that so many, Lord, get confused. But, Father, when we can just drop all our thinking, submit ourselves to You, and recognize that we are nothing without You; we don't even know what tomorrow holds. But when we come to know You, and we know You are the Author and Finisher of our faith, and it is not within man to direct his own steps, but You are the Guide, You are the Leader, You direct our steps, dear God, according to Your will and the purpose You put us on the earth for, and we begin to understand these things, Lord, how it makes life different where we can live and look, Lord, from such a perspective to see the working of the Unseen One, the

Holy Spirit, You the great Jehovah God, Elohim, Who came down and became Melchisedec and began to create and then came down into human flesh and became Jesus and the fullness of the Godhead bodily was in Him. And He looked like a little man, just walking there, looking weak and tired when He was sleeping in the boat. But when He stood up and said, "Peace be still," and those mighty, big waves and all these things stopped, when He came walking on the water in the fourth watch, It showed that this was more than a man, this was the very Creator, Who created the water, Who created the winds, Who has all power that the winds and the waves obey Him.

And so it is, we in our own way, in our own experience, Lord, all Your children, Lord, You make Yourself known to us in ways that we don't have to change the way You made us up, You made us up to fit, Lord, into such a place where You can be connected with us and we connected with You that we can be guided and influenced and led by Your Holy Spirit because, Lord, You said how the Spirit of Truth Who leads us and guides us, Who directs our path, it is not within man to direct his own steps, but the footsteps of a good man and a good woman are ordered of the Lord.

And so, order my steps today in Your Word. Oh God, the few things that we were looking at and desire to bring to the people, believing it comes from You, Lord God, You know just how much, Father. And, Lord, if it is just to make a few more comments and close this part of the service, it would be sufficient, I believe, because so much has been said here already in simplicity that, Lord, if the person has the Holy Spirit sitting and hearing this, Lord God, there is something that would be moving inside of them to see the clarity of that Word, a Lamp to our feet and a Light unto our pathway, to see Christ being revealed in His Own Word to us.

So, may You have Your blessed way. You know the needs of each and every one of Your children. No doubt

many of them have things in their hearts and their minds that they are holding before You, coming through the meetings, dear God. Lord, and all Your ministering servants, Lord, that are represented with the people, in their different countries, Lord, where these things are transmitted, Lord, truly this is the Invisible Union of You and Your people. This is the people, dear God, that You bring from all these nations, coming *Onward, Christian soldiers*, in their national dress, as was shown in the vision, when You showed it to Your Prophet, dear God.

And, Lord God, how it just shows that You can give witness to these things. It's one thing to read it in a Message book but it's another thing to experience that reality in our everyday life with others in different parts of the world and realize, dear God, it is a Truth, it is real. Because sometimes, we only know the people in our family, in our neighborhood, or in our group where we would gather for a religious service or something. But, Lord, when we can begin to realize that the Family of God is far greater than that and they all have that representation, the Gene of God that connects them together because they are part of one Whole and You are that Whole. We all were together at one time in Your Eternal thoughts and when You expressed us, You brought us different, we didn't have a choice. You didn't give us a choice whether we wanted to be black or white or yellow or brown, or which country we wanted to be born in, or which race we wanted to be, or whether we were going to be male or female. You didn't give us any choice, You planned these things.

And the reason You didn't give us any choice was because You had a purpose, dear God, that when You begin to reveal Your purpose it is something intimate between You and Your children that, Lord, the other people wouldn't even know, dear God. And then You begin to see how You connect one with the other and there is a faith that pulsates within them because they

were in the same Loins, they came from the very same God, the very same Creator. And, Lord God, they were expressed in this Day, in this last Day when the Bride Church is being restored and begin to recognize that these Mystery-truths have come to them. So let it be, Father.

We thank You and we praise You. And I pray that those who are holding a prayer in their heart, a desire that they have before You, while Your Presence is so close, so near, and we are being overshadowed, Lord, with this unction that comes from You, oh, Spirit of God move, write Your Word in every heart, dear God. Give to each one what they have need of, Father.

I pray in the Almighty Name of Jesus Christ, that You the great mighty Conqueror, Who conquered death, hell, and the grave and has the keys of death and hell, and You are alive forevermore, Lord God, You can break the Seals on the Book of our own life and begin to introduce us to our true self that we can recognize what part of the Scripture we are, what part is being fulfilled, what anointing, this eagle anointing that has come down upon these to quicken them and to take them far above the clapping of hands, far above the rhythm of the music, far above the joy of the saints and bring them into this great gathering of the Bride, oh God, this mystical Body, this glorious Church without spot, without wrinkle. May You grant it, dear God.

Now may You help Your servant, dear God. Lead me and direct me. And, dear God, just give me the nudge when I should close, because I want to be obedient to You, to the Heavenly vision as You would give It and transmit It, dear God.

And may You bless Your ministering servants, our beloved Bro. Ever and Bro. Felipe and all the other ministers there. Lord God, I was telling somebody how they are from ancient civilization. In Peru were the Incas, and in Mexico were the Aztecs and these things. And, Lord, to see how we have these minister brothers

in different places, Lord, growing up in Catholic countries, oh God, and yet You preserved them, You put a repellent upon them that they wouldn't absorb all the Roman Catholicism. But when the Message of the Hour came, like with Lydia, You opened their hearts to attend unto the things the Prophet Messenger spoke in these last days. And Lord, how that germitized Seed, Lord God, conception took place within them and that Life of Christ, oh God, not the body, the Life, the Gene of God, Lord, began to be awakened and quickened, and a faith began to move within them.

And Lord God, we are so grateful to have this understanding, this realization that, Lord, You could have given this to anybody but, Lord God, You took a humble people. Lord, some of us don't even have education and these things, yet, dear God, You came and You took great things that learned theologians for hundreds of years tried to figure out and You made it so simple when You spoke through Your Prophet, oh God. Father, You truly know how to do these things and we thank You that You work in mysterious ways, Your wonders to perform.

Get honor and glory today and bless Your people and let that Rain fall. Oh, that former and latter Rain, let It fall and fill up each and everyone, Lord, overflowing, oh God, filling up our cups that we could begin to drink from the saucer afterwards when the cup begins to overflow. Take full and complete control, dear God.

We thank You for how we see the young people especially, Lord, how they are so enthused, and they gather from different places and there is a harmony and a love and a unity. Lord, there is something about children that is so different to grown-ups. Grown-ups get so political, they get so self-secure and self-centered and want to examine everybody, Lord God, that they are looking for some fault or something. But, Lord, when we see the children, they just know that there is something that is common amongst them, and there is a joy, and

they are happy, and they could just interact with each other.

And we have seen that. And that stood out to me, Lord, to see how they are speaking in different tongues, but yet there is a joy and a fellowship, and they are learning each other's tongue and these things. And the real Tongue, the real Language, Lord, this prophetic Language, this Language that is unknown to people who don't have the New Birth, Lord, this Language of the Family in Heaven and earth that is named after the Lord Jesus Christ.

We are thankful to see this, Lord, coming out of Your children and the love that they show and the consideration and the kindness. Oh God, Lord, they are not sitting there to look for a fault or look for something. And the Love of God just washes everything that is not of You away and brings Your people, Lord, because faith works by Love, and when they can speak the Truth in Love with each other and You Who is Love Yourself, the very One that is Love, the Headstone come down amongst them, Lord, there is something sweet that they know and are sensitive to Your Presence. Blessed be Your Name.

May the last few remaining minutes of today, Lord, and what words will be spoken, Lord, You know what is sufficient and You know what should be said, Lord, because, Father, You know I don't have that preacher's itch. Whatever You want to say, if it's ten, fifteen minutes, Lord, You can just say it, because it is only what You intend for Your children that will stay with them. Oh God, they might hear a lot of things but to retain it is something different. It takes You to—because You are the One Who writes the laws in their hearts and in their mind. And You said no man will have to say know the Lord, because we all would know You.

And this is the real objective. We want to know You. Because to hear about You is one thing but to know You is Life Eternal. And that's what we desire, to know You

in a true relationship. You are our Father. You are the Progenitor of us. We came from Your Loins, we existed there. Oh God, You are the One Who broke the Seals, You are the One Who wrote the book of our life, oh God. You are the One Who planned our life, our earthly journey. And from our pre-existence, now in our earthly journey but heading to our Eternal destination, oh God, we are so grateful that You are the Author and Finisher of our faith.

We thank You, Father, in the Almighty Name of Jesus Christ. Amen.

Praise the Lord. I want to read out of Ecclesiastes. We want to stand and just read two verses there and you could have your seat after. Ecclesiastes 1, verse 9.

⁹ The thing that hath been, it is that which shall be;

See, 'hath been' is past tense, 'shall be' is future tense. So, he's talking about the Thing, and I explained to you just now that 'Things' means 'Mystery-truths'. See?

... and that which is done is that which shall be done: and there is no new thing under the sun.

¹⁰ Is there any thing whereof it may be said, See, this is new? it hath been already of old time, which was before us.

See, you only know from when you came in the earth; you don't know what was before. You might read about it, but that is the lives of people. And you know a name and you remember this one's named John and this one's named Elijah, this one's named Moses but you don't know them; you never talked with them. You understand? So you just have a word of somebody, and then mothers and fathers take some of those names and they name their children that they give birth to. But when those children are born, they don't have the characteristics of those people. You understand?

So, that's why, when you read the Scripture like this, there is so much in there, that one, two verses there are so pregnated with truth; truth that it takes the Holy Ghost to teach you. Literacy, anybody can read that. Any five-year, six-year-old who learned to read, seven years, eight-year-old can read that, but to understand that, where does it apply, where does it fit, what does it mean, (see?) that's a different thing.

May the Lord bless the reading of His Word, you may have your seat. I want to go now to Ecclesiastes 3, verse 1. We were talking about the thing that hath been and the thing that shall be. Now, It says here, verse 1, Ecclesiastes 3:1:

*¹ To every thing [see?] there is a season,
and a time to every purpose under the
heaven:*

Under Heaven means on earth. See?

*¹⁴ I know that, whatsoever God doeth, it
shall be for ever:*

You see, God is infinite. He is not learning, so when God says something, that is forever. God didn't say, "You know, I got a new thought about that. I see it from a different angle now." No, that is you and I. God doesn't have that. When God... What is a word? A thought expressed. And the infinite Mind Who thought this whole universe, every tree, every bird, every fish, every human being, Who made each one different, Who knows how many grains of hair are on everybody's head, this One, He cannot learn anything because He knows all things.

So the wise man was saying:

*¹⁴ I know that, whatsoever God doeth, it
shall be for ever: nothing can be put to it, nor
any thing taken from it:*

And you know that is today. People like to cut, take away this, add in their piece, put this here, and when you go now, those things are leading you away from the Scripture, away from the thoughts of God because now,

human thoughts are being injected into the Word, which is God's thoughts. See, once God writes those thoughts there, Heaven and earth shall pass away but not one jot or one tittle can fail. It can't fail because all Scriptures are given by the inspiration of God. So that means, when God expressed that and It became Word, those thoughts became Word, we can't add to that. And the Bible says, if any man adds to the Word or takes away from the Word, his name shall be taken away from the Book and all the plagues would be added to him because this Word is God. Christ is revealed in His Own Word. "In the beginning was the Word, and the Word was with God, and the Word was God." So, this is God's Word here. It wouldn't be in the Bible if it wasn't God's Word. God communicated this Word to prophets, to wise men, to psalmists. He communicated His Word. But each one of them was not doing this out of their own imagination, their own thinking; it was God's thoughts being transmitted to people who have representation in God. Do you understand? That's why...

Everybody likes to work for God. They want to work for God. Nobody works for God. Nobody could work for God. The picture in the Bible is God coming in you, Christ coming in you, walking in your feet, working with your hands, thinking with your mind, believing with your heart, working with your hands – this God Who comes into you. Man is the temple of God. And God, in the earth here, which is a physical world and a temporal world too, God condescends into people. That's why, the only way they could've served God or be used by God, they had to receive the New Birth. Except a man be born of water and Spirit, he can't know the Kingdom, he can't see It; he can't understand It. It takes the New Birth; it takes the operation of God coming into your life. And the Teacher is not an outside teacher; the Teacher is on the inside teaching you. That's God's program. That's God's plan. That's how God set up His Kingdom.

The first Doctrine that Jesus preached, John 2, to Nicodemus, a man with such high rank, a man in the Sanhedrin, a learned man, and all of these different things, and He said, “Marvel not, Nicodemus, but you, a big, high man in the Sanhedrin, everybody bows with respect when you pass, every man comes to you to seek your wise counsel and get something from you,” He said, “you must be born again.”

And he said, “How do You mean ‘born again’? Go back into my mother’s womb and be born again like a baby?”

And Jesus said, “Art thou a teacher in Israel?” Look at the kind of teachers Israel had. Look at the kind of teachers that were raised up to big rank and file. And Jesus now, God in the flesh was saying, “Art thou a teacher and you don’t know this? What do you teach then?”

Now, when we take that same thing and run that through the Message, you are going to understand why we have one Message and a thousand interpretations, just like we have one Bible and a thousand denominations. Do you understand? Because God is not dealing with human beings; God is dealing with human beings that are born again and are in Christ, because in Christ, a man or a woman is a New Creation. And there is only one way to come into Christ: justification, sanctification, the New Birth. By one Spirit, you are baptized into the Body of Christ; you are sealed unto the day of your full Redemption.

That has nothing about church joining, that has nothing with how you think the church should be. Who is some human being to come and say what they think church should be? ‘Church’ in the Bible, the word is ‘ecclesia’; that means ‘*the called-out ones*’. “Come out of her, My people! Be ye separate!” God calls a people to separation. That is why He separated Israel from Egypt; brought them through the Red Sea, water baptism; brought them through the wilderness, sanctification; taking Egypt out of them. After they came out of Egypt,

taking Egypt out of them, ordained experiences to break them; break the vessel and make it over. And look at how many got disinherited. Out of that, only two: Joshua and Caleb. All of the rest died and then God carried a new generation into the land.

You see, God doesn't... Man may find, "I find this is so. I find God shouldn't have done that." This is the audacity of people who exalt their knowledge above God. And from the time you see a person talking like that, you know that they don't know the God of the Bible. God is a word, G-O-D, that anybody can see it written, who has a little knowledge of reading and say, "God."

Somebody says, "Who is God?"

You say, "There are all kinds of gods." If someone were to ask you that, a wise person would say, "Which god do you mean?" Because there are many gods. The Baptists have a god, Jehovah's Witnesses have a god, Seventh-day Adventists have a god, Hindus have a god, Muslims have a god, Bahá'ís have a god; everybody has a god. The word 'god' means '*object of worship*', whether it is an idol—some have an idol god. But the real God, God is the Eternal Spirit. He comes to dwell in people that He foreordained to be a temple. See? "I will dwell in you."

Remember when they built the house and Solomon said... They built this great, mighty thing, and God said, "What house will you build Me?" He said, "What is the temple of My rest? What house will you build Me?" He said, "The Most High doesn't dwell in tabernacles made with human hands. You made this, I come down in it, but this isn't Me. It is you all who made that. That isn't My place." Do you understand? Then Paul came and said, "Know you not that you are the temple of the living God?" "I will dwell in you, I will walk in you." God walking in your feet, speaking through your lips, thinking with your mind, believing with your heart, working with your hands. God having the pre-eminence, the oversight, and the leading in you.

When we look today and we see so much confusion, so much misdirection, so much of these things, you realize that the enemy, Satan, and those two hundred million devils, they already know who their enemy is. Their enemy is the Bride of Jesus Christ, the ones who the Evening Light has come to. They know that because Satan reads; he knows the Bible. That is why there could be a thousand denominations and there is only one Bible, yet, everybody is going in the ecumenical move. But the thing is, though they can read the Bible, they can't reveal It. They can put a carnal interpretation to It and go into sin, but it takes the Spirit of Truth to open what the Spirit of Truth sealed. What the Spirit of Truth sealed, human beings cannot open it.

And that's why it comes down in this Hour where you see that there are few that are really understanding with their... And to understand now, when I say to understand, I don't mean, as I said, just like literacy and that kind of understanding; that has the mind of Christ. "Let the mind which was in Christ Jesus be in you," then there would be nothing in your mind conflicting with what God says. When you see it in the Bible, "I believe it. God said it; that settles it. If God wrote that, Heaven and earth will pass away; that can't pass away. God will bring It to pass." Because we are talking about the one true and living God Who is the Word Himself. This is just a printed form.

And we are coming to know Him by His ways because the Book is written in such a way that we can see how He thinks, why He chooses to do it that way and not another way. What an intellectual man, and an intellectual approach they might take, God doesn't take that approach; God uses another way. How could He use a man like Amos who couldn't even read and write? He was following the cattle and all these things in the field. He was a man of the pasture and the animal life and all these things, and he was coming as a prophet and standing there and speaking to the king, and

speaking to the learned people and different things, and condemning them and telling them that God was going to judge the place and these things – in the Book of Amos.

So, when we look at these things, you realize now, here we are in 2024; the world is what is called civilized. The Prophet said, we have more universities than they ever had in any other Age. We have many more seats of learning. Look at the kind of travel that they have. Man's traveling and they are going to the moon. Man's traveling in big jets and everything; going there so fast. The world is so transformed. When you see the kind of buildings that man can make and the architectural science, how they can grasp all of this. And then we come to find out that this is an Eden that is built, but this Eden is not God's Eden. This scientific Eden, this civilization and science, this is Lucifer who did this. Because when you go back in Genesis 4, you will find out that Cain, when he went out of the Presence of God, he began to work with minerals, he began to make instruments. Where was this knowledge coming from? In the garden of Eden, he had no harp, he had no flute; he had none of this. How was he going to find the material? Was he an archaeologist? Was he some scientific person who can go there and... He was receiving extra-terrestrial knowledge. He wasn't getting that from some earthly man on the earth. That angel who went, that fallen angel, Lucifer, who went into the serpent because he saw and understood that the serpent was a species—and there was only one. He was the link between the animal kingdom and the human race, and he had this knowledge of what the earth is and what man is.

He saw God's Eden and said, "I will be like God. I will be worshiped like God." He wants to be like God. He can't create, so why do you want to go into that class? You have no creative power inside of you. He can pervert what God creates, but he can't create; he manufactures.

To manufacture is to take the materials that God put in the earth and taking it now, and manipulating those things, and using them to make a motorcar, to make a plane, or to make a submarine, (see?) to make weapons to go and fight war and kill and these things. He is using it in these ways. But God...

None of this civilization is going to be in the Millennium. All is gone before the Millennium. In the Millennium we'll come back and the lion will lay down with the lamb, and the bear will be gentle, and the wolf will be tame, and there will be peace in the valley for me someday. Because that's how it was when Adam walked. All the creatures there, they all knew that he was God of the earth. He had dominion over every fish, every fowl of the air, and every beast of the field. When he spoke, everything stopped. He spoke to the wind, it stopped. He was a little one. Because 'Jehovah' means *I have made a little one like Myself*. So when God made a little one like Himself, here we see this.

Now, I'm speaking on **"THE ROMANIZATION OF THE UNITED STATES OF AMERICA"**. That is the thought that I have: THE ROMANIZATION OF THE UNITED STATES OF AMERICA. Everything about America right now is Roman: the Roman power, the Jezebel influence. She is the one on the throne. She is the one who has control of the nation. She is the one who took down all of the things in the schools. She is the one who raised up all of the transgender and the pedophilia and all of these things here. That's right! She is the one who changed the laws and she is the one who brought the transgender and man marrying man, and woman marrying woman. She is the one. Why? Because Satan is working through that system. Satan is working through her to bring these things to pass. She is the enticer. She is the seducer. She is the one who is controlling the Senate and the Congress and all of these things.

You say, “Is that so, Bro. Vin? How can you say that?” Yes, I say that because I read the Bible. If you are doubting that, you don’t read your Bible. Because the thing is, if you read your Bible—or maybe you don’t understand what you are reading. Because if you understand what you are reading, you’ll go in the Bible, you will start to see—you will find it in the Old Testament first and then come in the New Testament. And what was shadow, is now substance because that’s how the Book is. And that is why, when people who go on literacy and who have their dictionary and they go in there and they... All of that is good too, but the thing is, to really know the Bible, you must know shadow and substance. That is the key. That is the key to unlocking it.

That’s why, when they told the Prophet, “You are sent to pray for the sick. You are not sent to teach. You come, trying to teach and you are mixing up the Scripture.” There isn’t a man upon the earth in this generation who knows the Word like him and can preach the Word like him. They have the Book of Revelation for two thousand years and they can’t touch it. They come with all kinds of... Denominations are only preaching prosperity gospels, preaching other things here, but when this man came with no education... And you go back in the Book of Revelation and see that John was bowing himself down to a Prophet. And he said, “Don’t do that. I’m of thy fellowservants, and brethren the prophets.” It was a Prophet revealing things to John. And John is the one who ate the Book. John is the type of the Bride who was caught up in Chapter 4 into the Third Heaven, a type of the Rapture of the Church. John is the eagle in the Eagle Age. But this man was the real eagle because this eagle was teaching John, a type of the Church, the Mystery-truths. Oh, thank You, Lord.

So, Ecclesiastes 3, verse 1:

¹ To every thing there is a season, and a time to every purpose under the heaven:

Verse 14:

¹⁴ I know that, whatsoever God doeth, it shall be for ever:

I know. Not ‘I’m supposing’, not ‘I have a theory’; I know. This is Solomon writing here, the wisest man who was on the earth at that time to whom God gave these things to.

... it shall be for ever: nothing can be put to it, nor any thing taken from it:

That is how the Book closed at the end. You can’t add and you can’t take away – in Revelation 22:18 and 19.

... and God doeth it, that men should fear before him.

So, notice something. When the infinite, omniscient God does anything for the first time, it is perfect and cannot be improved upon because God has never learned anything. When a person is learning, they are going step by step and they have to have a teacher teaching them. Do you understand? And anybody who is just learning without a knowledge of what they are reading, they will not be able to give the meaning and the sense to what it is. But since it is the Holy Spirit, it is God’s Words we are reading, not Solomon’s words, he was the instrument; not Isaiah’s words, he was the instrument... Men of old were moved by the Holy Ghost to (do what?) write the Word. “All Scripture is given by (what?) the inspiration of God.” It has nothing to do with human beings. Man was the instrument: *Pick Up Your Pen And Write – Word and the Bride* [Excerpt from An Exposition of the Seven Church Ages (Chapter 5 – The Pergamean Church Age) –Ed.] and all of these things. Even in this Day, the same God said, “Pick up your pen and write.” So that’s how those things are.

You see, that is why in reading the Word of God, you have to get your heart and mind open, and while you are reading, you have a prayer in your heart, “Lord, teach me this.” Because you are already conscious that your human mind cannot know this Word or interpret

this Word; nobody's human mind can, because it is a mystery. Do you think that you read that there and you only know those three verses, but those three verses tie with things in Genesis, tie with things in Proverbs, that ties with things in Revelation, that ties with—and then, all you do is, you just see the two things in front of you there but that is a thread: “Line upon line, precept upon precept, here a little and there a little,” and so that Word is coming down through the Book. That's why He said, “Not even a jot or a tittle...” That's a punctuation mark. A jot or a tittle, He said, not even that could fail.

So what do we have here? This is the Urim and Thummim. Any man comes with any teaching and this doesn't light up, and he can't bring this from Genesis to Revelation, he is wasting time. He is just caught up in his own imagination and his own idea and is trying to do something there. No. This Word is God. “In the beginning was the Word, and the Word was with God, and the Word was God.” Then God now, created a Body called Jesus. That didn't come by sex. God created this Body, sperm and egg. It wasn't Joseph's sperm and it wasn't Mary's egg. God created both sperm and egg because Jesus's Blood wasn't Jewish blood or Gentile blood; neither. This was a new Blood; Blood of the New Creation. In this Blood has Eternal Life because the life is in the blood. Human sperm has human life. That is subject to sin, sickness, death and these things, but this Eternal Life, which is God's Own Life, that is something different.

Could you understand so far? I hope you are seeing. I mean, you heard these things over and over, but it is good to maybe recap some of this. This is a little background for me for where I am getting, because I told you that I'm speaking on THE ROMANIZATION OF THE UNITED STATES.

What is happening in the world right now, if you are a real Message believer and you have the Spirit... Now, if you don't have the Spirit... When I talk about having

the Spirit, I mean, that which gives New Birth, because the rain falls on the just and the unjust. The same rain that brings up the tomatoes and the vegetables and the cucumbers and these things, it is the same rain that brings up the weeds. The rain is just falling, so it depends on... The rain doesn't make the seed tomatoes, you know; the rain only manifests the life in the seed. So that is why, when the Holy Ghost comes down on somebody and they have that Gene of God, it will quicken that Gene of God. Because the teaching of the Word is like former rain – a teaching rain it is called. The latter rain is the showers now, after the teaching rain started to bring it up and it's like a tender plant, then this now, brings it to maturity – the latter rain. See? And these two rains produce the crop.

It takes two rains to produce the wheat. The wheat does not come with one shower. And the Bride is represented by the wheat, and the evil ones are represented by the tares. And that's why Jesus said, many would come in the last days and say, "Lord didn't we cast out devils in Your Name? Didn't we heal the sick?"

He said, "Depart from Me, you workers of iniquity, I never knew you."

Do you get that? Why? Because they don't have that life in them. So, the tree is known by the fruit. And if that fruit is not the Life of Christ, if those fruits are not the nine fruits of the Spirit, then that's thorns and thistles; that's something that didn't originate in God. Amen.

Isn't it great to have the Holy Ghost? Isn't it great to know that you have the New Birth? Doesn't that bring peace and assurance? Doesn't that give confidence? Because there is no prevailing power as the revelation of the Word. Do you mean to say... When you hear the Word and say, "I'm getting it, you know. I think that I'm getting ahold of It," pray; say, "Lord, open It clearer to me. I don't just want to see it; I want to see it for myself,

personalized; that Your Truth will reveal Your will to me. And when I know Your will, I will find my place in Your economy and then I can come in full submission so that You can work Your will through me as a member of the Body so that the Body can be fitly joined and compacted together by the measure..." And He determines what measure each person has. Everybody doesn't have the same measure. You get your measure according to the work that you are called unto and where you fit in the plan. And nobody feels jealous of anybody. Do you think the finger gets jealous and says, "I should have been an eye instead. What am I doing here?" No, everyone has their place. Because wherever the Body goes, and Christ is the Head of that Body, they are there. Do you understand?

The eye has a seeing faculty; the hand doesn't have any seeing faculty, the feet doesn't have any seeing faculty. But if the eye can stay here and see something way up the road and say, "That is the thing that I am looking for," and it cannot get from here to there... They are seeing it with the eyes but the feet are paralyzed, it has no life there. You want somebody now, to lift you up now and carry you. You say, "No, I saw it. It's up there." Well, the body is not a body where the feet are not working and the hand isn't working, but the eyes are seeing. No, no, no. Every member in the Body... "And God has set in the church," so God has set individuals who represent certain parts of the Body, because the natural body is symbolic of the Spiritual Body. You have a head; Christ is the Head. You have eyes; eye is prophetic. What good is light if you don't have any eyes? Do you understand?

Like the man who's looking in the grass, somewhere. They say, "What are you looking there for, boy?"

He said, "I had twenty-five cents in my pocket and I lost it so I'm looking here for it."

They said, "Where were you when you lost it?"

He said, "Up the hill."

“So why are you looking here for it then?”

He said, “Well, down here has a light.”

You see? You have to be able... ‘See’ means ‘to understand’, and that’s why you get close to the Word. Get under the Word. “I will open up my heart.” See? And Thy Word have I hid, where? In my foot? In my heart. And from the abundance of the heart, the mouth speaketh because God has put His thoughts in you. And then God gave you a mouth, a tongue for utterance that that which He made real in you, now can be uttered and it can be imparted. Because while it is in your heart, it is hidden there. It’s a secret, it’s a fellowship between you and God.

You see, these are the things in the life. When you miss these things in the life, you go to church on Sunday, you go to church on Wednesday, you go to church on Friday. “I’m going to church on Sunday. Yes, church service here. I’m going to church,” and you are not learning anything, and you are not hearing anything, and you are not growing an inch. No, faith does not come by going to church. Faith comes by hearing, and hearing means to understand the Word of God, and it takes the Spirit of God to reveal the Word of God because the human mind cannot reveal the Word of God.

So, if a person has to have faith and that comes by hearing, understanding, then they have to have something in them to understand, something to bring illumination. And what brings that is the Holy Spirit. And then the Holy Spirit, He does not dwell in animals; He dwells in redeemed men. He does not even dwell in man and woman just like that; He dwells in redeemed man and redeemed woman. He does not come in an unbeliever, a sinner, or some prostitute to live in and want to work through them. No. He breaks the vessel, makes it over, cleans it up, sanctified, fit for the Master’s use, and then prepared unto every good work. This is God. A human being is a vessel. There are

vessels of wrath fitted for destruction and there are vessels of honor that God's Name is honored.

People look and say, "You've been an influence in my life. You have been an influence in my life."

You say, "I? We never fellowshiped much."

They said, "No, I read your book. You are a living, walking book. You are a living epistle." Didn't the Bible say that? You are a living epistle.

He said, "Well, I realized for you to do that, you have to have the Holy Spirit because those things cannot be done without the Spirit."

And to have that faith, faith doesn't come by reasoning, imagination, and memory; faith comes by the Holy Spirit. Faith shows that the New Birth has taken place there. That is why the first thing at the bottom of the Pyramid is faith. See? Because before you came to that there, out here, you are walking in five senses in the world. Most people have five senses, but faith is the Sixth Sense, the Super Sense. That sense is not in the body, that sense is not in reasoning, conscience, memory, affection, and imagination; that sense is in the soul. That is where faith resides. Faith in the heart.

Know thyself! Know thyself! Know that God told Moses to build a tabernacle but God doesn't dwell in tabernacles made of hands. God told David, "You can't build the temple; Solomon will build it." Solomon built the temple but God does not live in it. God said, "What house will you build Me?" Man is the temple of God's rest, and that's redeemed man and redeemed woman; that's God's temple, that's God's dwelling place, the living tabernacle of the living God. "I will dwell in you, I will walk in you, I will be your God and you shall be My people." That's God in His people.

This sounds to me like these people understand the Hour that they are living in and the condition that they need to be in in this Hour to give them faith to move into Rapturing Grace. Because the Message came for

preparation. You can't go in the... The Bride hath made Herself ready. This is not like you getting up in the morning and looking in the mirror and putting on your clothes and you saying, "Yes, I am good for church. (Or,) I'm good to go to work." No, this is another level. That is like a little shadow of a shadow of a shadow of what the thing is. Because when you look into this mirror of the Word and you begin to see yourself in there, you begin to realize that garment that you have, that white robe, you are arrayed in fine linen, clean and white, that is speaking of Spiritual things. That is not natural; that is a symbol. Revelation is a Book of symbols. And when we see how these things apply, then we move with this.

So,

14 I know that, whatsoever God doeth, it shall be for ever:

Why? He is the Author and the Finisher. Everything that God has planned in the plan of Redemption, what He began in Genesis, in Revelation, what have we come to? A new Heaven and a new Earth. Everything God planned... There is no failure with God because His power is creative. His wisdom, there is nothing to compare. He knows all things – His foreknowledge. He knows things before it's going to happen. Those whom He foreknew, he did predestinate; those whom He predestinate, is them He called. He never missed a beat with any of His children. He planned our lives, every moment, every day, every hour, every minute, every second, every experience. He knows when He is going to bring this trial in your life; when He is going to bring that trial in your life. And when you're going along and you're feeling really good and then you just reach a stage He brings you under a trial, and you're unprepared for it, and you're not ready to go through it. And you start to fall apart because you are living your life without foresight and foreknowledge, and you forget character is never made without suffering, and character is a victory; not a gift. And if we don't suffer

with Him, we cannot reign with Him. You start to know this. When you start to know this now...

And really, the only way to keep that knowledge, like I'm saying this here, the only way to keep that, you have to have the Holy Ghost inside. Because if you don't have the Holy Ghost inside, then that is going to leak out. But to retain God in your knowledge—like the rock box, he kept pouring the water and it was just running back out, but when he put the honey inside of it, it held it.

And these are the things that we want to see when we look in our life. Because this is the Hour here. See? I'm talking about the Hour here. "That which hath been in now, and that which is to be hath already been. And God requireth that which is past."

Now, I'm moving directly into my message but this piece of background here is important. "That which had been in now, and that which is to be hath already been. God requireth that which is past." What we find today, so many people are wondering what God is doing now. The Prophet has gone fifty-eight years. You count from 1966 to 2024; it is fifty-eight years. That which hath been in now. Because he died in 1965, December the 24th, right? So from 1966 to this present time, it's fifty-eight years, to 2024. And that which hath been is now and that which is to be hath already been. "You mean the future things?" Of course. "But, what about the Rapture?" Enoch was raptured. Elijah was raptured. Rapture is not anything new. Jesus was raptured with all those Old Testament saints who raised up, and a Cloud received Him out of their sight and He took them into Glory. So Rapture is nothing new; that hath been.

And then, he said, "Enoch, before he was translated had this testimony, that he pleased God." Hear the people now, "Boy, the Rapture is close, yes. Look at things that are going on in the world. The Rapture is close, yes," and they are trying to work themselves up into Rapturing Faith. No, Rapturing Faith is a revelation. And there is a specific Word allotted for this

Day. And the Word allotted for this Day, the spiritual Food for this season of the Rapture is a Word to teach us how we are going to change dimensions. Before you can change dimensions...

You are born in this dimension here, three dimensions. If you are fifty years, sixty years, seventy years, you are born and grown up. You came here as a baby out of your mother's womb and today you are now an old man or an old woman, sixty/seventy years, and you couldn't get out of this dimension. Even though you get in a plane, you still fly around in these three dimensions. Even though you get in a boat and think you are going to the States on the sea, you are still in this dimension. But to change dimensions, the only way to change dimensions is your nature has to change. And before your nature changes, your atmosphere has to be changed, because if you take a good live egg and put it under a dead hen who might have laid that egg, the egg can't hatch, though she laid the egg. You understand? So the thing is...

Now, think with me. Right now I'm so zeroed in my mind, I'm not thinking about what I want to say, but I'm trying to show you where you have to go. While you are hearing the Word, you sit down and watch in this Mirror here; not the one you go in the washroom and you watch yourself and you watch yourself, and you pull out the thing out of your bag, and you watch yourself. Watch yourself in this Mirror here, and see how you are thinking. Because you can't live higher than your thoughts. Your thoughts are like a cap holding you here. If all your thinking is earthbound and earthbound things, and this and that, 'and my birthday', and so and so, and 'a party for my birthday, and my friends here,' or 'I'm going to Tobago and spend some days', or 'I'm going over here by the islands, maybe in Grenada', all of that is earthbound still. Right now, we do not want to... If you have to go, you go wherever you have to go.

But the thing is, the real Place, the going we are talking about here, is leaving here to go.

And why? All the signs that we must leave are already here, all around us. And you say, “Is that so?” Then that means the god of this evil Age has blinded your mind from seeing the advancement in the world today, to seeing what the big nations are doing. And the reason you can’t follow it... Like when the war was in Gaza, everybody was, “Gaza, Gaza, Gaza, Gaza. War, war, war. And they are killing people and they are doing this,” and then now, the rulers of the darkness of this world, they took that off the news and they put new content on, and now they have you going this way. You were going this way and now you are going this way. And then, when they change that content, you are going another way. You are playing musical chairs. When you see what is happening, you want to know, “Lord, I want to be so conscious and sensitive.” The world has changed.

How could all these people stand up... Like when they had Mr. Netanyahu [Prime Minister of Israel -Ed.] in the Congress a few days ago after all these people they killed and slaughtered. And when he went and talked about the Jews, “We were in the Holocaust and so and so and so,” and you see that Congress was full of people, and everybody started to clap and they are almost worshiping this man and different things. And this man, he murdered, slaughtered, just like Hitler and them and what they did with the Jews there, with these Palestinian people and what they have been doing to them for years. And as far as they are concerned, they are not people. When they tell them, “You all, go in the desert; go back to that place there,” and when the people started to go, they started to shoot them back there, if you’re following anything about what is going on. And then, he came to the United States now, where all the money, billions and billions they are sending for him to fight this war.

This is the country that once spread the Gospel into all the world, where missionaries came from the United States because of the wealth of the country. And people went into Africa, went into India, went into Europe, went into South America spreading the Gospel. And that's—you used to see those white missionaries, those foreign people, men, and women. And they came into all these little islands, and they started little churches: Nazarene, Pilgrim Holiness; all kinds of different things. And then, when they came down, all the people gathered and different things. And every country they went into, they were bringing their ideology.

And if they are a Nazarene, they are looking back there, hundreds of years. If they are Methodists, they are looking back in 1750 with John Wesley. If they are Lutherans, they are looking back in 1520 with Martin Luther. But we are in 2024, and they gather in a church and they are carrying out Luther's tradition, and who is in the Methodist is carrying out Wesley's tradition. And here we are in the Day, Seven Seals have opened up, Seven Angels came and different things, and they are still trapped in the past, looking back at a past Hour and can't recognize their Day, can't recognize their Message, can't recognize the prophecy for their Day because they don't teach the Bible from that way; they make a member. Jesus said, you travel sea and land and make one proselyte, (see?) and you bring them as a child of Hell. You lock them up in a denomination.

That's why the Prophet said, *Why I'm Against Organized Religion?* [\[1962-1111E -Ed.\]](#) He called it in the vision, it was a house of Hell. He said, "House of Hell, give way to the Name of Jesus Christ." A Messenger that came for emancipation to break the powers of those religious systems around the lives of people, because the people think it's so holy as they go through all the different things that they are teaching them in these old institutions hundreds of years ago, and God has moved on. Because out of Luther came Wesley, out of Wesley

came the Pentecostals, and at the end of the Pentecostal Age, which is the Laodicean Age, that is the last Age, that Age, they put Christ outside the church. He said, "Behold, I stand at the door and knock." He is standing outside because they put him out. And then, what did they do? They all went in the ecumenical move and they joined up with Rome. The daughters, the harlots, have gone back to their mother. The ecumenical move – 'Oikumene', *'the inhabited earth'*. They have them all gathered together in religion, in politics with governments.

Look at how in one day, 2020, they shut down the whole world. One day! Everybody, masks and everything. "Ten can't gather here..." And the people have been so trained and conformed and controlled. Let me tell you, it takes the Holy Ghost in you and the revelation of the Word to let you see you are not controlled by the world. Because there are plenty of things in the world. You find a little religious corner, you are not drinking, you are not smoking, you are going to your church faithfully, but your teaching has nothing for the Hour, it has no Life. You sit down under a man who came out of a seminary and he goes there and he is just repeating a creed and a dogma from a seminary. And they have been doing that for the last hundreds of years and no Truth has advanced, so that means no further Light has come to them.

There was a time when people had flambeau [a flaming torch -Ed.]. You think that after twenty years passed they want to hold on to that flambeau when they could get a gas lamp? And when they get a gas lamp, then they come to this kind of light; then they get fluorescent and all these different things. Then they are glad. They laugh at the days when they had the candle and the pitch oil lamp and all the different things smoking up the place. And they are glad now, when they get fluorescent light, 'tsk' and the place lights up. And they feel, "Now we have

something. Now we have light.” And that is not the light yet. That is not the light.

And this is where you realize how people can be so sedated and conformed. The Bible said, “Be ye not conformed to this world.” When It says ‘this world’, the word there is ‘*cosmos*’. It’s an organized system: religion, politics, university, education. It’s all organized, built by Lucifer; not by God. This world is called Satan’s Eden.

From the time man fell to this time, six thousand years of man on the earth, look at what the world is today: man marrying woman [man -Ed.] and woman marrying woman. As it was in the days of Noah, so it is. Men are chasing women left and right. As it was in the days of Sodom, so it shall be. Look at what the world has come down to. Look at the violence everywhere in the world. Look at the big nations that are supposed to be leading nations and have some form of religion. Look right here as the brothers and they had shown and were talking about the opening of the Olympics there, and they bring out all their different sinful things and they put it there now.

And, who do you think is behind all of this? Who do you think is behind all of this? Who is controlling the world today? We are told back in 1963, “Hell is being created on the earth.” That is like sixty-one years (1963-2024). And now hell is being created here. The world—the people have become desensitized, then the world has changed to appear beautiful: parks, avenues, and pubs where people can go in here and drink. Gay bars, and you can go there, and then you have all the pornography, all the different things that Satan brings out in the world to entice people to hold them glued. Series, they’re following series on television, and they don’t want to miss the next part. But they’re not following the series in the church and the Word being preached and preparing a people. No, no, no. They’re following different things. Why?

That influence, the manipulation, the exploitation, you see? And so, when you become desensitized, you are unaware. Because why? Your spirit now has come under the control of a spirit stronger than you. And that spirit is Lucifer. It takes God to come and uncover the scheme of the enemy. Because God is the One Who knows Lucifer; you don't know Lucifer. And until Christ reveals to you who Lucifer is, how he operates, and what he does... He said, "The lust of the world," you see? The three things: lust of the eyes, the lust of the flesh, and the pride of life; these are the three things of the world. This is what the world consists of.

And that's why man is squeezed into a mold. Be not conformed! Conform means it's like a mold, and you take it, whether it's plasticine or concrete or whatever it is, and you put it in it, squeeze it, and let it lay there for a while, and it comes out in the shape that the mold is designed to bring it into that shape.

And this is all spiritual, in the spirit realm; you don't even know you're being controlled. You don't even know that you've begun to lose proportion and balance. When you see people begin to get—become big blobs [a fat person -Ed.], (right?); they like sweets, they like this, they like that, they like that, they're not studying health. They've lost control of food; the taste, they can't control their taste for things. So, after a while now, they become prisoners to some of those things.

Someone might say, "Look at you, how you're looking. Look at this here. You're always sick, you're falling down, you're getting dizzy spells and all kinds of different things. Eat properly. Look at the kind of junk you're eating." See? You got caught up in advertisements. And you realize food makes life—Food makes blood, and blood is life. Life comes from blood. And so, if you're eating all the wrong things...

That is naturally; what about spiritually? When you're putting a lot of things down in your soul and you're taking that in, when a trial comes, you didn't get

anything out of that to face that trial. You don't even have discernment of what is in front of you. *How Can I Overcome?* [1963-0825M -Ed.] Overcoming is what? Recognizing the devil at every one of his tricks. If I were to ask you, "How many of you know that message Bro. Branham preached?" Every hand would go up here. We all know that message. Information – memory of a message.

Say, "What is in the message?"

"Uhm, uhm, uhm."

You understand? That is a sign of being desensitized. You have to watch yourself. You have to know where you're going. You have to know the Hour. You have to keep a check of time. Because to everything there is a time and a season. To every purpose under heaven, (that is on earth) there is a time and a season. And say, "Now is not the time for that; now is the time to put away that. Now is not the time for that; now is the time to get rid of some of that." And there you're going to see change.

But if now you allow yourself to become so weak by feeding on the wrong things for your soul... Because remember, you don't just eat natural food on a plate, you're taking in information through your eyes and your ears. All your information is what you're seeing and hearing. And that now, what you're seeing and hearing, once you begin to digest that and let that become an influence in your life, you are being deformed into another species.

And that's why, "Saints, you all pray for me. I want this one to pray for me. I want..." Everybody wants somebody to pray for them. You have to learn to say your own prayers. That isn't healthy. "Brother, pray for me. Brother, pray for me. Brother, pray for me. Pray for me!" So you don't know the Father? He called you, He chose you. Do you spend time with Him and talk to Him in His Word? Because the thing is, when you're faced with situations, everything you have gone through in

the past, is going through in the present and what you will go through in the future is already written in this Bible.

If you say, “Well, I can’t see my life in there.” You know why you can’t see your life in there? You’re blind. And you know who blinded you? The god of this evil age has what? Blinded the minds of the people. You stayed in his environment too long, and you failed to realize that he is the enemy and he is designed to make you conform to this world: the lust of the flesh, the lust of the eyes, and the pride of life.

And from the time you get conformed to the world and you get perverted and changed into what the world is, then you are out of contact with God, and you have lost all connection with God because you opened yourself to spirits. Because it takes spirits coming in there, into your life because they’re hunting a body. They are powerless without a body. And from the time they see you are so easy to manipulate, so easy to exploit, they’re not running down all over; they’re telling their partners (it’s seven of them), and he says, “Just stay with me; we’re getting a house here, a free house.” Because that person already doesn’t even know their right hand from their left hand, where they’re at.

One of those demons might be saying, “But I thought they went to college?”

He says, “College? This is not about college. College can’t fight this.” It is the revelation of the Word that’s the prevailing power. He didn’t say, “Whoever goes to college, there’s no prevailing power as a college man or a college woman.” Did it say that? “There is no prevailing power as the revelation of God’s Word.” And only the Holy Spirit, God, could reveal what His Word is. Not even the devil could open that Word because he doesn’t have the Holy Ghost. That is why the Spirit of Truth is Who comes to reveal Truth.

So you have to know your Absolute, what you tie your soul to, and what is first place in your life. Because we

are in the Hour when the greatest battle ever fought is being fought. All hell is opened up; all those demon powers are here on the earth. You think they're walking around on a picnic? No, they've come for bodies. It is bodies they want. And you think it is one per body? Legion had over a thousand devils inside of him. This is awakening—This is awakening time. Awakening time.

Now we're getting into some things here, and we're going to close up quickly. I'm reading out of the *Pergamos Age* [The Pergamean Church Age -Ed.] here—or *What Shall I Do With Jesus Called Christ?* [1963-1124M -Ed.]

Now remember what I read before: "That which hath been is now, and that which is to be hath already been, and God requireth that which is passed." So now we're in *What Shall I Do With Jesus Called Christ?* The Prophet is teaching us something here.

He said, *You see, the nature in history repeats itself, [What?] ...the nature in history repeats itself, because nature continues the same.*

Every year, if you're living in a country with four seasons, it starts with spring. What follows spring? Summer. What is following summer? Autumn. What is following autumn? Winter. And so, you are seeing when the life comes out of the ground and the trees are there, you are seeing spring and all the birds, the turtle doves, and everything; the sun is shining, and everything is so nice, the flowers are blooming, and then you see spring starts to go into summer.

Now the sun has grown stronger in its strength, and now that sunlight has come to the stage where it is going to ripen the fruit that has grown from a little blossom starting there, and now it comes to the full fruit, whether it is apples or grapes or whatever it is, and now it is ripening. Why? It is ripening under the sunlight. That is what ripens the crop: the sun and rain. This is what fertilizes things on the earth and these things. This is how the animals and they too prosper and find their place.

So then, after that we go to autumn and the leaves start to fall off the tree. Why? The season is changing.

So the person who understands time and season and purpose because, “To every purpose under Heaven there is time and season.” Your life is time and season because you’re born at a certain time, and if you are going to go into the Rapture without seeing death, fine, or if you’re going into the Rapture by dying and raising back up in the resurrection and then going, whatever thing God has planned for you, it has time and season.

There was a time when you were a young girl. There was a time when somebody had to hold your hand to cross the road. There was a time when you started to come into adolescence, your life started to change. Your thoughts got different and your outlook on life was different because you were not the little child now. You put away your crayons and dolls and all those kinds of different things.

Those little boys running around playing ‘stick ‘em up’, ‘pow-pow’ shooting things, and cap guns and things. Now, when they come to a certain age, they don’t want any cap guns; they want the real gun. Everybody has a gun; a young fellow has a gun here, this one has this here. They want a smartphone; they sit down here, and they’re doing things. Do you understand? As they advance, as they grow, and are being conformed to the world, that is a mold that’s reshaping them and bringing them out to reflect not God from Above but to reflect Lucifer, the god of this world from beneath.

Are these things making sense to you? I hope it does. We’re talking facts here. We’re not just talking about some little things out of our minds. So, here we’re in an Hour where we want to see clearly what it is we’re coming to.

So, *What Shall I Do With Jesus Called Christ?* He said: *You see, the nature in history repeats itself, because nature continues the same. Trees still continue to grow,*

and vegetables come up, and flowers, [as I explained to you] and the world turns just as it always is. It's nature.

So, after the winter goes and all life comes back up, Job says, "At the scent of water, it begins to bud and it comes back up." And the same tree that all the leaves fell off, no fruit on it and everything else; now the season is coming back from winter to start back in spring. It's not going to jump; spring, summer, autumn, winter; spring, summer, autumn, winter; spring, summer, autumn, winter. And that is going on with the sun, the moon, and the heavenly bodies. And that is botany life.

But the thing is, man is like a tree. Man is like a tree. And that's why Job said, "I saw the tree go into the ground and die, but it came back up." He said, "If a man dies, shall he live again?" He wants to understand this because he sees that man is like a tree. He saw in Genesis when God created these things, it had a symbolic meaning, a representation. Because Jesus is called the Lily of the Valley. He is called the Bright and Morning Star; stars are heavenly constellations, and that is heavenly, and this other part is earthly, the Lily of the Valley. He is the Rose of Sharon. See? He is the Lion of the Tribe of Judah. So in animal life, botany life, even in the heavens, the stars, and these things, which are the first Bible, all these things hold revelation of God and His people and the plan of God.

Now we didn't go to university to learn this. We learned these things through the opening of the Word, God sending a Prophet and making us see the world. He preached a message *Let Us See God* [1959-1129 -Ed.]. He said, "First, we're going to see God in His creation, then we'll see God in nature." Then he came further down and said, "Let us see God in His people." Because the same way there are species of trees and different species of animals, there are different species of human beings. So he is showing, look at this God Who created these things. And everything God makes, He has a reason and purpose. He has an objective behind it.

Now if we've been in the Message for twenty years, twenty-five years, or thirty years and we haven't learned these things about nature and God and... All these things God made a Prophet teach. He didn't only teach that denomination is false. He taught all these things. Why? So we all can know our environment. Because it's not man looking for God: "I want to see God, boy. I looked up in the sky; I saw a cloud. That face looked like Jesus. I took a picture with my phone." When they're trying to show somebody, he says, "Do you see Jesus in that? Show me how you see Jesus in that?" It's just somebody's imagination. Do you understand?

So it shows how Satan manipulates the thinking of people because God wants to... When God is bringing us to His Word, *Christ Is Revealed In His Own Word* [[65-0822M-Ed.](#)]. To see Jesus and His program, that is in the Word of God showing you your time and season when these prophesied promises will be manifested, and then we'll know how to identify when that time comes. The same way you could identify 'now is spring', the same way you can identify 'now is summer'.

Say, "How do you know it is summer?"

He said, "Look, the fruits are getting ripe."

He says, "How do you know it is autumn?"

He said, "Look, the leaves are falling off."

"How do you know it is winter?"

"Look, it's frozen all over."

All of these are identification. I trust this is helping you. Is it helping you? Well, I'm seeing like it helped two people. Do you have a complex to say, "It is helping me"? You say, "I know that already." True. How do you use it? How do you apply it? When last you used this? You're talking information, not revelation. You see, information is not revelation; revelation is prevailing power. And to operate that, it takes faith, and faith is revelation to operate the Word, to operate the power. Everybody is quoting the Word, but he said it takes faith to operate the Word. Operating the Word is different to quoting the

Word. Language. People get lost in language and think it is all saying the same. No. “He that hath an ear to hear what the Spirit is saying.”

Isn't it strange how the Spirit goes back to that Word all the time? I'm saying something there, and then the Spirit comes and goes straight to the Scripture and puts the Scripture there with it. That is not normal; it is not normal for me at least. That is why I want to stay close to this. The God Who gives this, I want to stay close to Him. Because if He takes this away from me, I'll be back just walking around like a vagrant, not knowing what is going on. But with this here, I have people all over the world calling me. Half of the time I'm taking my time writing this, writing that, writing that; they want to know this, they want to know that.

And then when I watch, I'm tired. But from the time somebody says, “I want to understand so and so,” I know he is a pastor and he has a church. I am tired, losing my sleep, but that will help him because he wants to know that. And he could ask a lot of people, but he is asking me. He and I are not really that close; we don't see each other and talk to each other every week, every month, or every year. But we know each other through my travels because a lot of them now got influenced by this and started to see the Message turned to the right angle like the Cloud. They all have the Message and the Cloud picture, but God told the Prophet, “You are watching that from the wrong angle. Turn it to the right.”

He only saw that Cloud, he was not seeing Jesus. But when you read the Word, he said, you have to see Jesus in every Scripture. If you don't see Jesus in the Scripture, go back and read It, because you are missing something. Because Jesus said, “Search the Scriptures; in them you think you have Eternal Life; but they testify of Me.” So that means, that's a relationship with you and God's Word. Because you say, “I have a relationship with God, but I don't have a relationship with God's

Word.” Then you are more confused than anything else because God and His Word are the same. Do you understand?

The kind of hearing, you have to be listening closely to see the points that the Spirit is making, then to see the application, how He is making that. Because you cannot misplace, you cannot mislocate, and you cannot misinterpret. He said, “I always tell you what you should do, but there are three things that you must not do: you cannot misplace the Scripture, you cannot misinterpret the Scripture, and you cannot mislocate the Scripture.” Because if it’s a hand Age, you cannot have the hand down by the foot, and the foot up by the hand. No, if it’s a hand Age, it would be the Age where that portion of the Word is being revealed.

Like us in the Age, he said the Light has come, the Evening Light. He said, so this is the time now; what good would it do to a man who has light if he has no eyes to see it? So we are in the eyes, and the eye is prophetic. This is the prophetic Age where the Evening Light has come and a prophetic class of people can see the Light and they understand what the Light has brought. Because the Light has brought *The Unveiling Of The Mighty God*; the Light has brought *The Revelation Of Jesus Christ* [1960-1204M -Ed.], the Light has shown us Jesus and His program for the Day that we are living in. The Light has brought all these things together, the scattered pieces of the puzzle, and put the puzzle until we see the picture, and we know exactly where we are at, in the program, in the plan of God moving under the leadership of God. That’s right.

You say, “Bro. Vin, you know, these things, you must preach a little simpler than that.” The simple days when you were getting the milk; “To whom shall we teach knowledge?” See the Scripture again? “To whom shall we make to understand doctrine? Them that are weaned from the breast.” When the baby is born he has no teeth, so he cannot eat food, so God has milk provided for him.

So he is nursing the milk from the mother's breast, she is the El-Shaddai. And he is getting the sincere milk of the Word. But from the time that teeth start to come out, the diet changes; so now he has solid food, see? Because now he has the grinders to grind that; he has no worries with the stomach anymore. But if she goes to give him a piece of beef, a piece of steak or something here, he will choke himself and die. So he has to get milk, the nourishment he needs to grow at that stage is in the milk. "But he that useth milk is unskillful in the Word," the Bible says. "But meat belongeth unto them that are of full age," them that are mature; spiritual Meat in due season.

And what is the season we are living in? What is the time? What are the promises? What is the challenge? What is it we are faced with? How are we going to overcome? How are we doing in the battle? Do we have spiritual discernment? "Awake thou that sleepest and Christ shall give thee Light!" It is nearer than when we first believed. See when you started to believe; twenty years, thirty years ago, you started believing, and here your eyes are dim? Thirty years after, and you are looking and you cannot see Scripture being fulfilled? You understand?

Now, I'm not putting down anybody here, I'm preaching to all these people and all who are hearing. Because to preach some of the things I am preaching, I had to have some live people around me. I could stand up and just speak, looking right there, but I felt, no, it had to have some living people around me here, so that is why you are here. That is why you were asked to come. And then you have a gift, so you come and you sing too. So everything is not just recorded. Because the people who make the music, and play the music, they are live. I mean, we use a format of it for certain things; that way we can distribute it to all the people confederated with us in this strategic alliance.

It has been years now we've been calling this that: *Strategic Alliance In The Age Of This Global Warfare*. It's a global warfare, this warfare is in every country on the earth. This is Satan's Eden. And everywhere in the earth, there are different types of governments, different types of spirits; there are some vile, vile countries, there are some countries that are violent countries, there are different things all over.

So in times like this, there are things there for God's people. And that's why with this strategic alliance now, when we have ministers of like precious faith, and we have fellowship, and it has no competition and any of these things here, we are united under one Headship and by one Language. And we didn't bring about that; that's God's achievement, that's God's plan for His Body. "The unity of the One God in the One Church, united under one Headship and by one Language." [#805 - Songs That Live -Ed.]

All these are songs that were written years ago, years ago. *Working Together*. [#1132 - Songs That Live -Ed.] Now you are seeing the collaboration; they are singing here, then they sing the next verse of the song over in Brazil, then they sing the next verse of the song in Chiclayo, they sing the next verse of the song over here in Indonesia, they sing the next verse of the song in Ecuador, Sangolqui, and you are seeing it everywhere. What is it?

You tell me if you know of any people in the Message world where you are seeing that. You tell me, how come when we look and we see this great moving of the Spirit of God... *All over the world, the Spirit is moving*. [You see, we don't have a Trinidad thing.] *All over the world, as the Prophet said it would be. All over the world, there's a mighty revelation*. [#252 All Over The World - Songs That Live -Ed.] See? It is God, it is God in His people: God above us, God with us and now God in us. Uniting time and Sign. And you are not seeing most of them, why? Invisible Union, they are united; faith connects with faith, Life connects

with Life, Word connects with Word. It's not a manufactured thing.

We have over a thousand denominations; tell me if you see that out of the thousand denominations. And all of those ministers had Bible school teaching and all these people are revered by government leaders and different ones and all the different things that they have; who are coming to pray for different ones, all who are in the Catholic, or the Anglican or the Pentecostal, and they want a blessing and they are going to lay hands on them and they feel kind of holier.

They don't know their time, they don't know their Age, they are not in line with the Scripture, they don't know what is really happening. That's why the Rapture will take place and when the Tribulation starts to pour out in the fullness... We already have pre-tribulation building up and coming on. You hear a storm announced and you see some lightning flashing, and thunder, and you are hearing that noise. And then you see rain is coming, and it's not coming fully strong yet. But the clouds get so dark, and the thunder starts to get so loud and then you feel the winds start to blow so strong, and you know, hey, a storm is on the way.

Well, if the natural weatherman and the weather prophets go up in that realm and they take their instruments and they tell you how much rainfall to expect, they tell you the storm that is coming, they are even tracking the move of the storm – *Oncoming Storm Of Judgment*. They are following the path of the storm and where it is going to build up with more intensity, and where you are going to get so many feet of rain when it hits that place there. And in that place there, it is going to bring floods, and those floods, they estimate so much damage. And they have people getting into shelters and running, and they are putting them in these big stadiums and things, and they put all kinds of things in there for the people to go in there to shelter

because of the storm coming. And the government system has that.

Well, if in the natural, you have a natural weather prophet and you have these natural things and you have natural ways to read the storm, that it has built up and the momentum and the power, and they can tell you how the wind intensity will be so and so, rainfall will be—expect so much rainfall and these things. Why? Because it looks like a mystery up in the sky, but these people unlocked that mystery and through knowing that mystery they save a lot of lives. Because you always have a shadow of something to look at.

We had a weather Prophet in this Day. He talked about former Rain and latter Rain. You understand? He told us about the mighty rushing wind of the Holy Spirit. That's right! He told us about the Thunders. He taught us *Signs Of The Time* [[1964-0410 Scriptural Signs Of The Time -Ed.](#)], *Flashing Red Light Of The Sign*. [[1963-0623E The Flashing Red Light Of The Sign Of His Coming -Ed.](#)] He taught us in nature and in human life. You see how the world begins to decrease and decrease and get into such sinful things, until you want to know how there can be people, lawmakers, people who went to universities, coming now and passing a law that a man can marry a man. Whoever is controlling them worships Satan, not God; they are connected to Lucifer, not Christ. And if we are living in an Hour and we are desensitized to this, and can't recognize this, then that is something very dangerous because we should be able to see.

So, quickly. He says: *...the nature of each age...*

You see, [there is a] nature in history repeats itself, [What Shall I Do With Jesus Called Christ?], because nature continues the same. Trees still continue to grow, and vegetables come up, and flowers, and the world turns just as it always is. It's nature. And the nature of each age produces, again,

That which was is now. It produces again. As John was sent to forerun the first Coming, and as John

brought the people out of Judaism and brought them to recognize the real Lamb, the Lamb of God, the Lord Jesus Christ. That's right. And through there, the people came now to understand the Messiah and the purpose of the Coming of the Messiah and how they were going to receive a New Birth and how they were going to come to receive the Holy Spirit and these things.

All of this was there in the first Age. And he said, as that John was sent to forerun the first Coming, there is a Second Coming, there is one just like John, another wilderness man. John had the Spirit of Elijah, another man was coming with the Spirit of Elijah and this man was going to come now—John called those denominations, 'snakes in the grass', 'generation of vipers', and these things. It was the lowest thing he could find, it was the most subtle and evil thing when he saw how that snake was crawling and that snake was hiding and camouflaging itself and then coming out to sting somebody and put its poison inside of people.

John now, when he looked at those Pharisees and Sadducees, he started to call them that. When he started to see them now, he said, "The ax is laid at the root." He said, "All of you are a bunch of dried, dead trees, you are not bearing any fruit. You are wood for fire." And he started to bring the Word, cause the ax is the Word and he cut down all those trees that stood so tall, those Pharisees and Sadducees, so starchy and stiff. And then, all of them... He said, "Who hath warned you to flee from the wrath to come?"

See? Then in this Day, we had one just like that who came, a wilderness man, who foreran the Second Coming, who had the Spirit of Elijah. And he now pointed—John and this one [William Marrion Branham -Ed.], both of them pointed people to the Lord Jesus. John said, "Behold the Lamb." This one said, "Behold the Lamb." See? "Behold the Messiah in this Day, Christ, this One Who is with me," this Light over him. He said, "I don't

do the works, it's He Who does the works. I am just one standing near. He uses my voice to tell the people their names and the diseases they have. If He doesn't show me the vision, I can't see a thing." He said, "We'll close the service." In other words, "This vision doesn't originate in me. He shows me and tells me this woman, she had five operations, she is coming from here, she is traveling here, she has a sick husband at home." And he is seeing the sick husband at home, he is seeing the woman traveling. So when that woman comes before him now, he knows it all; that vision is over the woman, and he is telling her everything.

And he said, "Are those things true?"

And she said, "Yes, yes." You see it on the film and all. How is he knowing this? It is not him. It is the One you are not seeing in the meeting. He said, "Moses never did one miracle." Do you think it was Moses who opened the Red Sea? No, it was God. Do you think it was Moses who brought water and all those things? No, it was God. He said, "I never performed one miracle. It was He Who was doing these things through me."

This is how God works in His redeemed people and all the different members make up this mystical Body of Christ.

So, notice. Are you catching the thought?

... the nature of each age produces, again, and reproduces the reflection of what a nature was before them.

We had one like John there, who introduced Christ, who brought the people to recognize their Day, recognize their Message; we had one here just like that. That history repeated again in this Day.

This same one had the Spirit of Elijah on him just like John had the Spirit of Elijah. First Coming... Elijah comes five times, the Spirit of Elijah: came on Elijah, the Old Testament Elijah, in the time of Ahab and Jezebel. The second one, it came on Elisha. God took the Spirit of Elijah and put it on Elisha. Then the third

one was John, the Baptist. Then the fourth one was Bro. Branham: “As John was sent to forerun, so you will forerun in the Second Coming.” It’s the same thing. Four comings of the Spirit of Elijah. The fifth time it comes, it comes together with Moses: Elijah and Moses, two of them coming together – Revelation 11. And that is not to the Gentiles, the Gentile Day will be finished. That is going to the Jews and only a hundred and forty-four thousand are coming in to receive the Holy Ghost.

So when you talk about Israel, Israel, and Israel, and Zionists, and all these kinds of different things, the devil is using that and messing up people’s minds. Jesus told those Jews, “You are of your father the devil. He was a murderer from the beginning.” Read it, John 8. Reprobrates. They came together and they said, “Let us conspire and kill this Man. We will lose all our churches if this Man stays alive here.” Understand.

You see, this is a key: “There is nothing new under the sun. What was is now; and what shall be hath already been.” So if you want to know what is going on from here to the Translation, go back and find what went on there in the time of Elijah before he was translated. And then see in the time of Jesus before he was translated, see what had happened; He came, and they rejected the Message.

Enoch preached and God took him off because he was prophesying. The world was so evil in the days of Noah and they could see that that was going to come on. And by the time that started to come on, God told Noah, “Noah, My Spirit can’t dwell with man again.” He said, “Make an ark,” and God told him what to do. And God showed him, “You and your family are going in.” Eight people.

In the time of Sodom, Abraham was pleading and begging for his family in Sodom when the Angel of God, God in flesh came and sat down and ate and drank with Abraham and then said, “Shall I hide from Abraham what I’m about to do?” He said, “No, he will teach his

children.” And so, God came there and Abraham, His prophet, began to reveal to His prophet, because Abraham and Branham are parallel. Graham is six letters, Branham is seven because Abraham is seven letters. Seven is completion, that is God’s number there; six is man.

And then the Prophet said, “To prove that is so, what did that Angel do when He was there? He turned His back.” He said, “I am going to turn my back to the congregation.” And he began to discern and call out the people too. That Spirit working in him was doing this, to say, “We are right here!” And it was what? A time of investigation judgment because the fire was coming and God had to bring them out and open up the mystery of the change, so Abraham and Sarah could change and come back young, so the promised son could come on the scene.

So, just bear with me a few minutes again because I’m trying to sensitize you, to say: where are you looking? What are you looking for? What is your expectation? I’m trying to show you...

He says, ...*the nature of each age produces, again,*

Are we back in a day like Noah? Are we back in a day like Sodom? Watch the two. Jesus said, “As it was in the days of Noah, so shall it be in the time of the Coming of the Son of Man. As it was in the days of Lot, so shall it be again.” And that condition of Sodom is coming back. So he showed to us, it is here. Why do we have all this transgender? Why all the gay marriages? Why do we have all this change? Because it is here. And when that is here, what is the next thing? Fire. And where the fire is coming from? Above, to burn these things.

There were to be two great judgments: one by water and one by fire. And in this Day, with California, he said, “When that slides into the ocean, millions will die when they go down forty feet into that fault there, out yonder.” You mean to say millions are going to die underwater there? And then, when that seventh vision

comes, fire? He said, "I looked back and saw the place was burned as far as the eyes can see when that bomb hit."

Friends, if you are a Message believer and you are living in this Hour and you are not sensitive to the last four to five years, and especially the last two years right here, starting with that war in Gaza, all the way to this present time, where they showed this thing. Remember we showed all these videos, "We're coming for your children, we're coming for your children." We see how the laws were passed, we see what they are doing.

We saw how the registration came: "Everybody has to register." I said, "Not me. I'm not registering at all." People said I closed down the church! So everyone ran and registered to go in. People will find out why they registered. I said, "Since when..." The government never called me to preach. The government never gave me one revelation. I don't think people need the Holy Ghost to look and see what kind of government we have; you don't need the Holy Ghost for that.

So when you look and you see how she works to kill, to break, to bring fear upon people. Look at me, they sent me in the high court, my matter has gone up into the high court. Do you see me crying and bawling? That doesn't even exist in my mind, what they are doing because they were never a part, no government was ever a part of my life, in all my years upon the earth; came out of my mother's womb to this present time. So why am I going to study the government and the government and the government?

When God called me back there in 1973 and sent me back and said, "Go back home, this is what you were looking for," and when I came into the Message and these things, from there on, He has been my life. I have nothing to do with the government. I don't deal with the government because that's politics. You don't even need to have revelation to see the kind of politicians we have. Do you think they care about people? They know the

people are so foolish that every time an election comes: 'rum and roti' politics, *Jean and Dinah* Calypso, everybody goes here and they work up the people into a frenzy. And the people just love to be manipulated and exploited. They and their party, because it's a nation of party animals, that's what it is; blind, desensitized.

That's why, watch the history. Do you realize the history in the days of Noah has been reproduced? Do you realize the history in the days of Sodom has been reproduced? Or are you waiting for it to be reproduced? Quite back in the Prophet's time, he identified the condition of this. And that's why he said, "I indict this generation for the second crucifixion." Do you think it was a man who was vexed that stood up and said that? No. When a man said, "THUS SAITH THE LORD," he said, "God said she has passed redemption, don't even pray for this nation anymore, it's gone."

And then we now here in 2024 are seeing the condition of the nation and what it has become. We see the dirty politics. We see how many people they killed and they keep sending more money for war, more money, billions for war, to go and kill, and keep killing more. And you are seeing this and you are not getting—and you say you believe the Message and the Bible and you are understanding the time and you don't know why that is so? And what are the powers behind that; what is the unseen power that is influencing this? Believers who woke up in the Message, who have the Holy Ghost, watch these things.

If they are watching the weather, the weather prophets and they can tell the rainfall and the damage and the loss that will be suffered and they brought this down to a science and they are warning the people and it is in the news everywhere, do you know we had a weather Prophet too? Our own is to take us out of this world to the other World. That's right. And we are going to another Civilization, a Faith Civilization. Where we are going, there are no homosexuals, and there are no

political governments. If you like that here, you are conformed to this world. But the Message called us out, “Come out of Egypt,” first exodus; second exodus – out of Judaism; third exodus. It’s always a separation and a calling out of God’s people by God. Three exoduses there and they type together to show to us where we are.

Quickly. *Now I want you to be very careful here...* Church Age Book, I’m in the Church Age Book now. [An Exposition of the Seven Church Ages (Chapter 5 – The Pergamean Church Age) – Ed.]

God has promised that at the end time Malachi 4 is going to be fulfilled. It has to be for it is the Spirit-quickenened Word of God spoken by the prophet Malachi. Jesus referred to it. [Bro. Branham is teaching us.] It is just before Christ comes the second time. By the time Jesus comes all Scripture must be fulfilled. [By the time Jesus comes all Scripture must be fulfilled.] The Gentile dispensation will be in its last church age...

Which is Laodicea. Laodicea is USA. Paul was back in the East, Jerusalem, where the Gospel started. Irenaeus and Martin, they were in France. Columba was in the British Isles. Luther was in Germany, Wesley was in England, and then it came over the English Channel into the United States of America; America. And so, it had come from the East to the West. And the furthest East you can go, you’ll go to California, and the largest body of water on the earth, the Pacific Ocean, is there. And on the other side, the second largest body of water, is the Atlantic Ocean. United States, the Laodicean church, the Laodicean Age is between these two great bodies of water.

And when we see how these things come down, and we see the things in this nation, that it has become the worst nation until God showed this nation is going to be burned; the beast which came out of the earth. There are two beasts: one came out of the sea in Europe, which is the Roman Catholic system and one came out of the United States of America, same thing. She came...

That was a Protestant nation; she took it and like Jezebel took the daughters and brought them right back under her control.

And now, what did I call the Message? THE ROMANIZATION OF THE UNITED STATES OF AMERICA. It's not a Protestant nation, it's a Catholic nation; go back and read your Message. He said, "The president is Catholic." Look, they brought this dumb, dotish woman, Kamala Harris. I mean the woman is an idiot; anybody can see that. And Joe Biden, you can see this man suffered with dementia for years and they have that there. That is for the ignorant and unlearned. People who know what's going on, they know he is not any president. In the mightiest nation, with nuclear weapons? Understand what's going on.

It means to say: "Gross darkness on the earth and upon the people." The rulers of the darkness of this world have them desensitized, and have them looking in fifteen different directions and they can't see what's happening in their very own nation. "The most unspiritual people," he said, "are in the United States."

Did you see when they had those wars and people said, "Yes, go to war! Bomb Iraq! Do these things." And they said, "Show me on this map where Iraq is." They were pointing down in the Caribbean islands; all those big Americans. Then, when they went to Afghanistan, more war: "Show me where Afghanistan is." They were pointing to some other place in Hawaii or somewhere down there.

All the American people know is what is inside of America. And they don't even know that now because they blinded their own people and desensitized them. They have so many people living in tents that they don't show you in the news. When you see California, you see people in tents, you see people walking around trying to get things out of the garbage and different things; they are not showing you that.

When all this Black Lives Matter and all these things came up and these things, people were protesting everywhere. And then they found ways to shut all those things down too. Because who controls the media controls the minds of the people. Twenty-four hours a day: sports. Twenty-four hours a day: pornography. Twenty-four hours a day: politics. Twenty-four hours a day: movies. Twenty-four hours! Continually, the harlot has drunken them with the cup of her abominations and the nations are mad and they are drifting and they don't know where they are going and what they are doing and what time it is.

What Time Is It, Sirs? [[1962-1230 Is This The Sign Of The End, Sir? -Ed.](#)] 1962, he said, "Seriously think, could this be, (the coming of those Angels), could this be the opening of that Seventh Seal that is going to get a Church, pull and separate a people and get them ready, to give them a Rapturing Faith? Are we expecting a Messenger, a Prophet that is going to come and turn the hearts of the children back to the faith of the fathers like it was when Ahab and Jezebel ruled in Israel?"

He said, "Now, Israel is a type of America. And now we have in the United States of America another one there. And the same way Elijah went out and preached against that Ahab and Jezebel," he said, "here now we have that Ahab, the United States and that Jezebel system, Rome, who is the power behind the throne and she manipulates everything and she has desensitized the people." He said, "Don't be afraid of the iron curtain and the bamboo curtain. The curtain you have to fear is the purple curtain. Watch Romanism, that's your enemy! That woman was on a scarlet-colored Beast, that Jezebel was on a scarlet..." And that scarlet-colored Beast was Lucifer, the red Dragon that was cast out of Heaven.

Come on, man. These are things we preached and preached and preached from Fran Street to all the way up here. We're talking about forty-something, going

close to fifty years of preaching those things. Do you think those things came last week or last month? Go back and see how far those things were being spoken. Go back and understand why God sent that ministry around the world like that. We are not doing anything for ourselves. This is not an ego trip.

Do you know what we call this? Strategic Alliances: God-called, God-trained men in different parts of the world. Men that God raised up and we began to realize we all have the same Father, the Lord Jesus Christ. We are all born of the same Message that came through the Prophet. That's right. Humble herdsmen. *Why It Had To Be Shepherds* [[1964-1221 -Ed.](#)]. Not theologians; humble herdsmen. They know how to take care of sheep. The Angel came to them. The Angel came to shepherds; they did not come to theologians. The Angel didn't go into Jerusalem and started talking to all of them there.

The Gentile dispensation will be in its last church age when that messenger of Malachi comes. He will be right with the Word. He will take the whole Bible from Genesis to Revelation. He will start at the serpent's seed and carry on to the messenger in the latter rain. But [but] he will be rejected by the denominations.

Long before, he was saying this, and it was put down there. And he told us he was going to be rejected, he was going to be put aside. Go and see, *Present Stage Of My Ministry* [[1962-0908 -Ed.](#)]; he wept. He said, "All man have forsaken me."

Why Little Bethlehem? [[1963-1214 -Ed.](#)] he said, "I stand outside." He said, "Who will come out and draw their sword with me, that we could get a clean, fresh drink for the King?" That is where in 1982, when God opened that up to me and I started to preach *Mighty Gentile Warriors* [1982-0715, 1982-0719, 1982-0729 -Ed.] and I preached that around the world in every country I went into. And showed between the rejection and him coming into power, how David was picking up mighty Gentiles, (oh, my!); bringing a clean, fresh drink for the king.

You see, retaining it. No honey in the rock box. It is just a thing you have on your phone, or something you listen to now and again. Revelation, in your heart. When your phone runs out of battery and different things and you cannot function without a piece of gadget, have it here [Bro. Vin points to the heart. -Ed.]. "I will write My laws in your heart and in your mind. No man will have to say know the Lord, you all will know Him. I will dwell in you, I will walk in you. I will be your God and you shall be My people."

God in us, God in His people, is the Super Sign. God and man united together. God and man were one back there; God and man are one here today. This is God's plan.

He said, *He has to be for that is history repeating itself...*

Get it now; we are climaxing here with this.

...history repeating itself from the time of Ahab. Israel's history under Ahab is happening right here in America...

What did I read earlier for you there, out of *What Shall I Do With Jesus called Christ?* "There is a nature in history that reproduces itself."

And how they came together to crucify Jesus and reject Him. And then they gave their support to the Roman power, Pilate, so they could kill Him. So he says, "Look how that history came. Now they did the same thing here. All these denominations came together to reject the Message. And what did they do? Go back in the ecumenical move and give their support to the Roman power."

And people like us, the laws that they brought: by mischief they frameth laws. "You can't operate! Do you want to operate as a church? Register and come in here." He said, "Men will get carried away and go in those things because they want to worship God publicly." God wants worship in Spirit and in Truth. God doesn't want public or private. When Daniel opened that window and prayed in private he was worshiping

God. When he said, “I will not bow to that Roman system,” and they put him in the lion’s den, God came into the lion’s den. When the Hebrew boys said, “We are not bowing down to any image,” they said, “Well, okay, fiery furnace for you all.”

They said, “If that is it, if our God wants to save us, let Him save us. If He doesn’t save us, we’ll die right there to His honor and His glory. But we are not bowing down to this Babylonian system.”

Don’t sit down and say, “I’m in the Message.” Start to look in your life and see: do you have this conviction? Do you have this faith? Have you walked close enough? Have you opened up your heart? “I will open up my heart.” Have you come into full surrender? Do you really believe? Do you have revelation to know this is that Hour? This is the Hour we have been waiting for! This is the Hour.

Israel’s history... Hear it now. Israel’s history under Ahab is happening right here in America...

What? Israel’s history... How far has that reached? This is 1965 in the Church Ages Book and he was saying that since 1963. So all of this ended up in the Church Ages Book because the Church Ages Book was completed in 1965 and it was sent now into all the libraries and things in the world. Is it happening? If we are in 2024, how much of the history are you seeing in the time of Ahab? Are you seeing Ahab? Are you seeing Jezebel? Are you seeing Naboth? Are you seeing the scheme? Are you seeing Jezebel’s paint? Are you seeing Ahab’s disguise? Can you see how they tried to confederate to go up? Can you see Micaiah with the Seventh Seal vision standing up and rebuking those things? He said it is repeating.

Go back to 1984, when those Vials opened up and see *Micaiah’s Seventh Seal Vision* was preached way back there. *Thou Must Prophecy Again Unto The Wind*, all those messages were preached way back there and they are there in the library. And you heard it and you

want to know, “How could you preach that way back there?” Like with the virus and these things, you say [ask -Ed.], “How could you preach that way back there?” *Viruses In This Age Of Germ Warfare* [1986-1109 -Ed.]. It is not him preaching anything; it is not the human mind. It is Christ, Who is the Head of His Church. It is the Spirit of Truth when It comes, It will lead you and guide you. It will store up Food there, so when that Hour comes it will be identified. Are you understanding?

Israel’s history under Ahab is happening right here...

I wonder if he was standing here in 2024 saying that and watching what happened there with this Olympic thing there; watching what happened here with this Gaza war; what happened here in Ukraine and what happened here with this government and these things and all their schemes and how they have the gross darkness on that nation and upon the peoples.

Have you ever heard any American minister in this Message preach against their nation? Yet you heard the Prophet speak continually. I, who have preached all throughout the United States, have never heard any American minister preaching against their nation. “No, that’s the nation, man!” Bro. Branham told his wife, he said, “Honey, we are Christians; we are not Americans.” He said, “The real Americans are those people that they put in the reservations and drugged them and put them there and have them as drunks and these things.” He said, “They were the ones who came here. They came here, they shot up all the buffaloes, they cut down all the forests. They only saw wealth. Then they shot and killed half of these people. Then they are calling themselves...” He said, “Then they are taking their money and they are sending it to Japan and all these other countries, sponsoring terrorism and sponsoring war and different things, trying to buy friendship.” He said, “And look, the very real Americans, when they came into this nation, look they are out there as drunks

and these things on the reservations.” He said, “That is the biggest stain on the American flag.”

You think any American minister will stand up with backbone to say that? But the Prophet knew he had to say it whether or not, because he was about Truth. He was about Truth, not nationalism, Truth. He went down there and preached to those Apaches and they had meetings, and some of them were healed and these things.

Israel’s history under Ahab is happening right here in America where the prophet of Malachi appears. As Israel left Egypt to worship in freedom, pushed out the natives, raised up a nation with great leaders like David... then put an Ahab on the throne with a Jezebel behind him to direct, so have we done the very same in America.

He is giving us examples and illustrating how that same history is repeating in the United States because we have a Jezebel on the throne there. We have a nation in this condition. We have a weak president there and these things, and showing you it is right here. We don’t have to look at any other nation; it is right here. And yet they are putting themselves out there as God’s voice. No, no, no. It is deception. It is the god of this evil age.

Our forefathers left for this land to worship and live in freedom. They pushed back the natives and took over the land. Mighty men like Washington and Lincoln were raised up but after awhile other men of such poor caliber succeeded these worthy men that soon an Ahab was set in the presidential chair with a Jezebel behind him to direct him. It is at such a time as this that the messenger of Malachi must come.

He is gone. He has come and gone! Fifty-eight years ago, 1965, December 24th, he departed. From 1909 to 1965, he was on earth. The Message is not a history book; he was a seer, he was seeing even until the nation is burned. He was seeing, until in the JCPenney store, what he saw in hell was right there; souls that are in prison now. He was seeing. But who was believing? Who

would go back to these places and realize... He saw a few people in the JCPenney Store, women with mascara and painted up. Look at what we are seeing. That is a joke to what we are seeing. Look at how predominant it is.

And people are just cool and they are talking about the Rapture, how the Rapture will take place, and what the Prophet said about the Rapture and they are quoting what the Prophet said about the Rapture, and the Rapture, and the Rapture, and the Rapture. The Rapture is people whose names are in the Lamb's Book of Life, who are foreordained; foreknown, predestinated, elected and called. Make your election and your calling sure. Are you elected? Are you called? Those whom He foreknew, He predestinated. And those whom He predestinated, He called. And you are the called, (what?) according to His purpose!

Don't you know your purpose? Don't you know what you are called unto and you say you are called? Have you made your election and your calling sure? How do you make it sure? You have to go back to the Book of Acts, see what the original Bride Tree was, see the members in there who followed Elijah and the Son of Man. And you, in this Day, who know Elijah and the Son of Man was revealed in this Day and see where you line up and what your life has been from 1966 to this present time or from where you started in the Message to this present time and see where you are walking, what you are understanding, what you are living, and what occupies your time, what is your service as a member of the Bride.

"Oh, I read Message books. I read one a month." Is that your service? That is reading time. Service is doing, not reading. Service is a doing thing; it's an actual something. Doing God a service according to His will is five musts. And doing a service for God without it being His will is people who don't have the five musts and they want to work for God. "I'm going to work for Jesus."

Work for Jesus? No, the ones who work for God, they are gifted, they are called, they are anointed, they are placed, they are set positionally and God is in them doing His work through them. That is working for God. You can't work for God; it's God Who works through you. You make yourself available to God. You make yourself accessible to God. You surrender your life to God. Do you know why? You are not your own, you are bought with a price. He has rights of ownership over you. You can't do what you want with your life. He said, "You are not doing that this week, do it like this."

Say, "But my boss, and my job."

Who gave you the job to begin with? But you see how people are afraid of their boss more than God. All kinds of people jumping and dancing and talking, that sounds good when you are among the people who are of the same caliber like yourself. But when you get people like me and others like me who will take your revelation and put it under the Light and start to question you on your revelation and see if you are for real or if that is a cosmetic paint you put on; you are a Message believer. I don't know what that is either. Some of these things I do not know.

Now remember, I don't mean some of you, okay, you who are sitting down here. I asked for you to come here and that's why you are sitting here. But I'm preaching not to you; I'm preaching to how many countries there are here with this. But when I see you, I can... There are people hearing me, because I'm not seeing the ones I'm preaching to. I'm seeing some on a screen but I can't even see faces. So understand, this is operating in the Spirit realm.

I want to share something with you quickly, and if I leave that out, I'll leave out a big part of the Message. So I want to share this quickly with you. Because it's showing you the history in the days of Ahab and Jezebel is repeating itself right here in the United States.

Now when he said that back there in the sixties, you mean to say today that doesn't exist? That existed back in the sixties but it doesn't exist now? It has grown stronger now. It has become predominant now. Do you know why? Because these two beasts are fully manifested and these two powers are what control the world and their alliances like Canada, Britain, all these other so-called nations, Australia, and many of these nations that are confederate with the United States. Like when they went to take Iraq, and they had all these other people from different countries, and when they killed and they bombed and they plundered, they divided up contracts, they divided up the oil wells. "You, hold some here." When they killed Gaddafi, they divided that. When they went into Egypt and they removed the President there and they put in their own, Hillary Clinton said, "We came, we saw, and we conquered." See? Why?

This is a power in the earth! Nobody messes with the United States. Might not be on earth, but God said, "This whole thing is going under the sea." God said, "This whole thing is going to burn." Then you mess with God and see what He did to Sodom and Gomorrah, and that is the present-day Sodom and Gomorrah. He said, "All the filth in this nation is what we are sending all over the place here. All the different things that we have here."

Who is putting the transgender thing on every country? They went into Africa to put that, "You have to take this, otherwise, it's sanction, sanction, sanction!" Forcing that on them. This nation was a Christian nation? That is not Christian today. Does this nation care about people? No. They want the resources. Because the people said, "No, no, no. We could handle our own story [affairs -Ed.] now. Colonists used to come and they gave us their religion, they gave us this here, they did everything, they came and they took what we have and these things." They said, "Not anymore."

Because it's a whole new set of younger fellows who have experience. And they watched how their families and they watched how their generations suffered while these people came in from Europe. France came in, America came in, Canada came in, the Netherlands, all the Dutch, all the Spanish, all the people who were colonists, and colonized.

How do you think the whole Caribbean is colonized people? Indentured labor; slave trade. Still under their control. But why little Bethlehem, least of the princes? God sent a Word there that God carried It around the world. And not some new Word, It's the same Word that we received through the Prophet when those Seven Seals opened. He said, "I'm just dropping seed." He said, "God will bring men behind this here." He said, "And they will catch this and dig down in these places and bring these things out and make more sense to it." That is the thing, friends.

The ten tribes in Israel. Now watch, in the time of Israel, they had Saul, he reigned for forty years; he died. Then they had David, he reigned for forty years; he died. Then they had Solomon, he reigned for forty years, and he died. From Saul to David to Solomon was one kingdom. They didn't have two kingdoms; it was one kingdom. But after the death of Solomon, the nation was divided into two kingdoms. Rehoboam, who was Solomon's son, had some; he had Judah and Benjamin and these places. And then the ten tribes under Jeroboam which went into idolatry and worshiped the golden calves and all these things, that one there, is what Jezebel came and married into.

And when Jezebel married into that now, she used that because there were ten tribes. Israel had twelve tribes: two were with Judah and the ten were with what you call Israel. And they had their two different kings; how the kingdom was divided. And then, after Rehoboam and Jeroboam in their kingdoms, then

Jezebel married into the ten tribes because Ahab at that time was king of the ten tribes.

When Jezebel came in, (now watch this), she came with the avowed intentions of turning the nation away from God. And she did. And today the very nation is turned away from God, it's a godless nation. And the very judgment, the rock was thrown up and he said, "Judgment will start in the earth." Alaska almost sank. And from that time, he said, "That Good Friday," he said, "God shook the whole planet, though He didn't unbalance it." He said, "But the Hour is coming, Hebrews 12:25 [Hebrews 12:26-27 -Ed.] where everything that could be shaken will be shaken off; only those things which cannot be shaken will remain."

Friends, let me tell you, we are heading—the world is at a place here that this Word that is being expressed today must be taken with consideration. Don't say, "Bro. Vin said, and Bro. Vin said." You have to make It yours because Bro. Vin doesn't live in your house, he doesn't live by you and Bro. Vin is not sent to walk with you and spend all day with you. Bro. Vin is just a mouthpiece for God that is speaking and speaking to a people that God woke up to recognize: here is a servant, here is the Word. And you have to judge that, and identify yourself or don't identify yourself; either way it goes, that is your personal choice. Because Bro. Vin is not here to proselyte anybody and say, "Come here, and don't go there." Bro. Vin is not a man who is bad-talking that church and bad-talking this church and bad-talking... No, no! Not me. You don't hear that talk with me at all, at all. That is not me at all.

You see, because a man didn't talk me into the Message. And no man brought me in the Message and no man in the Message taught me what I preach. None. A Man came to me, as I said. I didn't put the Rainbow there. I didn't put the Dove there. I didn't put the Light there in the Czech Republic. I didn't put those things in... where there were about four hundred people in

Costa Rica that Sunday morning, I didn't put anything there. I didn't put it there in San Salvador, in El Salvador. And Mario Salvador was the pastor when that Light came down and they saw that whole Thing whirl and showing That is something outside the church. Because here was the Seven Church Ages there and then here that was outside there. Because we are not in Laodicea, in the Seventh Age, no. We have been called out into the Eighth Day. Eight is a New Creation; seven is completion. Eight is a new beginning. The Eternal Church Age at the end of the Seven Seals.

These things that have been brought to us over the years have been line upon line, precept upon precept. I tell people, I say, "Are you hearing somebody preaching clearer than me? Bring it and let me see it."

They say, "Bro. Vin, I don't understand you."

You don't understand me? So clear? Do you think it's that I'm not clear or your ears need clearing?

Jezebel married into the ten tribes to Ahab, who was king of the ten tribes. Idolatry increased rapidly among them. She killed out the prophets of God and she became the power behind the throne and Ahab was just the figurehead.

Do you remember... I am talking to you now in the assembly here. When those things were going on and we brought the videos and we showed Tony Palmer and all the different things, and all the big Pentecostal leaders who went up into the Vatican. And then the Pope, now, was gathering everybody together. And they came and submitted and gave their support. Why?

Because they didn't know they were banking in the Catholic Church. They do not know that the politicians that they are backing up, are being put there by the Catholic Church. They didn't know they were in Romanism. By the time they woke up, they realized these people had them hook, line, and sinker; tied up, and there was no way they could come out. And these people know all their evil and their business and all that

they do and all their schemes and everything that they do; these people know it.

Because these people come in right there, T.D. Jakes, all these other big bishops and they that they have; the kind of half-crazy one who is always talking... all these people. And when you go there, you sit down and see people in the tens of thousands. You see, look at Joel Osteen, sixty thousand people. Look at the Zionist, (what is his name, a big heavy fellow?) Hagee, John Hagee and they. They are only preaching nonsense! They have no Truth! And you see all those people sitting down there and saying, "Whoo! That man!" And they are supporting Zionism. And they were criticizing people who were saying, "But look how they are killing out all these Palestinians and different things. Look at the willful bombing and the flu medicine and all these different things." And as far as they're concerned, they don't care, they are not of God, they are not people. Do you think it's easy in this world? It just shows how people get so lost. They get so lost.

Jezebel married into the ten tribes to Ahab, who was king of the ten tribes. She became the power behind the throne of Ahab. Jezebel eventually took control of the two kingdoms: Judah and this one. First, she took the ten tribes when she married Ahab. He is the figurehead; she is the power behind the throne. She is coming... Just like the United States. Do you think Biden is running anything? That is what the rulers of darkness are giving you and feeding you. "And he is the president of the United States and so and so, and so." You see the man, almost like he wants to pee down [urinate on -Ed.] himself and the man can't stand up and falling down and all kinds of different things and you want to know, well, "President of who?" When the man starts to talk, he talks two words and he loses his thoughts and he doesn't know what to say.

Do you really think? As I told you all when I preached, I said, the world is not controlled by nation-states. The

world is controlled by the multibillionaires, the ones who came into inclusive capitalism with the Vatican, who is controlling the wealth of the world, who is controlling all the industries of the world, who is controlling all these things, who has the wealth; they are the ones ruling the world. They are the ones who told the government, “Shut it down!” 2020, pandemic! Not the World Health Organization. They are controlling the World Health Organization – the pharmaceutical companies are who made billions off of that. And all those governments are behind it.

Right here in Trinidad, they let people in Trinidad take the vaccine, yet they knew what it was because they submitted to these powers. And then they walk around like big politicians and big papi [an important or influential person -Ed.] and they went here and they went there and these things. Do you think that means anything with God? No, that doesn't mean a thing with God. Just read your Bible and see.

Jezebel eventually took control of the two kingdoms when Athaliah married Jehoram, the son of Jehoshaphat.

See, Democrats were the ten tribes; the Republicans: Judah and Benjamin. The Levites, they had the temple in Jerusalem. So these two are the two kingdoms.

The god of this evil Age, friends, has blinded the people in this Laodicean Age; it is a blind Age. And how did it get blind? The god of this evil Age has blinded them. Who is the god of this evil Age? Lucifer. And who are his ministers in these systems? The Prophet calls it the ‘House of hell.’ And they had God's people caged up in there. And the Holy Spirit came and said, “Curse that thing!” And he said, “House of hell, give way to the Name of Jesus Christ,” and the people were coming out, delivered. He says, *Why I'm Against Organized Religion? Why Are We Not A Denomination?* [1958-0927 -Ed.] It's a prison house. The Bible says Babylon is what? The cage,

the habitation of devils; the hold, a stronghold of every foul spirit.

Watch the Bible, what the Bible says; not what we are seeing and what the media is telling us, or how the media is presenting it. Watch what the Bible says. That's the thing! Too many people now, they are in the media and they are watching what this one is saying and they are watching what that one is saying. That's the rulers of the darkness of this world. They are manipulating things, making you see things thinking that that is reality, but what you are seeing is an illusion, not reality. To know what it is you have to take it back to the Scriptures. And when you take it back to the Scripture you want to see if it lines up with God or not because the voice of God has spoken in these last days. The Lion of Judah hath roared in these last days; Seven Thunders uttered their Voices. In the days of his sounding, the Mystery is finished; there is nothing that is hidden that could remain hidden, everything comes into the Light. It is brought to the Light. The Light shone upon it and showed the origin of it: it's Lucifer behind it all.

I think I will just leave it, maybe for another day. We could always have it and preach it, and share it with you. But I think I will stop. I don't want to wear you out and wear others out over there and all of us. I mean, I left here, (what time this morning?) after three going to four. Trying to sleep, my eyes were running so much water, I could hardly see; the glare in the night there. Then got up this morning and realized: you are coming to preach, you have to preach this last service.

And so, to see Jezebel's capture and control of the United States which is a type of Israel. Israel is a type of the U.S.A. And Jezebel came in and captured the ten tribes and Judah. And the United States is divided into two: Republicans and Democrats. Democrats are the one that Jezebel came into. That's right.

That is where Catholicism in the nation, the purple curtain. The Prophet was telling them, “Watch that purple curtain.” Look at how she wormed her way into the cabinet. She is controlling the CIA. She is controlling the FBI. Look at the thing with Trump there. You see, what you see, if you could only...

Many times you are looking, but you are not seeing. You are watching something but you are not seeing it. Until you bring that into the Scripture and find the type of it, then you know: that is the shadow, this is the reality today.

United States: Republican and Democrat, two kingdoms. Go to the message *The Third Exodus* [[1963-0630M-Ed.](#)] too, you will find it also in there where he was typing it like that: two kingdoms. See? And the Democrats and they—the Republicans, when they started, George Washington, all these different ones. He says, “But today it is six of one, half a dozen of the other.” Because she broke both of them. She sent Athaliah over there in Judah. The first thing Athaliah did was to kill out all of Jehoshaphat’s sons to take control of the kingdom. While the mother, on the other side, Jezebel had already taken the ten tribes. And they had everything under their control. What I read for you, it says: “And the history of Ahab and Jezebel in the time of Israel is now repeating itself again in the United States of America which is a type of Israel.”

This is the *Pergamean Church Age*.

He is saying: *He has to be for that is history repeating itself from the time of Ahab. Israel’s history under Ahab is happening right here in America [it is happening right here] where the prophet of Malachi appears.*

The prophet of Malachi; Malachi is the one who gave the prophecy. So when he says ‘the prophet of Malachi’ he doesn’t mean Malachi. The prophecy of Malachi, you’ll find it in Malachi: “Behold, I will (do what?) send you Elijah, the prophet.” So the prophecy is that the Spirit of Elijah on a man is going to come here in the

United States, like it was back there. Because in the time of Israel, that Spirit came on a man named John who was the forerunner. What did the Voice say on the Ohio River? “As John was sent to forerun the first Coming, your Message will forerun (what?) the Second Coming.” Watch it. It always lines up with the Word.

... under Ahab is happening right now here in America... As Israel left... to worship in freedom, pushed out the natives, raised up a nation with great leaders like David... and then put an Ahab on the throne with a Jezebel behind him to direct, so have we done the very same in America. Our forefathers left for this land to worship and live in freedom.

... men like Washington and Lincoln were raised up but after awhile other men of such poor caliber succeeded these worthy men [then what?] ...soon an Ahab was set in the presidential chair...

When they had the first Catholic president. It was a Protestant nation protesting against all these things. But then the nation came and was led and seduced right into Catholicism. And they had their first Catholic president and then this drunk, half-dead man here; he is Roman Catholic. And don't think that Trump... Trump is Jesuit, his father is Jesuit; they raised up in Jesuit. People are thinking it's two things; no, she has control of both. Understand. They are saying, “Man, the Democrats... and the Republicans... The Republican is the better one!” They're the same. Read your Bible! Jezebel was controlling the two kingdoms. Judah and the ten tribes, she was controlling the two through Athaliah, her daughter; they are the same.

And Trump is walking around, “Make America great again!” Make it great again? And a Prophet saw it burned all over for rejection of the Word and they have been indicted? And he said they have passed Redemption, don't even pray for that nation? Who are you going to believe? The news? You'll believe the theologians?

Watch. So that one nation, look at where it is today, friends. Somehow, people have this American thing about them; ‘America, America.’ America today is where you see the days of Noah, where you see the days of Sodom, it’s where you see all of these things; it’s where you see prophesied in the Bible with the judgment, where it is going to be. Which nation has polluted the world? This nation. Which nation has gone in and killed and lied and has control of the media, all the communication networks, so they have the people so desensitized, they don’t know what is going on?

You see, preaching like how I’m preaching here, this is what made me a person of interest. And this is why, the first thing they came, one morning I got up and all my things—I have about ten thousand messages inside this iPad here, they did like this, [Bro. Vin imitates a person gathering things. –Ed.] and then they put it back in one thing. And I realized they had gone through everything, taken it, copied it or whatever they did with it. “Who is this man?”

Then when those fifteen Russians came here, all of them with military backgrounds; they are Message brothers but they were in the military. When they presented that passport: “Who is this man? Why are Russians coming here? He goes to Nicaragua and preaches. He goes to El Salvador and preaches. Those are two Communist countries. Who is he? He went to China and preached. Who is he?”

Trinidad is an island seventy miles by forty miles; how many people in Trinidad do you know that went to Russia and Siberia, even on the governmental level? No, it stirred up interest. But do you know the one thing? I am recorded wherever I go. So, you can’t put me anywhere that I wasn’t. If I went to Zimbabwe, you will see the hotel where I stayed; you will see me on the register. If I go to India, you will see me where it is, you will see the series of services, you will see churches were there. You’ll see it on film, you’ll see me preaching in the midst there, you’ll see thousands of people

gathered. Just like in Zimbabwe and these places, in the Congo. You can't put me anywhere.

You have to find a way to steal all of that information, burn it up, and then say, "I was here and I was doing this and they have me," and somebody manufactured something. But date, time, and place, no, it's over forty years plus, these things are recorded and they're there still – all the travels.

And I didn't go out by myself, to say it's a scheme thing; I'm with brothers, I have singers and musicians going with me, traveling all over these places. So when you put it there, it's kind of hard to change up all of this because you have to convince people. You see? So all of these things, they just marginalize me. I'm not locked up but I'm locked out. I still have the... Because God says, "You can take this but you can't touch this." I can still stand up and speak, and speak God's Word.

Remember how Ahab, when he couldn't get Naboth's vineyard? And remember when Jezebel came and saw he was crying on the bed?

"Wait, wait, wait. What are you crying about? You are the king of Israel! What are you crying about?"

He said, "The man doesn't want to sell me the land and I want that piece of land! I told him I would pay for it, whatever he calls." 1st Kings 21.

And she said, "What?"

I'm finishing up now, the musicians can come and play for me a little bit. Play it softly so I can come down, I'm trying to descend here.

It's something. So, when she saw him crying, she said, "You! You are the king of Israel. What is the matter with you? You are the head of this country; you're crying on the bed? And you have an army and you are ruling all of this and this man doesn't want to sell you his piece of land?"

He told him that was the inheritance of his fathers. The man was so committed to the Word of God. But she was a pagan, so she was not on the laws of Israel. You

can't sell your inheritance. If you die that goes to your next of kin. You understand? And if you couldn't keep it and through death somebody else was holding the mortgage over it, then in the time of Jubilee, if you couldn't pay for it, they had to loose it and it came back to you because it was an everlasting possession given to you that you can't lose when God laid it out.

They could shut down a building. They could try to put you in prison. When they put Peter in prison, he wasn't preaching? When they put Paul in prison, he wasn't preaching? He was writing letters and sending to churches. He was just working in a more confined state and a more difficult place to really operate and the bed wasn't so nice and then they were kind of taunting him and tormenting him and these things but he remained focused. He didn't let all the negatives around him paralyze his vision and interfere because he knew, "A Light met me on the road and a Voice spoke and told me and then sent me to Arabia, and I spent three years and came back. Then He started to call me 'the wise master builder.'"

And Paul started to realize his election and calling. Then the man's words became the Bible. Then God took the man into the Third Heaven and he saw theophanies, he saw terrestrial bodies, he saw all kinds of bodies, Celestial bodies. He said, "I know a man who was taken into the Third Heaven and saw things that are not even lawful to speak. Eyes have not seen, ears have not heard, neither has it entered into the heart of man the Things that God prepared for them that love Him."

The man wrote fourteen epistles, more than all the apostles put together who wrote in the Bible and is considered like 'the one who came in last', and 'he just came in the Message the other day'. No, no, no. You don't judge God's people in that kind of carnal way. No, God sends them because it is an arrow in God's quiver. And when He takes that arrow out and He shoots that, He sends it directly to a mark, the arrow of the Lord's

deliverance, where He is sending that servant with that Word to bring deliverance to His people.

That's why when we are in a Day like today, we see... Do you remember how Ahab played that scheme too, he disguised when they were going into battle? He disguised himself. Remember how Jezebel at the same time was painting herself? The many painted faces of Jezebel. She was hiding under paint and he disguised himself.

Sometimes people try to hide from God. Sometimes people try to camouflage themselves. Sometimes people try to impress other people that they are so with God and God-fearing, and it is all an image. This is a world of image, because you are seeing so many different images. Everybody, "I like this image of myself," so the next thing is, they start combing their hair that way. "I like the image of that kind of dress," and they start dressing that way. "I like the image of this here," so they start going here.

Let me tell you, this is not the Age and time to get yourself messed up. You have to know when you are dressing, you are dressing decently. You don't have to use dressing to... Know that when you dress, you are dressing for Jesus. You are not dressing to attract this man, or influence this one here, or attract people's attention to yourself, and you sew down and tie down in certain places because you want to draw more attention to certain parts of the anatomy. When I see that I know there is no Holy Ghost, no Holy Ghost at all. No Holy Ghost whatsoever. Holy Ghost – modest apparel. Holy Ghost – soft, gentle. A woman doesn't have a spirit like a man. No, she has a gentle spirit. When you see a woman hard and calloused, you say, "What is that?" That is a perversion. Because a woman is made to be soft and dainty and these things. She has wisdom, yes.

Look at Abigail: beautiful countenance, full of wisdom. She stopped David and a whole army from

going and destroying a place. Just the grace, just the wisdom. They were coming for blood and she defused that whole thing. Look at Deborah, the eagle under the palm tree. Oh, my! Watch the woman.

Look at Jael; the big, ‘baddest’ [worst -Ed.] man was running, and God sent him into her tent because God knew she had what it took to deal with him. He was only big and full of talk. She fed him, she told him, “Lay down here and take a rest, nobody knows you are here.” And this time she already had the hammer, (the mallet), and she had the nail. When she was finished with him... When so many people, soldiers feared that man, “Boy, do you know that man?” this woman fixed him so easily. Wisdom, faith, understanding she was a real true-born daughter of God. She didn’t have to fight up; no fight-up business. She didn’t do that to influence people, “I’m powerful, you know! I’m a power woman.” No, she was in her house. Nobody knew what was going on, so she had nothing to prove to anybody. She was just following instructions from the God she served.

He said, “Feed him, feed him, put him here. He’s running, he’s tired, and he’s hungry. Give him something to eat, he will fall asleep after. Then, it will make your work easier. Put your mallet and your nail close by.” Of course.

Let’s just pray, while they keep playing the music softly.

Beloved Jesus, we are so thankful that You are in our lives. We are so thankful that we are not looking at a picture on the wall of a Cloud and a Man’s face and saying that’s You because that picture of that Cloud cannot come to us and talk to us. But You, dear God, You come to us. And when we would pray and make our requests known unto You with sincerity and faith, Your ear is attentive to the voice of our supplications.

We don’t have to try to impress because You are the One Who made us, and all the defects we had, You are that great Potter Who took the vessel and broke it and

remade it over because we all, by our first birth, came as marred vessels. We came as vessels that You just could not put in service because You knew the type of vessels You made us to be and where we fit in Your plan and the type of service You ordained to fulfill in and through us.

It's such a great thing, dear God, that we can hold in our hearts knowing that You foreknew us; even before we were expressed You had Your picture in Your mind of what we would look like when You bring us into expression in the earth. You had Your choice of places where we would be born, Lord, what kind of body we would come in to reflect what race. All these things didn't happen by chance; they happened by Your Divine design because we are all vessels sanctified, fit for the Master's use, prepared unto every good work. Vessels of honor; vessels, dear God, as they had that scroll, that title deed in that earthen vessel, so, dear God, Your Word, this Seven-Sealed Scroll, oh God, like You told Ezekiel, "Take the Book and eat It!" Like You told John, "Take the Book and eat It."

Lord, in both times when that Babylonian power was in the earth and taking control of the earth, we see how You put those shadows that, Lord God, we who can look back at those shadows, those shadows of Ezekiel, and of John on the Isle of Patmos, John the eagle, the fourth living creature, the one that didn't fully understand the Messenger when he was transported into that future Day and he bowed to worship and he said, "No, see thou do it not. I am of thy fellow brethren, the prophets."

In the very time when people wanted to worship Your Prophet and call him God and all these things because they thought it was him doing these great miraculous and powerful things and knowing the secrets of their hearts and these things. Because with their theological mind, they couldn't see it was You, Father, the same yesterday, today, and forever, Who said, "I will dwell in you and I will walk in you and I will be Your God and

you shall be My people. Know ye not you are the temple of the living God?" A people that You separated unto Yourself. A people that You called Yours. A peculiar people, a royal priesthood, a chosen generation.

And so, in this Hour when we see how dark the world has become, how evil and sinful, how diabolical when we see the rulers of the darkness of this world, the spiritual wickedness in high places, like was demonstrated there with showing all these things with the opening of the Olympics; principalities and powers.

Oh God, this is Satan's Eden. It is supernatural devils unseen to the eye, but we can see what they are doing because we know the prophecies that were spoken for this Hour.

May today, dear God, as we offer this prayer to You after Your people's been sitting for a while, closing up these meetings, our strategic alliances, Lord, where we come in unity, where we come, dear God, that the Word can be ministered to Your people not just in our country but to many foreign lands because You have a plan and a purpose to send Your Word, Father.

Your Prophet back there knew when You told him, "Go back and store up the Food." When that time came, he said, "When the famine steps in for the hearing of the true Word of God, there will be Bread." Like Joseph, when he opened the storehouses in the time of famine and he began to bring that corn that was stored up, Lord, so in this Hour as the famine increases, as people, dear God, have no real direction, don't understand, but Lord, You have a people. You have those names in the Lamb's Book of Life. You know where everyone is where You have placed them. You know how You have dwelt with everyone. You are the One Who poured Your Spirit out into them. You are the One Who set them positionally on the earth. People might see some of them like nobodies, like nothing, just going along but, Lord God, they know what You have done in their lives. They know what You have designed them to be, the gifts that

You have put in their lives and the work that You have allotted out for them just like You did with Your apostles and how You sent them into different parts of the world.

So, dear God, we know that this will escalate soon into the place where, Lord God, people will find themselves having to make decisions. May, before that time comes and that time, we believe it is right upon us because these Things, we have been speaking these Things for many, many years knowing, but now we have seen how the world has changed so rapidly. Now we have seen how low and degraded. Now we have seen how dark and evil. Now we have seen, Lord God, from the highest form of government down to the lowest cities and towns where people are.

When we see all the schemes with the immigration and the people that they brought in and all the restructuring that is to take place, everything, dear God, but the people are not paying attention because they have already been manipulated and their thinking have been rearranged and they are walking after the intellectual sense of things and not the sense of the Holy Spirit leading them. Because the only way that they can truly overcome is to be in contact with You.

But, Lord, You said, "The Seal of God standeth sure; the Lord knoweth them that are His." Because You put their names in the Lamb's Book of Life and these are the ones that make up Your glorious Church, a Church without spot or without wrinkle. Because these are Your purchased possession, that they have been bought with Your very Own Blood. You are the only One that has the rights of ownership over them. And they know it and they find a security and a peace that they could have surrendered their lives to You. Because having You in their lives, oh God, they know they have Divine leadership. They know that they have Divine understanding. Because Your Spirit, the Teacher on the inside is the One Who teaches them, Who guides them.

It is the One Who checks them when they go to do something that is not according to Your will and purpose, when it is out of season or something. Like Your Prophet many times wanted to go and do things and You stopped him, You said, “Change your ticket, turn around.” Like when he wanted to go to Israel and preach because of the people and the pull and all the excitement, and then You had to show him the Scripture and he got back in his place.

Oh God, if he who was led by You, You Who designed him and made him to be a Prophet, a Messenger for the last Age, and yet You had to train him, You had to teach him. Many times... When those three hundred ministers ganged up and they came against him, to challenge him and these things, just like those priests of Baal on Mount Carmel and the big challenge was on, but Elijah stood firm. Oh God, he knew that You would stand for him, that after they shouted and they bawled and they rolled and they cut themselves, then the time came and he took his place. After he built the altar and set the wood and everything else and then put the sacrifice, he poured the water upon it to show that it was not any strange fire, it was not any gimmick. And when that fire fell, he said, “Father, I have done these things at Thy Word, let the fire fall.” What a challenge that was. It was at the time of the evening sacrifice. The evening messenger. And he turned the hearts of the children, the Bible said, back to the faith of the fathers.

God, we see that he had to be in battle first with all these ministers and all these things, who were challenging him, and all the churches. It was a plan trying to break him and excommunicate him but, Lord, because You stood with him, they couldn't... They might speak evil against him but they couldn't stop that Word that was coming out of him. They couldn't stop that discernment. They couldn't stop that operation of the Spirit; *that* they couldn't stop, because they knew, but

it just showed the kind of condition, the caliber of men that those were.

May we be a people that are not ashamed of this Gospel, but that we will know It is the power of God unto salvation. That we would not be ashamed, oh God, that we would try to live in such a way that our lives would be worthy of the Gospel that has called us to walk in the Bloody footprints that have been pointed out to us. Like Your Prophet in the vision told Tony Zabel, "You see, Bro. Tony, those footprints and the Blood there," he said, "that's what I followed all my life." He said, "You follow that and It is going to bring you into Glory." Oh God, we want to follow, Father. We want to follow closely.

I pray today that every man and woman, boy and girl, Lord, elderly, middle-aged, young, that these Words would be kept sealed up in their hearts and they would keep It under their consideration with prayer that the Holy Spirit would really awaken. Seven Thunders were to wake up the Bride. Seven Thunders were to show us how to prepare for great Translation.

Remember in the message *Desperations*, [\[1963-0901E-Ed.\]](#) Your Prophet said, there is something great coming but except we have the Token to examine it, it will pass right through us; we'll not even see it, oh God. He pointed back at John the Baptist, the people were saying, "We know that Elias would come." He said, "He has already come but you didn't know it. You failed to recognize it." He said, "That was John the Baptist." Not a man like him. The greatest man born of a woman, filled with the Holy Ghost in his mother's womb. But he came so simply that the people failed to recognize who he was. But he was the one that had the revelation of who the Lamb of God was; this One, the Kinsman Redeemer, that he could have said, "Behold the Lamb of God that taketh away the sin of the world" and pointed Him out. And the Elect saw it. And the Elect followed it. Others who tried to come along for bread and fish and these

things, they had to fall away because they were not considered in the election.

Let us walk with this consciousness, Father. And may You give increase I pray, to all Your children, Your sons and Your daughters. You said, "Blessed are they that hunger and thirst after righteousness, for they shall be filled." Oh God, may You bless them. May the Spirit of wisdom and revelation in the knowledge of Jesus Christ be their portion. May a fresh baptism of the Holy Ghost to those who have received It, oh God, may they receive an increase, dear God. To those who are hungering and crying out and emptying out, dear God, may You send down the Dove, Father, that blessed Holy Spirit, Lord, into their lives that He can take His abode within their hearts.

Grant it, dear God. How we love You and appreciate You, Father. How we thank You today, oh God. All that was left out, Lord, You have Your own Supernatural way and You have Your time and season, Lord, to bring It back at some time. But, Lord God, for today we stop here and we are thankful for Your Presence; walking into the pulpit after hardly being able to sleep last night, going to sleep at about 4 o'clock in the morning and couldn't even fall asleep. But, Lord God, just walked into the pulpit and just felt that I didn't have to think of a word. Now closing with my prayer and asking, dear God, bless each and every one, Father. Take away whatever spirit of fear and bondage that Satan might be trying to put on some and keep them indecisive and keep them confused and these things.

May You visit them. May You pass through the neighborhoods where they live and may You come in among them. May, while they sit, maybe praying or meditating, may that still, small Voice that speaks from the inside whisper to them, dear God, that they can know, dear Father, oh Jesus, that Lord, You care. You said we can cast our cares upon You because You careth for us.

Bless Your ministering servants, my beloved brothers. Bless the pastor and host of the meetings, our beloved Bro. Felipe. Bless the ministers who spoke, dear God; our brother from Mexico and from Indonesia, bless them, dear God. Bless each and every one, Father. Bless all the singers and the musicians who practiced late into the night and wee hours of the morning, oh God, that the meetings can have quality and how they sacrificed their time and how they always respond to the call of duty, oh God. Surely all these things, Father, are pleasing unto You. We commit them all into Your hands, in the precious, wonderful Name of our Lord Jesus Christ we pray. Amen and amen.

Amen. Timmy has a couple of songs here that they are going to sing. Timmy will take over from here and introduce the singing and different things and tell you what is happening because he is in constant communication with the brothers where they're all gathered in Ecuador and those around the world by God's grace.

Thank you again for your patience, your kind consideration to come and sit and listen. I trust that you felt that in the midst of everything, there are some things that you can take with you and go knowing that the Lord dropped something in your heart by the grace of God, to bring you into a closer walk with Him. Just a closer walk. Amen.
