*The Evil Merchants And Their Merchandise*

TRINIDAD  
SUNDAY 23<sup>RD</sup> JULY 2023

**BRO. VIN A. DAYAL**

Amen. I think you could respond to say, “Yes, I am making ready for a paradox.” They are confessing that they are making ready for a paradox. What about you? The Bible says, “The Bride hath made Herself ready.” And It says they that were ready were who went in with the Bridegroom.

You know in this Hour here so many people are talking about they want to go in the Rapture, and the Rapture is at hand, and they want to go in the Rapture and you see them unprepared. They are not made ready. They are not conscious of the preparation.

How many of you know the Message came for preparation? The Pillar of Fire was for vindication, and the Token in you on display is the consolation. It is the sign that the One Who makes one ready to go There is in you. Oh, praise His wonderful Name.

I am certainly happy to be here today. We are a people who, I think, consider ourselves a hospitable people. You know, hospitality is a great thing in the Bible. We see the Supernatural always follow that, from in the Book of Genesis where Elohim and the Angels came to Abraham. And Abraham with discernment, quickly, he said, “Sarah, go and make the cakes quickly!” He told the young man, “Dress the calf. We have guests, we have visitors.” They were so sensitive. That hospitality brought them back young; changed them. And when

Sodom was burned, they were already outside in the Presence of God. It's a great thing – hospitality.

The Shunammite woman; many men passed that road, but she saw this man. She didn't know him. She didn't know who he was. But she realized when he's passing through here, he goes to a place to pray. See? Remember this was a Gentile woman. And Elisha was following Elijah. And the Spirit of Elijah was in this man. And she had not yet known all what was resident in this man. But her barrenness was going to be turned into fruitfulness because of this man. Because God planned this man to come into this woman's life. You understand? And God put that sensitiveness in this woman to notice this is not masculine. In other words, it's not like a woman passing some man. No, no, no. This woman knew just the way the man moved, just the way the man walked, just the way the man was focused.

The man was passing; he saw the lady outside. If he didn't call out to her because he didn't even know her name, he just kind of bowed his head in respect, "God bless you. I'm passing through your territory. I am going up in the mountain to pray."

These little things touched this woman. There were many men in that place there, but it had something about this man. She said, "This man is different. What makes this man different?" Do you know what made that man different? The Spirit that was upon that man. The election and calling of this man who lived in the days when Elijah had come and turned the hearts of the children back to the faith of the fathers. But the Spirit of Elijah was going to continue on because the Spirit didn't do all the work in Elijah. "I, Jesus, have sent Mine angel, Elijah, to testify these things in the churches." Sure. "And," conjunction, "the Spirit and the Bride say, come." By and through the members of the Bride, He will finish the work. And She knows it is He in Her. She knows it is He in Her. If other people don't know it, She

knows it is He in Her fulfilling His Own Word He left for this time.

Strange. Spiritual life is not... Let me tell you, spiritual life is what this is about. This is not church life. This is not a religious life. This is not, "I'm a Christian." In other words, "I'm not a Hindu, I'm not a Buddhist. I'm a Christian. Don't you see my cross?" No, no, no, not that. Not that. These are people with a Birth, with an experience, who were considered in Redemption, in God's election and calling, and in their earthly journey God came to them. If they were humble, they don't get proud; they get more humble. If they had a little faith, their faith increased. Whenever God comes into your life, you go on the increase. But it doesn't change you because He already put the potential in you to give you the personality He gave you to make you up the way He made you up. Things that you pick up along the way that are not from Him, He just drops it off. He just gets rid of it and leaves you with what He put in you when He designed you and chose you, and put your name in the Book before the foundation of the world. And when you come to earth, you come in His time and His season, that He appointed for you to come. You are not coming by chance; you are not coming by mistake.

Sometimes parents say, "This child was a mistake. I didn't want any more children."

No, no, no. They don't understand. It's not about them. They are just a womb that God chose to bring an Eternal attribute of His. That's why they grow up and the parents don't understand, they find this one is odd. He has no education; he doesn't want to go to school. He spends all of his time out there. He's talking to God. God has a work for him. He's not of this world. You understand?

That was William. You know that? Look what he became. Look at all the ones who went to school and tried to become something. They haven't done anything for the Age, they haven't done anything for the Bride.

They lived and died, and they didn't even know who they were.

That's why this life is not a shallow life. This is a deep life. This life only grows as you enter more, and you surrender more, and you make yourself more yielded, more available. This life is not by your might and by your power. He said, "It's not by might nor by power. It's not him that willeth or him that runneth, but God Who showeth mercy." "It's by My Spirit, saith the Lord." That's what this life is about.

And that's why people don't understand the real Bride, you know. Let me tell you, that's why people don't understand the real Bride. Because the real Bride is not a title or a tag you put on yourself and say, "We are Bride, and they are foolish virgins, and they are harlots." No, no, no. It's not a tag you put on yourself. The real Bride is who was always part of God and who was chosen in Christ before the foundation of the world. The real Bride came here as real Bride. You understand? They are awakened. That real Life is awakened. The other life in them, God had to kill that snake. God had to burn out that old nature to bring forth this one. But this one, they came with it; always was Eternal as God is Eternal.

The body, you could do things for the body, but the body is dust of the earth and it goes back to dust. But the Eternal Life that God predestinated in you... That's why He said make your election and make your calling sure. Sure! Don't kind of think, "Well, I am Elect. I'm in the Message; I am Elect." No, no, no. That hasn't been made sure yet, because God is identified by His Own characteristics. You look for identification because those characteristics cannot be impersonated. It is what comes out of the resident Eternal Life. Out of there, faith and virtue and knowledge and temperance and these things. Because that's His very Own Life. He said make that sure.

“His election? He chose me? If the Scripture says so, how do I know I am chosen?”

Your name is in the Book.

“How do I know my name is in the Book?”

Go in the Book. And as you begin to go in the Book, you realize—it just takes about five minutes and you realize you can’t read it and don’t know who you are. And you don’t know which part of the Book to look because the Book has sixty-six Books inside of that one Book. But when you start to ask for the Spirit of Truth, because that’s a promise: “I will send you the Comforter, the Spirit of Truth. He will bring back the Things to remembrance. He will teach you all Things and He will show you Things to come. I will make My abode with you. I will dwell in you and I will walk in you.” This is what He said He will do for the people whom He chose.

And as He moves upon you, make it sure. Don’t go along casually. Because when you make it sure, you get convinced. And if you are really convinced, you are concerned. You are concerned about that weak one. You are concerned about finishing His work. You are concerned about laying aside your things to give preeminence to Him Who wants to work in and through us to fulfill His Word.

That can’t happen—you don’t teach a person to do that, and say, “Okay, I’m going to do that. How do you do that again?” No, no, no. That comes by surrender. That comes down by first, a recognition that He brings to you that it’s not by your might, it’s not by your power. You are without strength. You don’t have the human ability to do that. That is not an inherited thing from parents. This body is an inherited thing from parents, not that. That is from the One extreme Parent – He, Himself. And when that comes, then you want to know—you want to talk more with your Father and you want your Father to talk to you. You want your Father to reveal to you.

Because only the Spirit could give revelation. Flesh and blood cannot reveal it. “And upon this Rock of this revelation, I will build My Church.” Then that kind of Church, the gates of Hell can’t prevail against it, because Satan is temporal life. Temporal life cannot overcome Eternal Life. Temporal life could mess up your flesh and your mind. Satan could do that to you. But there is something inside of you. Just the whisper of Him, just Him passing through, just the touch gives you goosebumps and you know that is not a devil because it didn’t bring a scare in the sense of...It’s something that, oh, you wish that could stay. When it comes, you wish that could stay. But sometimes He’s just visiting you, He’s passing through the neighborhood. He’s just checking on you and seeing how you are doing to let you know you are not forgotten. “I am passing in; put a little anointing upon you.” You find you feel good for the rest of the evening. And you say, “I don’t know what happened today, like I was just in a certain atmosphere.” You try to get your own words to describe it but He is moving. There’s something about it.

From a little boy about three years old, I could remember that. What was making me go in the cane field to talk to a Man I don’t even know? An invisible Man. When that Man came in Santa Cruz all those years after, thinking I was going to Tibet, that Man was right there. When I didn’t have a room to sleep in, under my mother’s house with a bedframe, with a piece of wood and a piece of styrotex [styrofoam -Ed.] and I tore a cardboard box and I put it upon that, because the styrotex creates a heat and it gets so uncomfortable. Afterwards, your nose wants to bleed and these things. And inside of there, a Man came and hung there and started in Genesis, Seven Church Ages.

So, it’s like how come you know that? No, I don’t know it. All of that is given. And the only reason He comes is because that is His predestination. “Tis’ so sweet to trust in Jesus. Just to take Him at His Word. And then

rest, not work up, just to rest upon His promise.” His unfailing Words of promise that Heaven and earth will pass away, but not one jot or one tittle of that Word could in any wise fail. Rest upon It.

It’s such a great thing after serving the Lord down through these years. When last have you—Well, I tell this church that almost every time I go to preach: look back in your life. Look back in your journey. Pre-existence, earthly journey, eternal destination. I remember when God quickened it to me in St. Vincent, I was there at that time. I read one or two things and I know there was a revelation in there. As I went through the Message, that is about one or two places, he mentioned it one way and mentioned half of it somewhere else; just like a sentence. And that day, after thirty years, it came so clear, right there. I said, “Bro. Ellis, Bro. Ellis, something happened to me a little while ago here.” I said, “God opened this thing to me.” And I started to preach from there: Pre-existence, earthly journey, and eternal destination. Your angels behold the Father’s face in Heaven. The Son of Man, He said, “Don’t touch these little ones at all.” You see? That’s right.

I see people try to touch me and put me in prison, do all kinds of different things. Then I see the same person begging for their job to come back; big Attorney General and these things. I sat down and saw how they ran out of things to charge me for, and they couldn’t find any evidence. I didn’t let that come around me. I just stayed and did what I was doing. Do you know why I do that? I have people who believe in me. Then when that kind of trial comes, you realize I don’t just talk. You realize I believe. And do you know where that comes from? The Man I used to talk to in the cane field and the Man Who came to me there. So it really has that Man. And I am standing here this morning, that Man is right here. I am telling you that. I am not making that up. That Man is here! That Man is here.

You say, “Well, how are you so sure?”

Because I believe Him. “Lo, I am with you always. I will never leave you nor forsake you. I will be with you and in you even to the end of the world.” Go and see if He says that.

Do you know why you doubt? You aren’t doubting Him, you know. You aren’t sure you’re from Him. When you are sure you are from Him, from the time you see that, your life changes. You hold to that Word. And something tells you, “I didn’t just read that out of the Book. I’m reading that because I am one of the people He had under consideration when He was saying that. Their name was in the Book.” And if your name was in the Book, where did we get ‘seeing your name in the Book’ from? Where did we get how to see yourself? Because you aren’t Malachi 4:5, and you aren’t Revelation 10:7. You aren’t Luke 17:30.

So, you see something, where Eve was chosen in Adam and blessed in Adam, a Mystery of Christ; where the Bride was hidden as a hidden secret yet to be revealed. Adam was being revealed, but she was there. And God had time and season to take her out and make her manifested for fellowship and union. Hallelujah! It’s the secrets.

Go far back and see how far back those things were preached in the early days, and brought out and placed out there. It empowers you as you walk from day to day and see the things that are prophesied in the Bible, the things that were revealed and spoken by the Prophet, the things that were pointed out. And when he pointed it out, we are looking to see it and we can’t see it. Because he was seeing it in vision. He wasn’t seeing it in reality because it wasn’t fully happening yet. But because he saw the Word and because he knew who he was, and where he fit in the Word, and the plan for the Age, he knew what already happened, he knew what was happening. That’s why he preached in the present tense, always. And then he knew it had some ‘Things

that are to be'. When the Spirit of Truth is come, He will make those things known. After his departure, it isn't finished, but by and through the members of the Bride. And that Bride will see themselves in the Word as he saw himself in the Word. What gave him faith? He said, "Jesus had perfect faith because He understood His position." He found Himself. He saw Himself in the Bible, what it was prophesied of Him to do. Then if that gave Jesus perfect faith there, standing there to walk and take those Scriptures and say, "This day is this Scripture fulfilled in your ears." And He is not talking about a twenty-four-hour day. He is talking about the Day when the Son was supposed to be there being revealed among the people. The Bride's Day was way back from 1966, because the Messenger went off in '65. Elisha didn't have anything until Elijah went. The Apostles didn't have anything until Jesus went up. Because the two can't be there at the same time.

And that's why it's such a beautiful thing to serve God in this Hour and know His promises are 'yea' and 'amen'.

I have something I want to speak on today. I want to speak on "**HUMAN TRAFFICKING**" and "**The Evil Merchants And Their Merchandise**". Listen to what I am calling it: HUMAN TRAFFICKING. Man has become and is being related to as a commodity, by those who see themselves as having the power and the right and the control over the lives of others. Now, that evil is coming from the tree of knowledge of good and evil. That evil is coming from the evil one. Because the Lord Jesus purchased us by His Blood. But Satan wants to sell us. He wants to sell your children. This is the Age for that.

Do you remember when I preached when they had the war in Syria? Tens of thousands of people disappeared. They had a corridor—This is military language. In other words, war is there and people are fleeing for their lives. Well, they have the routes set up already for the dispersed ones. Because the system is a warzone. So it's

not like, “I’m going to wait here for the bus.” It has no ‘wait for the bus’ when it has war and bombs and planes are flying, and people are being killed, and cities are being destroyed and these things. It doesn’t have that. People are running. They are fleeing. No, people are not... Like Jesus told them, “When you see Jerusalem compassed with armies, let not your flight be in winter neither on the sabbath day. If you are on the rooftop, don’t even come down; if you are out on the mountain, don’t go back into the city. Don’t go back and say, ‘Oh God, my possessions.’” Like Lot’s wife, all she had to leave... “Don’t go back for a thing!” But people get attached to temporal things.

You see, temporal life only knows temporal things. And temporal life can’t see they could exist... And that was Israel’s problem going through the wilderness.

“We want to go back for watermelon!”

God said, “You mean to say you want to leave and go back into bondage for watermelon and garlic? You haven’t even gotten out of the place where you like this food, and if you don’t get that food, you aren’t happy. That is meat for the belly. And here is the Pillar of Fire. Here is a vindicated prophet. Here is after four hundred years, a deliverance.”

But do you know why they were like that? They were not looking for deliverance. They were not expecting the deliverer. Because when the deliverer came, he did not say, “I am the deliverer,” you know. No. With signs, with wonders, with miracles, until Egypt was broken, and death started through the firstborn. And when they were so shaken up and broken, Moses went out.

If you ever saw *The Ten Commandments* [1956 Biblical Film -Ed.], you see it right there. It is dramatized before you. Sometimes you read the Bible and you can’t visualize. So, sometimes when you see something dramatized, you get an idea. If they were conscious; if they were conscious. From the time they see that prophet come on the scene, from the time they see a Supernatural power,

you start to do the math. You start to do the math: how is he doing that? How does he speak about that and that is happening? When they looked back, it had nothing to compare that with in their history, you know, because that is Exodus.

So that means, everything that you read in Genesis, the only place you can find to compare with that, you have to go back to Genesis 1 and 2 – Creation. And realize, He is still a Creator here all these years after. Because remember after Genesis, it's Exodus now, that is the world. Two thousand years had already gone, you know; history, you know. This was something happening now.

That is why when we look here now, if we can't see two thousand years ago, we are confused. Because two thousand years ago, the churches came together, rejected Jesus under a conspiracy, and gave their support to the Roman power so they could kill Him and get rid of Him. Two thousand years after, as it was in the days of that first Coming, so it will be here. As it was in the days of Noah, as it was in the days of Sodom, even thus shall it be in the Day when the Son of Man is revealed again. History repeats itself. That which was is now; and that which shall be, hath already been. There is nothing new under the sun.

See, these are not things to learn and repeat. These are things to condition you to think this way, to get into the... Because this is the mind of Christ coming down, and when that comes down, and we see, "Oh, it is so we have to see it," then mentally, our position and our attitude and our expectation, all these things get rearranged, they get refixed. Because the sex birth brought us confused. When the Spirit comes in and brings the New Birth now, all of that lines up correctly.

So when you are walking there now, you have faith, you have an expectation. You know, "Lo, I am with you always. I will never leave you nor forsake you. Where two or three are gathered in My Name, there am I in the

midst. Ask what you will.” See? Then you are that way because why? These are the things that as a newborn babe, you nurse from the El Shaddai. And you are desiring that sincere milk of the Word.

Like the baby on the mother’s breast, from the time she is born out of the—that body comes out of the womb and the life comes into it, then there is an immediate connection with her and the mother. There is a sense that moves her not to hold the mother’s toe and suck it or hold the mother’s hand and bite it. No, she goes for the breast. Because the breast is where the nourishment for the child that is born is. And something leads it to find its food. And that food is prepared in the mother’s body before the child comes. God doesn’t wait until the last minute and say, “Hey, I forgot to do that.” No, no, no. God’s things are always in order.

Now when you read that, you will say, “Well, I didn’t hear the Prophet say that so.” Or somebody says, “Well, give me a quote for what you just said there.”

You see? This is where you realize they’re still in the old birth. They’re trying to work with memory, still in the old birth. Because this is the mystery of life. That’s why He is called El Shaddai because He is male and female.

“How could He be male and female?”

Wasn’t Adam? Where did Eve come from? God took some more dirt and made the woman? No. God took part of the man because the woman was already expressed in the man. When were you chosen? The day you came? No, in Christ, before the foundation of the world. If you weren’t part of Him back There, you’re not part of Him here. What makes you recognize Him here, is because that soul in you didn’t come from father and mother, so that didn’t come like twenty years ago. You’re twenty years, thirty, forty years, that didn’t come forty years ago. That is Eternal Life back There.

And that's why the Elect of God... He said, "Make your election sure. Make your calling sure."

"How did you come into the Message?"

"Well, a brother brought me one day to the church."

No, you're not talking that. None of God's children come that way. John 4, the people in Samaria told the woman at the well, "We came and we believed, not because you called us; we heard the Man ourselves and something inside of us registered. So whatever hit you and came to you, we have that same thing here. Because we came out to see if you really had an experience and met the Man you're talking about. You're saying you met the Messiah; well, we will know if He's really the Messiah or not. I hope He's there when we go by the well, you know." He was right there, waiting. He knew they were coming because He fixed all of that before the foundation of the world.

Oh, my! So beautiful.

**HUMAN TRAFFICKING.** When you hear of human trafficking, human trafficking is connected to weapons, drugs, trading of the souls of people, organ harvesting. I trust that God gives me the grace to speak it in a way today, because a lot of these things...

You see, the reason why people don't have expectation, why they are not ready, why they still find the world is nice or isn't too bad yet, and when they look they can't see hell on the earth, is because they don't know where hell or the inhabitants that were put in the prison house, the ones that were cast out of Heaven, they don't know where they are today. Because looking with human understanding and looking through these balls in your head, you're seeing people, but the only way you could understand demonology, you have to see what is behind that skin. You have to know what motivates and influences that life. That is why when you meet people and you're spiritual, you're not certain about them, there is a way you can begin to speak to go to their spirit and very quickly.

Like Bro. Branham, you know, he was there talking about the Pentecostals, and how they're such a fine church, they believe in the Holy Ghost and the Supernatural and the gifts and different things. All of the Pentecostals and they were really getting support and they were happy. And then he said, "But, the thing about the Pentecostals, they're more about emotions and sensations, and then they call speaking in tongues the evidence of the Holy Ghost, but they still have the same trinity doctrine that really came out from Rome." Now, you see they get upset.

Because God showed him himself with the kitten. Nice kitty. Oh, sweet kitty. Kitty, kitty, kitty. And the Spirit said, "Rub it back the next way." He said, "You're rubbing it so and they like that; you are inflating their ego. You're making them feel like they're so wonderful." He said, "Just rub it back this way."

When he did that, three hundred ministers were sitting there with their Bibles. Three hundred came to fight, because they felt strong, "It's only him; he has a seventh-grade education. Doctor so and so here has a PhD, LLD, QSD, this here. This one here, five certificates. This one can preach in three different languages."

When he came, he said, "I know you all question me on my doctrine and you are all gathered here and you have come to see and question me today." He said, "Well, I've listened to you. You're doctor this, you're doctor that, doctor this here. I have a seventh-grade education." He said, "But the thing is, He met me and sent me." And then he told them, "Come. Come here and stand with your Bible. Let's see if God is going to back you up or back me up."

Three hundred, you know. Some were crying afterwards, saying, "Bro. Branham, we've never heard anything like that. We are coming to be baptized."

He said, "Did they come? No. Not one."

They said, “We want the tapes to go and study the tapes.”

They didn’t come. You know what he said afterwards in *Indictment* [1963-0707M -Ed.]? He said their names were taken out of the Book. They’re alive in their body still, but the soul that sinneth or disbelieveth shall surely die. The soul that rejected the vindicated Truth shall surely die. Alive in the body but dead in the soul. There is nowhere for them to go back. They’re just finishing out whatever days are left before that body expires and then goes to the fifth dimension.

Like the rich, young ruler. When he ended up in there: “How did I get in here? I’m friends with the Bishop. I’m friends with this one over here. I’m friends with the Rabbi. You know, I had dinner with Caiaphas and them a few days ago. Look at me, I supported the great church in Jerusalem.”

Lazarus, who was begging by the man’s step, full of sores and dogs licking the sores, who didn’t even have money to go to the doctor, who wanted the crumbs that were falling from this man’s table, they saw him in the bosom of Abraham. His name was mentioned: Lazarus. It’s mentioned: “And angels came and carried him in the bosom of Abraham.” Up till now, this man’s name hasn’t been mentioned as yet. No angels came to take this man anywhere. He went to the prison house. He opened his eyes in Hell.

Jesus told that. Jesus pulled the curtain and showed the man living here, showed the man’s earthly journey had ended, and then showed the man’s eternal destination, where he went from here.

Bro. Branham came in this Day, I think it’s December 7<sup>th</sup> and preached *Leadership* [1965-1207 -Ed.]. He said, “My title is *Leadership* and my subject is *Follow Me*.” He said, “My title is *Leadership* and my subject is *Follow Me*.”

We see the Prophet, friends. I’m not talking about the Prophet’s picture now. I’m talking about the Prophet’s

name was in the Word. And we see the prophecy concerning this one who is coming for restoration of all things, this one that is coming to turn the heart of the children back to the faith of their fathers.

Now remember, the only thing that can turn the heart of the children back to the fathers is what was given to the children in the beginning—what was given to the fathers in the beginning. The fathers and they met Elijah – John, the wilderness man. They met the Son of Man, the fullness of the Word, fullness of the Godhead bodily. That Spirit that was on John from in his mother’s womb and was in this one, is going to come into these people who follow that. That Spirit that was in the Prophet was the Spirit of Christ. It was God coming to Gentiles like He came to Abraham back there and revealed Himself, showing the characteristics: it was more than a man. That’s why Abraham noticed that, and said, “Lord, Elohim.”

It is certainly something. And the evil, it has gone beyond, and still people, because... You see, a lot of people go by reading. It’s not just reading. Reading is literacy. When you’re reading, you’re not seeing. Job said, “I’ve heard by the hearing of my ear.” And it’s not just hearing alone. He said, “But now I see. I’ve heard, but now I see.” Faith comes by hearing. Now when you’re really hearing it from the Spirit; “He that hath an ear to hear what the Spirit is saying to the church.” Not a man talking. Because ministry, it is God working through office gifts.

And people say, “I don’t believe what Bro. Vin says.”

All they have to do is to look in the Bible, because if what I’m saying doesn’t make that Word real, doesn’t connect that Word, doesn’t make that Word present tense... Now, it’s easy to preach past tense and future tense, you know. To preach present tense, that Word has to be happening in you. There’s no way to preach present tense without the Word happening in you because it takes faith to bring you out of your comfort

zone and speak. Then you know if that is Truth or not. And if that is Truth, God will witness to that.

Look how much witness God put on these things. Not just here, but around the world in so many places. Because the part here I can stand and talk. But the part that God gave witness and God showed had nothing to do with me. You understand?

I say these things to lift your faith because you in your own life, if your life is 'come to church, go home', 'come to church, go home', listen to a message, do these things... Now all of that is part of a Christian life to do that, but the results of that is quickened and raised up into Heavenly places and being set positionally and beginning to walk with an understanding and in a relationship with Jesus where you know His Spirit leads you, guides you, reveals to you. Now that is where it goes into reality. When it stays, "Well, I read," or, "I put on the tape and I listened," and I'm doing that like, well, I have to listen to the Word because I want to listen to the Word. But when you are done listening now and you didn't get faith, it's because you didn't understand what you were listening to, because you were just listening. When you take what you were listening to, and you find it in the Word, and you start to meditate, and then you start to hide, "Thy Word have I hid in my heart that I will not disbelieve, I will not sin against Thee." See? And then, why? You hear it. Faith comes by hearing. You recognize it is the Truth because like the women in Berea, they searched the Scriptures, and they found that those things were so. And they were more noble than those in Thessalonica because not everybody searches to find out if it is so.

Some say, "I don't believe that. I can't see that." No, it's not what you think and what you believe in your mind and your head. Go and see if what is being said is in the Word. Then you could tie to the tie post. Why? Heaven and earth will pass away but that Word cannot pass away. Not one jot or one tittle can pass away.

And if that Word is being opened, it means to say, it is a closed Word that needs opening, and only the Spirit can open the Word. That is why the Third Pull is the opening of the Word. “Close up the words, Daniel. Shut it up. But in that Day of the Voice of the Seventh Angel, the Word will be opened.” And then the understanding of the Elect will be opened and the Light of the glorious Gospel will shine into their hearts to give them the Light of the knowledge of the glory of God in the face of Jesus Christ. Then there is a people who know, “In that day you shall know as I am in the Father and the Father in Me, so I in you and you in Me.”

Then that goes to relationship. That goes to fellowship. That goes to close communion. That is a billion miles beyond church attendance and wearing a dove here [Bro. Vin taps his chest. -Ed.], to say, “Watch the dove, you know, dove leading eagle.” No. The one God gives doesn’t be that. God puts the Holy Spirit in your heart, and that is the Dove, when the Holy Ghost gets in there. This is a man-made thing. This is a piece of jewelry. You understand? Just display the Token on the inside and people will know. Just as people get close to you, they feel that faith around you, they see the atmosphere you live in. They know, because you see, that cannot be impersonated. That is given. You are just a recipient. But because you hunger and thirst after that righteousness, you shall be filled. You see? You have something...

When faith finds its bedding ground, there is a place... Faith is revelation. When you hear faith, faith is not a boost in the senses. No. Faith is revelation. “The righteousness of God is revealed from faith unto faith”; revealed from faith unto faith. Faith is revelation. And revelation is sovereign in God; only God can reveal because He is the One...

Many of the men wrote things and they didn’t know what they wrote. Men of old were moved by the Holy Ghost, “Pick up your pen and write that.” Like the

Prophet himself, when he wrote it, he said, “Oh my God, all that I was looking for.” Under that surge, it was right there, *Spoken Word Is The Original Seed*, what we call, *The Word To The Bride*. Those things were not his words there. That was just like how men of old were moved by the Holy Ghost, It came upon him, and said, “Pick up your pen and write this.” When he wrote, everything was there. It was not his thinking, it was not his thoughts.

You see, these things make you look closely. And why do you look closely? You want reality because there are a lot of things... The two spirits are so close, that Satan will out-quote you with that Word. You quote half of it, Satan will tell you the next half. Didn't he bring the Word to Jesus and start to quote the Scripture for Jesus? Jesus said, “It is also written. Do you think I'm Eve?” He said, “It is also written.”

Eve said, “Oh my God, you gave me wisdom; a tree to desire to make one wise.”

Jesus said, “It is also written.” He couldn't shortchange Jesus with that kind of thing. No, no, no. And real believers are like that. Do you know why? The Holy Ghost in them is the Urim and Thummim. If that is the Word, that lights up; that lights up. Oh, my!

So, we want to dive into this a little bit, HUMAN TRAFFICKING, and speak of *The Evil Merchants And Their Merchandise*. You know I am led to find things and go a different way. The Prophet said that; he said, “I went up this way, the first two days. The next day I felt led to go different. Next thing there was a dove on the trail. Next thing I went up the hill now,” he was sweating, took off his shirt, and he leaned up now to say a little word of prayer and he heard the Voice say, “Watch over your heart on that rock,” and he saw ‘eagle’ written on the rock. He saw dove here; he saw eagle here. He said, “Next day I saw that eagle fly.” He said, “Oh God, Father, there is a Message coming forth. I pray You let the Dove lead!”

We were in Tobago. I just can't go yet. Even though I want to go, I have to talk a little bit. We were in Tobago, and we sat there talking with some of the brothers and I told them, in 1986, coming back from Kenya, Africa, we had the meetings arranged. I didn't even know that date, when we set that, was the International Year of Peace. I was going to find that out after. So, when I came back, and realized that the year was designated as the International Year of Peace... And they were printing doves because the dove is a symbol of peace. And they brought a whole bunch of stamps; I still have all of those stamps. I bought stamps, the different denominations of the stamps. Why? I am conscious this is happening here.

I came back from Africa and the Holy Spirit started to deal with me in *I Have Heard But Now I See*. [[1965-1127E-Ed.](#)] And anybody who knows that, knows that was preached the day before *On The Wings Of Snow White Dove*. [[1965-1128E-Ed.](#)] And Bro. Branham, he preached Job 42 in *I Have Heard But Now I See*. And Job 42, 42 is six by seven. And the Book of Job has forty-two chapters and it begins with the suffering of the man and it ends with his restoration. And in between there when the thunders rolled and the lightning flashed, Job rose up and said, "I know my Redeemer liveth." And the greatest vision, a vision showing life after death, after this mortal life, the immortality and this One Who is going to come down, this One Who holds a sinful man and a Holy God and brings them together, because this Man is a Mediator; this Man is standing in the gap between fallen man who can't go to God on their own merit. This Man is part of God and part of man, to be a Mediator.

Go back to those *Standing In The Gap* series and *Standing In The Gap* [[1963-0623M-Ed.](#)] message, you will understand. Take some time and listen to those *Standing In The Gap* messages. See? You will understand how all those things God divinely, divinely gave those things and opened those things in such

magnitude. And when that happened, he took that Scripture. And when Bro. Branham was preaching, he looked at a brother in Phoenix, I think it was in Tucson, he said, “Brother, you remember I told you I will preach on this one of these days?” Because Bro. Branham began to see Job was a Gentile prophet; he is a Gentile Prophet. Job suffered and Job was rejected and humiliated and ridiculed because of his sickness and these things; and Bro. Branham was the same.

So, Bro. Branham was seeing this. And when he began to... And Job received the greatest vision, the secret of life after death. And Bro. Branham was taken beyond the curtain of time and he had seen where they go when they die here, they go to the next body and he was right There amongst them. He didn't even want to come back and the Holy Spirit said, “No, you have to go back because your time is allotted. You are eight sevens and that is fifty-six. And you have fifty-six years, your life is planned to be on the earth. So if you want to leave here, part of your life is unfulfilled. God does not change His mind about His Own Word. So, you have to go back there because you saw it for yourself but you have to go back there and teach this out of the Scripture to those who are going to be here in 2023,” all those years, fifty-eight years after the going of the Prophet, still here and then seeing hell on the earth and then looking now for a change, looking for full restoration, looking for full Redemption, looking to move from time into Eternity, looking to leap over the wall (see?), and jump over the troop. He said, “The wall between mortal and immortality,” (that's right), a people who are going to overcome in this Age.

So, he had to come back and live out those days because the Seals were not opened yet, so he couldn't go. But all that time he was not—he couldn't follow these things because that was part of his life he hadn't come into yet. See? And when that time came and he began to see and understand, he said, “Now, I am

storing up Food; a famine is coming. I am laying these things in here, so when that time comes you all will know. (See?) I am giving you sermons to dovetail all Scriptures.” You see, this is the thing.

How could you sit under a man like me and miss this kind of thing? Because everything I am referring to is his, what he said. Remember when we played the tape, and we played the tape, *On The Wings Of A Snow-White Dove* series, *Masterpiece* series, all these different series that we had as a church that we listened to together? And I said, “What did you hear? Hear what I heard.” And when I got up and told you what I heard, you realized you are not built to hear that, that way. You don’t have the office gift in you to put that together because that is not your calling and your place. That doesn’t make you lesser than me and that doesn’t make me greater than you because it is the one God Who purchased us all doing something through me and doing something through you according to His Own good will. And He does that so that no man gets glory for anything but God is the One Who is glorified because God is the all-wise One Who does those things.

And that’s why we traveled. That’s why God wanted that Word to go out in these places. And when that goes in this level, it is not really for the laity because I will talk this and you as a laity, by tomorrow you’ll already forget half of this. You understand? Because it is not the piece of the meat you like when they cut up the Lamb. You understand? But the parts of the Lamb there, ministers like that part of the Lamb. So, when they hear those things now, well, they could go and preach series for their church and bring Word for their church because it has those things there to be made known.

This is something I have followed for years. Years ago, this will be back what? In about 19... Because this was long before I went to Bro. Byskal and them. I went there in ’83 so this could have been somewhere between ’79

and '81 or something there. I preached on *The Commercial Exploitation Of Children* back there.

Well, that was now kind of being made manifest in one or two countries and that type of thing, and people started to look at it. And so, the news people now are putting that out there because they realize so many children were lost this year, so many children got trafficked, so many murders and these things. And when that is going on, that is making news. Journalists look at that. And then you have investigative journalists who go now to the country, go around and interview people and talk with them; go and meet some of the families who lost children. See?

That's why it's not just journalists but investigative journalists, because they are following a trend. They realize that this is something that's coming up, and this is something that's becoming predominant. And then sometimes, governments now keep that down and suppress it in the communication network, in the media, because they don't want to scare people and these things. And so, they'll give statistics of other countries, not their country.

And I discovered that when I was studying this last night. I was reading something and they were giving you all the different places who are doing human trafficking, who are doing all kinds of different things and they're not giving you the United States. And then I came across afterward while studying, I found—because I wanted to know, but how is the United States not here? And I see things that are showing the United States, that this is inside of there, all the prostitution, all the things with the children and things. Because when they were singing, “We're coming for your children, we're coming for your children,” and all those things that we showed you there, that's the United States. That's not any other country; that's the United States.

Then who was putting in the LGBTQI on the different nations? The United States was sending their

journalists, sending their ambassadors, sending their Vice President and all these different things and the people had to resist them, saying, “You can’t bring that here. That is your lifestyle. That’s not our lifestyle. You can’t tell us how to live!” And for the first time, first time you get countries in Africa standing up against that, because now they’re getting courage. Because remember, people have been living under a slave mentality for years.

You know what happened when they said don’t bring that? Sanctions started on them. The United States put sanctions on them. You have money in the bank, like what they did to Venezuela, ten billion inside of the bank in England, they can’t take it. They are not getting it. They froze it. Like what they’re doing to Russia too. And Russia said, “You think so? No.” They and China changed and came off the dollar. Why? Behind the US is Rome, the Vatican-Washington alliance, Ahab and Jezebel.

He said, “The history of Israel in the time of Ahab and Jezebel is repeating itself in this country,” – the Prophet. And the Prophet preached *Jezebel Religion* [[1961-0319 -Ed.](#)], *Why I’m Against Organized Religion* [[1962-1111E -Ed.](#)] *Why Are We Not A Denomination?* [[1958-0927 -Ed.](#)], *Tower of Babel*. All of these messages he’s coming down, because that nation was the most powerful nation in the earth. They sent missionaries all over the world, but now, look at what they’re sending. When they used to send missionaries, look at what they are sending. They are sending all their filth and all these things into these nations.

And when I started looking into some of this, I realized, look how these things are in the Bible. But what I want to bring to you, to show you, is the Book, how the Book is opened and these things are all in the Book. But when you do not know where to look and how to look, you won’t find it. But it takes the Spirit of Truth to go into the Word and find it and show you that it was

foretold a couple thousands of years ago, and you see it happening, and you see how it is being done because the Book is prophecy.

You see, like me, I preached about (how many), seventeen messages on the Book of Joel, and I may have preached about twenty-something out of Genesis on Joseph's life alone. Because the thing is, I understand, by God's grace, what this Book is, and how this Book is meant to be read. This Book without the Guide is nothing. This Book was sealed and was opened, and when It's opened now and the truths come out, it's not like knowledge and information; It is showing you and you are seeing the countries. Because in the Book of Revelation, it is the nations that are involved in prophecy in the last days that things are foretold of. Not just about an individual or an event but about nations.

How many messages did I preach about the Book of Amos alone? Going down in Amos: *The Lion Hath Roared* [2008-0727 *The Lion Roars Again Before The Great Earthquake -Ed.] The Great Famine In The Last Days, The Great Earthquake*, and all these things, coming out of Amos, finding those things and bringing those things out. And that is God making you up and showing you and then sending you, and now even though you can't go, He sent His Word, still sending His Word.

And look at the people that are shaking the world. Look at young people who are coming together to sing a song or do something. The ones who are doing that consciously, it's a powerful thing, you know, because they recognize, and especially the ones who travel and get to see outside the walls of the church and understand the nations, and see a little place, in a little island seventy miles by forty miles, the influence and power of the revelation in those big continents around the world. That's right.

So, with this now we are... Bro. Branham says, "Hell is created on the earth!" Now that is a statement. And that's what people say, "Boy, hell is here too, you know.

We're in hell, you know!" He is repeating a statement and then is unconscious of what the hell is. And what you call the 'hell' now, you see a little queer fellow maybe about fifty, sixty years in your neighborhood coming out, and you say, "Boy, I tell you, it is evil down in our area, you know!"

It has a world they show to us that even though you go on YouTube, you go on television, or you go to different places, to see that world... And then they have another world you don't see. Those big, big places in those big cities, nobody goes down there and parks in the car park and then goes up the escalator in those places, you know. No, the helicopter lands from on top and they come down there. And those first three, four floors are out of bounds. That is where they are selling every and any kind of thing. And those people now up in the penthouse there, to stay one night... You have your two-hundred-dollar Hotel Six or some of these kinds of things, that is not that. You have to pay maybe thirty, forty thousand dollars to stay because in that kind of place, that is a place designed for the big people and they don't mess with the people down here. They are in the upper echelons, so to speak, of society.

And when they come with a helicopter, they leave with a helicopter. And when they are on that floor, you look down here, you see armed men with machine guns, and nobody comes up on that floor who does not belong. That whole place is locked off though it's in a building. See? And everything that they have need of is all there and that is how they create these worlds. So, many times people are not seeing things and saying, "That isn't happening! That will happen. Yes, I read he said that will happen." So they are looking for it maybe to happen, and then, you will never see that in Trinidad.

Trinidad is a little copycat of Jamaica. You see all those rasta fellows with their locks [dreadlocks -Ed.] and different things, and all their 'Jah' talk and different kinds of things, right? And then how they are going on

and who has guns in their waist, you know. You saw those things in Jamaica and it came down here. But to see the prophecies being fulfilled... When God was giving those prophecies, when God said 'the isles', He lumped isles in the Caribbean, isles out in Samoa and those people out in the Pacific. You see? Isles. And God lumped all the isles together because an island is a rock surrounded by water. That's an island.

We are the ones who line up to get the attention of a big nation and the big nation tells our little government so and so and so, and they now, if we have anything valuable, they know how to lend us money, say develop your place, win an election, and then they lend you what you can't pay back. And then the borrower now becomes a slave to the lender, and the lender now becomes the owner of what you have. They trap them in debt. That's in the Bible. I preached about that so much in the Bible, how the creditor came and took the woman's two boys. But the only way for those boys to come out, she had to have oil in her house. It was the oil in her house, and she was unconscious of the power that laid in the oil. And she was living in the days after Elijah. And that Jezebel system wanted to take everything. And so, Jehoram came and took those children to go away with them. And she started to cry. She ran to the man of God and started to cry, "My children!"

That's what we sing from the saints in Brazil, the brother who wrote the song down there, *The Widow With Nothing*. [#1097 - Songs That Live -Ed.]

He said, "You have nothing?"

She remembered, "Oh yes, I have a little oil."

"What do you have?"

"Oil."

He said, "Sell. Go and get empty vessels."

If we could get empty vessels and this Oil, this Anointing, this Holy Spirit, (oil represents the Holy Spirit) that we have, that could come upon each and

everyone, and every vessel could be filled, you know what a mighty thing God can do, and has done in the past, and continues to do and gives increase and makes it even greater in this final Hour that when the power of this church rises it can pull its brethren, when the power that church rises it can pull its brethren, until you see churches coming up, ascending into a higher order; people becoming more conscious, people becoming more unified in one mind and one accord; people in rank and file; no jealousy, no envy, none of these kinds of things; no competition. You are seeing people in love and in unity, God's gifts finding their places, everyone placed positionally in the Body and united together by one Spirit. He says, "The Body fitly joined and compacted together by the measure that every joint supplieth." For what? The more effectual working.

We have working, but when you get 'more effectual working', it's because it starts to get compact, it starts to get united. It starts to become one. You start to recognize each other. And each one is complimentary to the other because they are all parts that make up a very unique, Mystical Body that the Spirit of God is having preeminence in; the things that He can do.

Stand with me for a reading, quickly. I want to go and read... I'll read a couple of verses, and you could be in your seats. Then I'll pray, and I'll try to go from here.

Let's just bow our hearts.

Father, we thank You. Just feeling Your nearness, appreciating Your grace. Sometimes, dear God, when I think of my own unworthiness, insufficiency, oh God, tired and weary many times, but, dear God, You know how to encourage and strengthen and lift up. What a joy it is when the Spirit begins to bring the Word back to our remembrance, and show us, and put It together, and make the picture and give us an application that we can see the Word begin to become operative and give strength and establish the hearts and minds of Your

children; where You could anchor their souls, and they could have a hope steadfast and sure, unmovable, unshakeable in this shaking Hour where everything that can be shaken is being shaken off. But these whose souls are tied to the Absolute, dear God, who entered into the cleft of the Rock, who You take into the secret of Your pavilion, oh God, hidden away, that when the enemy comes like a flood, oh God, though all hell comes against them, Lord, they have a security and a peace, Lord, that cannot be removed, that cannot be shaken, dear God.

And so we ask, Father, that You'll bless each one that is here today; that we are gathered, and we are having this little meeting. And, Lord, the few things that you want me to speak, that You'll take the Scripture, and You'll make the Scripture real because when we see it in the Word, when we see the Word in the season, when we see the Word correctly applied, when we see the Word fitted together, dear God, It becomes a Lamp to our feet and a Light unto our pathway. We can walk with confidence, we can walk with expectation. We can have the mind of Christ and know what You want done with the Word. Oh God, may You grant it, dear God, and give each one their measure. And, Lord, may You bring It in such a conviction down into the heart, Lord, that they can know, dear God, that's You speaking to the inner man.

Oh God, Your Prophet said how You need influential Christians in this Hour, oh God, who could have a Church, a Body of believers, influential Christians, convinced then concerned. Oh God, then we can see, oh Father, that, Lord God, there's a caring for others because we'll become concerned, because we have something that could help that one, something that could encourage that one, something that could establish that one, something, dear God, that could quicken and come to life, oh God, and the Spirit could

give understanding and bring enlightenment in the hearts of Your children. So we are desiring these things.

I pray, Father, that Lord, Your sweet Divine Presence would overshadow. You'll just move in every place where Your children are gathered, oh God, today, all up the islands, all up into the United States, and in Canada, Lord God, into the different countries across the face of the earth, Lord, that are always linked up, dear Lord. And may each one, Father, Lord, feel Your Presence, Your great Supernatural Presence.

Even now as I'm praying, Lord, I'm thinking about how Your Prophet stood praying there in Jeffersonville, and the wife two thousand miles away, oh God, was getting ready to be examined by the doctor to go into the operation, and Lord, when he touched her, he couldn't feel anything. Because You had told him to stand to his feet, in Jeffersonville, and, dear God, he said You said, "Ask. Speak it." And he said, "Before the doctor could touch my wife (Lord), that tumor will be gone." And before the doctor's hand, Lord, could come down on the place, Lord, she felt something moved. And he said, "Sis. Branham, is it on the right side or the left side? Where is it?" Oh God, to see that in a blink of an eye, from Jeffersonville to Tucson, Lord, two thousand miles away, she was healed; the tumor disintegrated.

How much, oh God, we don't have two thousand miles to travel here, dear God, but Lord, You could meet everyone in every place where they are, and they can feel the sweet Presence of the Holy Spirit. And Lord, the faith, Lord, in their heart can be inspired and quickened, and their soul energized, oh God, as the Spirit of wisdom and revelation in the knowledge of Jesus Christ moves into them, dear God. Oh, may You grant it, Father. Bless each one and give to each one their special portion today. We pray and we ask it.

And may You help me and direct me, dear God. And Lord, may You just have Your way. We love You, we

appreciate You, we thank You, for Your lovingkindness is truly better than life.

How we love You, Jesus. How we desire to serve You with everything that we have. And we pray for Your continuing grace, Your abounding grace and mercy in our lives of which we are so undeserving. But we are so grateful and thankful that You can look beyond our faults and see our needs. So we praise You, and we thank You for these things with a grateful heart, in the Name of Jesus Christ. Amen.

Okay. So, I'm going to read out of Genesis 37. I'm going to begin in the 23<sup>rd</sup> verse. And this is Joseph coming to his brothers out in the field where they were.

*23 And it came to pass, when Joseph was come unto his brethren, that they stript Joseph out of his coat, his coat of many colours...*

See? A rainbow covenant used to be over him in the form of the coat.

*... that was on him;*

*24 And they took him, and cast him into a pit: and the pit was empty, there was no water in it.*

*25 And they sat down to eat bread:*

You see, it's not just words. How could you do your little brother that; throw him down in a pit and shut him away. And the father was not around. And their wickedness was coming out, and their jealousy was being manifested because they felt that their father loved him more. So they took the coat off of him because when he walked around, they found, "You come here, walking around with this rainbow thing over you. Are you crazy? We were born before you, boy! Who are you?" See?

And then they said... They couldn't say instead, "Sit there by that tree and don't move!" No, they put him down in the pit, and they left him down in there. And they sat down to eat as if nothing was going on. "Let us

have lunch now, yes, because we have everything under control here.” See? That was the kind of nature that you are seeing inside of them. See? All of these same ones who did it would be bowing to him and begging him for mercy when you get to about the 42<sup>nd</sup> chapter in Genesis. They couldn’t see themselves in the future. He told them, but they couldn’t see it. He said, “I dreamed that you were bowing down to my sheaf—your sheaves—but they couldn’t see it.

See, this is the thing, some people don’t know their future. They are fighting certain things, in the present, but they don’t know in the future, what that is. They are treating it with disregard and disrespect, but they do not know what it is. Do you know why? They do not read the Word.

Do you see how I’m stopping you and explaining? I can’t help that, because I don’t want you to see words on a paper. I want you to catch what we are looking at. They sat down to eat.

You remember Jehu, after he said, “Throw that woman down!” Brother, and he on his horse, he trampled on that woman, and blood splattered and everything else. And the Bible says, “And he went and sat down and ate and drank.” See, it shows the kind of conscience.

Some men have their conscience hard; they have no pity on anybody. “This is war, brother! She is of the devil! She has to be gotten rid of!” See? There are people like that. And God built some like that with granite for certain kinds of conditions to deal with certain enemies, you know.

*25 And they sat down to eat bread: and they lifted up their eyes and looked, and, behold, a company of Ishmeelites came from Gilead with their camels bearing spicery...*

Now, when you read “a company of Ishmeelites”, what are you thinking? Ishmael was Abraham’s son. And Ishmeelites came from Ishmael. So, this is family here,

you know. That is family. Because Ishmael is Abraham's first son, you know; Genesis 16, with Hagar, because of Sarah's unbelief. She gave him the concubine because she said, "I'm too old for that." Because she didn't have the faith. She was Sarai. She didn't get the new name yet. But when she got the new name, from Sarai to Sarah, and Elohim, sitting there, discerned the heart...because Sarah couldn't be laughing at the promise; Sarah had to be thanking God for the promise. Do you understand?

Read your Bible. When you're reading your Bible, think. It is not the newspaper. It's a greater news than that news. It's the Good News.

*... behold, a company of Ishmeelites came from Gilead with their camels bearing spicery and balm and myrrh, going to carry it down to Egypt.*

See? Because Egypt had a market for those kinds of commodities: spices, and balm, and different things. And also people. And also people.

People are a commodity. And in certain cities, they want... "I want a little boy about twelve. I want a girl about thirteen or fourteen." Do you understand? These are commodities in the world.

Now, what Book are we reading? Genesis. What is Genesis? The seed Book. What is Revelation? Harvest. Everything that is seed comes to its full maturity. That is why Revelation is Seven Church Ages, Seven Seals, Seven Trumpets, Seven Vials. Seven is completion. That's the fullness. So, I'm taking Genesis; I'll go to Revelation and show you the same things in Genesis: they are trafficking people here, and they are trafficking people there.

We are living in the 22<sup>nd</sup> chapter of the Book of Revelation. We are living in the Age of Leo the lion; we are living in the capping of the Pyramid: all three Bibles. We are at the end because the last thing is: "And the Spirit and the Bride say, 'Come.'" That is the final Voice.

Then it is over. “Even so, come, Lord Jesus.” See? The Book is closed. So, watch.

*26 And Judah said unto his brethren,  
What profit is it if we slay our brother, and  
conceal his blood?*

Judah had a little compassion for him. So, Judah, now, realizing the wickedness of those fellows, was trying to protect him in some way.

So, Judah said:

*27 Come, and let us sell him to the  
Ishmeelites,*

See? From Ishmael, Abraham’s son by Hagar. Because remember... Where did Abraham get Hagar from? He bought her in a market in Egypt. You used to hear me say that it’s like a man buying an appliance: it could wash, it could cook, it could vacuum, but it’s in the form of a woman. And when you look at her, she is young, she is strong, she is obedient, and different things. He picked her out, “I don’t want that brand.” You know appliances have different brands. Some brands are kind of cheap; you can’t work with them too much. So he said, “I’ll take this one here.”

He had gone down in Egypt in Genesis 13 and Pharaoh took Sarah. Remember? And Abraham lied and said, “She is my sister,” because the faith hadn’t come out fully yet; he had faith to believe God, but He didn’t have faith to protect his wife. See, faith, when you have real faith, that covers all boundaries. So he said, “That is my sister.” Because he knew those fellows there, when they see that woman there and they see this man here; “You go ahead. We’ll give you two mules, and we will give you a bag of wheat and different things; you go with that. We are keeping her. You are in our territory, we are controlling things here.” So Abraham was in a certain... God had to bring a plague to get her out.

But while he is going out now, he is going out with Hagar. He went down in famine, but he is going out with Hagar. And out of Hagar came Ishmael. And out of

Ishmael... Now, that is Abraham. Abraham, Isaac, Jacob, Joseph; Genesis 12-50, thirty-eight chapters are these four men. So when you are reading Joseph here, you are in Genesis, but you are at the end because Joseph is the last character. Genesis closed with the dying of Joseph and the blessing and he is saying, “Carry my bones out from here. (You see?) Don’t leave me here in Egypt.” Just like his father, Jacob had told him.

So,

*26 And Judah said unto his brethren,  
What profit is it if we slay our brother, and  
conceal his blood?*

*27 Come, and let us sell him to the  
Ishmeelites,*

*28 Then there passed by Midianites  
merchantmen;*

And right at that moment while they are talking that, they are seeing these Ishmeelites coming down and all their caravans and all their spices and their balm and different things, from Gilead. You see? They were coming from Gilead. Now, Gilead, you ever heard about the balm in Gilead? Right? Gilead was famous for the kind of soil and weather and different things there. It was good for growing those kinds of things, and they had plenty of spices, and balm, and myrrh, and all these things. And so, those were commodities that were in great demand in Egypt, because Egypt didn’t have that type of climate. So, they now were like businessmen: “So, what do you want?”

Say, “I want...”

You know like when people are buying a motorcar or when people are buying clothes and different things, and they make out their list. And then they are buying with a credit card or whatever it is, and they are bringing in stuff, and then they go and sell now and they have different things.

Well, so it was; they knew the countries where you could get these types of things because that was in demand in Egypt. So, that means they understood the economics of the day. They understood where the trade and commerce of the day were. What is trade and commerce? Your Third Seal; your Third Seal, “a measure of wheat for a penny, a measure of barley...” The scales, that is commerce; trade and commerce. That is the big thing in the world today to know the economics of the world. See?

So, here now we are seeing, he said, “The Midianites merchantmen are coming.” Now, who were the Midianites? Abraham’s wife, Keturah, had seven sons; she was his second wife. And Midian; Gideon and they fought with the Midianites. So, it is good to have a Bible dictionary. It is good to go and look up places when you are reading about a place and see the commodities and then you’ll understand the way of life of the people. Because the people in the United States and Canada, they are bordered like that, but they are different, you know. And then they border Mexico to Chile and they are different from Canada and the United States. When you get down there, there are drug wars, there is cocaine, there are all these different things. There are the hitmen from Colombia, there is all the human trafficking that they are bringing from Venezuela and Colombia here. And they have that in Trinidad, in certain places hidden away where they have them there because they like sponge cake; not everybody likes black cake. So, they bring in some sponge cake that you’ll have variety and then, they put them there.

And when they made a raid just recently, forty-three people were inside of there and the big boys and them. And the police had come to raid. And when they charged them, the magistrate – my magistrate, the one I’m sitting under there for two years; the magistrate said...she set all of them free, “There is not enough evidence.” Well, they are family. “Oh, they were having

a birthday party and they invited friends from other countries to come and, you know, maybe they could show a passport or something.” No, all of that is fixed. See? Watch the world.

The reason I’m giving you that illustration is that I showed you the world in the Bible, and even this little island has all those things. But you are not seeing that because there are people to call upon right away if people come in here and say, “All of you, leave that alone.” Call the Commissioner of Police or call the people over this certain unit, “Call your dogs off. Put them back in the kennel.” And the next thing, the bossman calls the sergeant or the inspector and then says, “Okay, let’s get out of here; we got our orders from up.” And the people will continue with their thing.

That is the world today, who you know. Don’t walk in a sleep world. You know some people in the night, they get up and they [Bro. Vin imitates someone who is sleepwalking. -Ed.] and they are walking, they are sleepwalking; they are in the dreamworld still, thinking. And then somebody sees them and says, “Where are you going? What is this?” and realizes the person is sleeping. They walked right out of the bed, sleeping. No, this is not that time; this is a time to be conscious and quickened.

*... and they drew and lifted up Joseph out of the pit, and sold Joseph...*

This is the first evidence we have here written in the story of human trafficking, selling him as a commodity. And there are people now who buy those commodities and then carry them down to Egypt together with their balm and their spices. And they say, “Well, we have more variety now for you all to choose from. Wasn’t it you who told me the last time, you wanted a couple of people to do the labor and you wanted certain ones, and certain complexions, and certain different things, and who could speak two languages?” He said, “Well, this fellow here could speak a few languages. And this fellow is very bright.”

And they examined him, they opened his mouth, they checked all the teeth and everything and they say, “Okay, he comes with a high price. Are you ready to pay for him? To pay for him is not easy, you know.”

They say, “We are buying him because he is intelligent. This man knows things. He was running the father’s whole business.”

Jacob had so many flocks and sheep and herdsmen and this fellow here was over all that. All the big brothers, the father put all of them under him. See?

*... and [they] sold Joseph to the Ishmeelites...*

Slave traders. See? Midianites merchantmen. So watch what runs in the family. We have people in the family who sell one another, you know. You are watching Midianite and Ishmaelite; you are watching Abraham’s children. Abraham is a father of nations, you know.

*... and they brought Joseph into Egypt.*

See? They sold him for twenty pieces of silver. Judas got thirty for Jesus; they got twenty for Joseph. Joseph was sold to the descendants of Abraham; those were Abraham’s descendants.

*... and they brought Joseph into Egypt.*

He went out that morning to check on the brothers, to see how things were going, if everything was going according to how the father wanted. He was overseeing, so he had to take back a report for the daddy. But the only thing was he was not coming back home that evening. Not until Jacob sees him, way down at the end. Jacob cried, Jacob pleaded, Jacob begged, and those fellows swore among themselves, “Nobody talks about this!” See?

When you read the Bible, don’t just think it is the story of Joseph. The story is illustrating things in the family. This is another angle. We all came from Branham. They all came from Abraham: children, grandchildren, and great-grandchildren. It’s a lineage

where God's blessings come down. You've heard me preach that Branham has children in the Congo, Branham has children in China, Branham has children... Because why? They are born of the incorruptible seed that came through Branham. They got a Birth. It wasn't a denominational doctrine that birthed them; no, the Word for the Age birthed them. And so, you go around the world, the Prophet saw them in vision coming from what? Many nations, kindreds, tongues and tribes. We went to preach, and prophesy again to many nations, kindreds, tongues and tribes. That's why we went. All of this is the working of the Spirit of God. I trust you can see it and you can hold it and you can conceptualize it. It is so tremendous to me right now.

*<sup>36</sup> And the Midianites sold him...*

He was bought and sold. The brothers sold him, then they took him now and sold him to an Egyptian. So everybody is making money off of him. He is a commodity that people want. Nobody is loving him, you know; they are about money.

*<sup>36</sup> And the Midianites sold him into Egypt unto Potiphar, an officer of Pharaoh's, and [the] captain of the guard.*

Jesus! So many men wanted slaves in Egypt, but God planned this boy's life. He goes to Egypt and ends up with Potiphar, the captain of the guard. Yet in that man's house, there is a hyena, a beautiful hyena, waiting for this fellow when he goes into that place there. That when he goes there, there is a prison house waiting for him on a false charge; he will be down in that prison house too. God loves him? That is the savior of the world. He was going to save the whole world; the revelation that God gave this boy. Because he saw the future already, but now he was understanding the part he couldn't dream. He was getting that by experience. He dreamed about the sheaves bowing down, he dreamed about the stars bowing down, and the sun and

the moon bowing down, but when he reached here, Potiphar.

But Potiphar was a man close to Pharaoh. That's why he was the captain of the guard. So in Potiphar's house, he will learn a lot of things. He already had the running skills; he didn't have to learn to run from tigris. But he is learning things in a bigger house. He was in his father's house, to Potiphar's house, to the prison house, to Pharaoh's house.

Watch Joseph's life. It was marked out. It was pre-planned. Watch yours and understand yours. Watch the chapters in the book of your life. Amen?

May the Lord bless the reading of His Word. You may have your seats.

My! Oh, thank You, Lord. I trust that you're enjoying the Word. I'm bubbling, I'm flying here, you know, as it comes out. You see, I'm not a theologian. I'm not a theologian. I'm a son of God, a gifted son of God to open the Word. I'm anointed and inspired to open that Word.

Well, if you get trouble with that, in Barataria they said, "*Yes, we are anointed and inspired by this Original Word, this Original Seed. This Original Life is what we believe.*" [#582 The Original Life - Songs That Live -Ed.] You know? So, when they heard it, in 1979, in Barataria, one of the other songwriters wrote, "*Seven Voices thundered out in Barataria,*" [#547 Our Restored Faith - Songs That Live -Ed.] (see?) and it went into the ends of the earth. And then some of you here traveled with me and saw for yourself and experienced and ministered also alongside me in your gift.

So, think of the realities of it, and not just church here. Because I don't really live in a 'church world' and these things. I like to live with the Word. Everything I say, I could see something like that in the Word, something like this in the Word. That is what gives me the faith, (you see?) because in my years on the earth, I have seen very few people who have that grace.

Midianites merchantmen, Ishmeelites. So these Ishmeelites and these Midianites are Abraham's seeds. They are all Abraham's seed; who came through Hagar, who came through Sarah, who came through Keturah, but all are connected with Abraham. Different bedding ground, but Abraham.

But could you imagine this kind of transaction and human trafficking with Abraham's children going on? Isn't God something? The way God planned people's lives on earth, that you're going to face things, that you're going to have to experience things, go through things. You don't fall down and fall apart and cry and get confused and say, "Well, maybe I'm not Bride. I'm of the devil." No, no, no. Because "*Lo, I am with you always. I will never leave you.*" His eyes are on the sparrow and one cannot fall; so are His eyes upon you. He is omniscient, He is omnipotent, and He is omnipresent. You can't be anywhere that He can't see you. He could fly faster than you could fall. Hallelujah! This God that we're talking about! To walk with Him, to serve Him, to live in His Presence. I'm anointed right now, you know. You could tell, you know. That's why I can't even finish reading the Scripture.

Genesis 39, verse 1.

*<sup>1</sup> And Joseph was brought down to Egypt; and Potiphar, an officer of Pharaoh, captain of the guard, an Egyptian, bought him...*

So, the Midianites bought him when his brothers sold him. Now, the Midianites are selling him and Potiphar is buying him. I wonder how you'd feel being bought and sold. Well, when the ancestors and they came to Trinidad or came into the Caribbean Region, left their homeland, and came into slavery and indentureship, they went from one to the next. They were under the authority of merchantmen – men who had money, men who were investing in big plots of land in Trinidad, you know: the cocoa estate, the sugarcane estate, all of the different things that are cultivated here. And people now

wanted people to work the land and do different things. And sometimes, in some places, you're working for much, and they say, "Since you don't have a place to stay and we provide a little barrack with a little place for you, with water for you to wash yourself, then we're deducting those costs." When they deduct that now, then your labor, half of it has gone back to them already. So the kind of economics that you are under... And then you are in a foreign country that is not your original country and you come in here because of different controls over your life by different ones.

Like in Africa, they were selling slaves to the merchantmen, (see?) whether it's Dutchmen, British, French and different ones. And then they put them on a ship, and they had destinations for them. So they brought them into the United States, that is why we have a whole lot of... Then the big farmers down in the South, you know, they go down there.

When the civil war started, and the South was fighting the North, and brother was fighting brother... The Yankees in the North had slaves, and the Confederates in the South had slaves. And that is brother fighting brother. And then the slaves are now on different sides, so sometimes, you end up fighting against some of your own family because they didn't buy your whole family. You and your family were separated because the buyer said, "I'm not investing in all of them. I just want this one, this one, and this one."

And the slave man said, "You could take these at that price. I'll give you a discount."

Well, they were crying. They were going. Do you know how terrible the slave trade was? Do you all read some of these things? Do you acquaint yourselves with it? That was human trafficking back there when they were buying them off of the boat. Now today, it has gotten so refined. Now, they sit at an internet site and they are seeing this young girl, and they are seeing this one and

she's walking around. And this is a kind of a control thing.

If you've ever seen the movie *Taken* [2008 Action film -Ed.], right? Oh, I see you all shaking your heads; some of you have seen that. So, you see how they were auctioning them off and you see the level in society, how they were auctioning these people. And how they schemed them, and they caught them at the airport when they came there, "Hehehe, look at this nice place. Oh, we're traveling. We're traveling." And the next thing you know, the person who is talking to them like that saying, "Let me help you with that bag," and different things...

That is why when you see some of those things it makes you conscious. You watch everybody. You hold on to your own bag and you make your own arrangements. And you don't let people you don't know and who are meeting you for the first time make arrangements for you because you have discernment, because you are conscious of the world that you are living in. Do you understand?

What did Jesus say? "I send you out like sheep among wolves. Be wise as serpents and harmless as doves." In other words, you have to have discernment. When I send you out there, you have to know that's a wolf, that's a serpent. See? And you know the two. You know about wolves in the Bible and you know about the serpent in the garden. So, this is the world.

You see, this is what I love about the Word of God, the Bible especially. Because when the Word in the Bible becomes inspired to us, everything is present tense; It's alive! "*That which was is now, and that which shall be hath already been.*" So, you're right there and you are in the Scriptures because the Seven Seals have come off the Book and the Word is opened, and that's why the Bride in this Day had to have those kinds of revelations to give Her faith to be changed because we are living in the Rapture Age and it takes faith to be changed. And that means overcoming the god of this evil

Age and this evil Age: the lust of the flesh, the lust of the eyes, and the pride of life – this Satan’s Eden; overcoming this to go back to God’s Eden. You understand? Because we are in Satan’s Eden and in here, everything is perverted. He has taken everything that God has and perverted it. And then now, with all of the technology and science, we are in the mind Age, so he has control of the mind because it’s a battle for the mind.

That’s why when you go into stores, you see this brand, they sell it at that price; this brand, this brand. The garment industry is competing for the mind; they want you to wear their clothes. They are haggling over prices and different things. See? And they have things at different levels. You want to wear a certain kind of thing, they say, “Well, the price for that is this, you know.” And then now you realize that you like that, you want that, but the cost of that, you’re not able to pay for that. So then you have to drop down to another level and find your level.

And that is why as a young lady, if you learn to sew like Dorcas, your business is good. Nobody is competing with you. You’re getting your own material, you’re making the thing the way you like it. You learn to sew, you sit and you fix your thing. And that can become like a pastime for you. And when you think that it was something so big and hard, before two months have passed, you’re making things that fit you, until people start saying, “Make one for me too. Make one for me too.”

Then if you know another one who could sew, you say, “Okay, I’m going to give you a little place in my business. I don’t have time for all of this business here, but the client is looking to me, so I will teach you this here, and then you’ll have this. You will get what you deserve and I will have this here.” And you move that way. A little wisdom, a little bit of understanding.

But, no, when somebody meets me they have to say, “Do you know who I am? I am the secretary of this one. I’m a teacher at this college. I have so and so and so and so.” Forget all of that nonsense. That has no reality to it because outside there you’re getting harassed. The wrong set of spirits wants to come around you. You’re in your own place, your own environment, and you learn a skill. Of course! And if you don’t have time for it, and your job can’t accommodate it, you find somebody in your family who can do it and you give them a little bit of change, pay the cost for them and the next thing is, they are helping and making things easier. Don’t fight up. Don’t fight up. You don’t have to get that brand name, and that brand name and this and that. And half of the time you are getting conned and they are sending the ones that are being made in Mexico – Tommy Hilfiger – the generic ones. Somebody is copying off of that and they are importing from there, “I want a Tommy Hilfiger.” That’s not the real Tommy Hilfiger. That’s a copy, a cheap copy. You see? But it’s the influence.

Now, if they could influence your mind into things like that, can you imagine how easy it is for you to be caught and influenced? Because that’s so low to influence somebody. Somebody with a fifth standard or a seventh standard education wouldn’t get fooled, if they really came through to the fifth standard and have a little bit of ‘world’ sense too. Because you see spirits in the world, you know how they operate, you watch and you see, and then you know that you have on your armor, you have on your repellent. That influence isn’t coming up upon you.

Revelation 18. From Genesis, I’m going to Revelation because my objective is to show you that what is in Genesis is in Revelation. Genesis is the Book of beginnings; Revelation is the closing Book of the Bible. We are at the end. And in Revelation, look and see that this is the Harvest Time.

So, what we saw in seed form, human trafficking and all these different things, down here it's in the fullness. You see? Watch and see how the merchants, they called them the merchant men. These are the men who buy land, who buy slaves to build up a business and then import products from different places so that they can have a big, flourishing business. Merchantmen. See? Because today, you have the merchantmen and the merchandise. So I'm speaking about *The Evil Merchants And Their Merchandise*, that's my subject. HUMAN TRAFFICKING. *The Evil Merchants...* Because human beings are a commodity. This is what I'm showing to you.

A human, a young girl is a commodity. A virgin girl is a different commodity to a woman who has two children already. The price is different because the people who are interested in those commodities, just like Potiphar, he said "Open this boy's mouth here, look there, so and so and so," feel if he has some muscles and different things. What he is good for? And they ask them about languages, "How many languages does he know? Because if he comes down here and he cannot speak Egyptian, our thing is bad. He might have some brains, but I can't have him doing things and the language that he is speaking, I cannot speak, so I don't even know if he is making deals with other workers against me." Do you understand? They want to know.

The man wants to secure his business; he is not a fool. Because the first time this boy shows up here as a commodity and is put on the slave block and they watch him and they watch him, then they say, "I like this one here."

Then someone says, "Okay."

Then the man says, "Well, he can work hard, he's strong. Watch his teeth and things here." They examined him.

He says, "Yes, he feels strong, as though he eats well. He has a certain atmosphere too, a conduct about him

that wherever he was raised, whoever his father and mother are, you could see that he was not just picked up off the street, he's not trash off the street. To keep this way and to conduct himself in this manner, he has training." Because you can spot that in somebody. Do you understand?

Now we live in an age of cosmetics and it has so many cosmetics that people cannot tell what's real from what is covered by cosmetics. So when someone says, "This here..." He says, "Give me a rag and a bucket of water." And he starts to wipe off those people. He says, "Ah, when you get good stock, new stock, call me. I'm not interested in this batch." Do you understand? He said, "Because where I came from and the business that I'm going to set up, if I make this investment, half of the people in my place are not going to buy this. What would I do with it? I'm interested, but the thing is, I need to have things that I know I could get off my hands if I'm buying to sell."

So, watch the thought here: it's about buying people to sell people, that is what you are looking at here, you know. His brothers and them said, "Hey, we will get some money, boy. With a fellow like him, from the time they see him..." And these Ishmaelites and they, because they came from Abraham, they knew Hebrew also, you know. And because they came from Egypt, Egyptian through Hagar, they knew Egyptian also.

That is the Spirit; that's not me. That is a Thinking. But you see, when you are in that channel that comes spontaneously. It's not like I studied that; it's just coming out of me.

So, when you look there now, this is a commodity and it's in demand. So, from the time those men knew that the Midianites and they would come down here every three months, well, this month's end they are coming down with stock: balm, spices, all kinds of medicinal things because in Egypt they have a lot of sick people

and so on down there. It had some good doctors in Egypt too, when you read Egyptian history. You see?

But then when you have those kinds of doctors who are doctoring the rich and important, then the man in the middle who cannot pay that price for medicine... And then when they bring down some of these spices and balm from Gilead, you see how...

“Where did this come from?”

He said, “That is from Gilead.”

He says, “Gilead? I hope you are not conning me, you know.”

And then they take it and try it and say, “Yes, I know balm from Gilead. When they grow in Gilead, they have a certain color to it and it has a certain scent to it. So, I know how to test it to know whether it’s really from Gilead because a lot of people usually take Gilead...”

You know how they usually say, “Made in the USA” and it’s really made somewhere in Mexico, you know, a cheaper thing. They put out the thing and someone asks, “Where was this made, boy?” And then someone gets conned right away when they just look at a thing like that. But another person feels that thing and says “No, in the US they don’t make that so.”

You see, it’s quality. You see? It’s buying and selling. And the same way that you are particular, and you try on that shoe two times, three times, you say, “When you put down the price I’m coming back. Right now I find that the price was too steep. I like the shoe, it’s good, but I feel that you jacked up the price a little too much. If you don’t get it sold, I’m coming back for it.” The person comes back and sees that the shoe is still there. Nobody is buying it because a lot of people are faced with the same thing. So the man wants to get it off his hands, he wants to bring in new stock. You can’t have old stock dry-rotting on you.

Imagine that they are selling women and one here who picked up a disease, picked up this thing here, she stayed on that block too long, body weak, and then they

put her in the kitchen to knead flour. Now you have to get a man to carry the flour so she can just knead it because she doesn't have any strength to carry the flour or mix the flour. And there were no appliances because technology and science had not reached there yet, so you had to scrub that with your hand like how our mothers used to scrub with the scrubbing board. Right? Then, when the washing machine came, things got nice. Do you understand?

Do you know how many things I pounded in mortar? My mother made paime or coo coo [local delicacies -Ed] or whatever it was there and we were there with our mortar and pestle. What was that doing in the house? Those were the appliances in those days. But those appliances, the power that generates that is not a 120 volt or a 150 volt and so on; it is you by how much energy is coming out of you to do that. Do you understand? That is why children today, they just lie down, they have their iPad, their phone and they kind of move around, they are watching things and going through their device because everything is technology. A click and you see something; click, and you see something else. "Let me search and see what else I can see, before I can make up my mind," and it's like that. It's a different day. Same people, but watch now the conditions in a season and time in certain places have an impact and an influence on the people who are living under those conditions.

Now when you don't understand the conditions, sometimes you cannot make proper choices. Maybe you should move from this place to that place. It may be better for you, you'd live more healthily because you are staying here and getting sick, you are breathing in too much dust and different things here. But you are living there, "My mother lived here, and this is the family house." It's time to sell the family house and go to a place where you could be healthy because you will die

and the old house will stay there and keep on getting older, and you are not moving. Do you understand?

So, if people are not thinking and they are just going through, doing this because that person did that... When our mother and they were going somewhere, they used to walk. Walk, walk, walk; but nobody wants to walk today. Then it had bicycles, they learned to ride bicycles. When you go to Europe, you see women eighty years, seventy years riding bicycles, you know. They are climbing mountains for exercise, and where they live the air is good, so they are breathing and they are healthy and strong, and they are working.

Like when we went to the Czech Republic and stayed there. I stayed with the people and them. There was a sister called Marta, she is the wife of the pastor there, and I saw that woman cooking and baking and the things that she was making and then she got on her bicycle and she rode out the road and she came back with things. By that time the flour was already raised for her to place her things in the oven. She was making all kinds of different things.

Those Russians and they have their dacha that when that time of the year comes and they plant their crops, they go out and reap their crops and put it away. They preserved it so that they have food to eat during the winter. That is for when the winter comes, they'll have that. Everybody has a dacha, and then they have a piece of land because where they are living, like how in Maloney and these places here, you have a seven story, you have an eight story, you have fellows gambling and all kinds of things around the place, concrete, and then they are going out to buy something in a supermarket.

So, those people have that same kind of living because that is what the government put there. So they are on a floor, then there is another one on another floor. So, they would have this countryside and country house, and that is where their food would be.

When you could see the conditions in which people live and how they survive under those conditions, the climate and everything else, it shows to us how we can learn from things in the past. Because when you read the Bible and you see how Moses and they in the Exodus were, we are learning from that as to how we should be today. When you look and see how Jesus and the Apostles were, we are learning from that as to how we should be today. It is (what?) written for our examples. See?

But when the modern Age is influencing us, that was not built for us. This is a net built to catch people. This is Satan's Eden. This is to captivate, control, influence, deform and pervert. When you are not seeing that world and say, "Boy, we got a place to go and live up here," and you go up there now and you are living like that and then you see this...

I don't want to get into gender, neither color, but let me put it this way; you see a heifer going to bathe in the pool outside, whatever color the heifer is, and the heifer seems to not have any clothes and they are walking around there, and the little children are there and they are having their big roast and their bar-b-que by the pool. And then now, you want to pick up that lifestyle too, because that looks like the highfaluting who are doing this. But they are the most evil and the most vulgar, most unfaithful people doing this. And people are being influenced because they have no discernment, because they popularized that, And you take in the image through the eye gate, and what comes through the eye gate and the ear gate drops down into the heart and the next thing is your heart is no longer a place for God's throne. It doesn't have any real love for God. It has love for these things that are influencing you.

Because you see that now, and society has influenced you and shaped your thinking, that that is progress. They are living the good life. Until your children, if you don't train them and teach them, they'll kind of be like,

you lost it, you are like an old granny, you are living in the past. You are eating food that you made; they are buying it from the Chinese man at the side of the road there, they don't know where it comes from. This next one here, it's a 'curry in a hurry', and you know, all kinds of different things. You don't know how clean the hand is that is cooking those things. You don't know the kind of life the cook is living.

I'm a man, you see, I don't eat out, you know. Food is life! I have my daughters and them here. They cook for me. When I go up there, Patrice cooks, I'm getting clean hands cooking clean food, and being served with grace and thanksgiving. Sure! People just jump out there... You are picking up habits, you are picking up things, picking up diseases and you don't even know until it starts to affect you. Why? Because you are thinking about the belly, hungry, and you aren't thinking there is a better way to eat and drink.

That's why sometimes when you are living on that kind of food, and you sit in a service like this, I have not gotten to the message yet, and you start to want to fall asleep, you start to get a little dizzy, your belly is getting hungry, you are calling for things, you know. What do you think is doing that? That thing changed you. You are going through a metamorphosis by the things you are taking in because food makes blood, (you understand?) and blood is life. And you have to know what kind of food and the source of the food...

Remember when I preached *Eating Choices* [[1992-0209 - Ed.](#)] and remember when I preached out of *Leviticus, Dietary Laws Of A Covenant People* [[1997-0919 -Ed.](#)]? You see, we heard the Word down through the years, and showed God's thought in these things.

Sometimes people eat too much camel. Camel is always down on their knees, you know. Say, "I'm down on my knees day and night, you know." You're talking to the Father, but what did the Father tell you? If you invest that kind of time, and on your knees, I could

imagine you are overloaded with revelation and blessing. Then you find out now you...

We were going to Revelation. That is what I told you, right? So, let me go and move on a little now. Revelation 18, verse 9. Just breaking right into this here.

Revelation 18, verse 9,

*9 And the kings of the earth, who have committed fornication and lived deliciously with her,*

He is talking about Babylon. See? Rome, Jezebel, the Catholic system.

*... shall bewail her,*

Watch, okay? I always show you, kings of the earth.

*... who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning,*

See?

*10 Standing afar off for the fear of her torment,*

This woman, the Bible talks about her burning, and the Bible talks about her torment. And it connects her burning and her torment to sins that she committed and lived deliciously with kings of the earth.

Now this is a system and these are principalities. Principalities and powers, spiritual wickedness in high places, rulers of the darkness of this world. See, kings of the earth, those are principalities. They are ruling over kingdoms. Kings rule over kingdoms. And this woman, she has a relationship with the kings of the earth because the kings of the earth are so blind, they think that she and that man sitting there, the Pope, is Saint Peter—you know, he is a descendant of Saint Peter and this man has the keys to Heaven, Hell and a place called Purgatory, which they made up. And all the kings of the earth go, and the kings' wives, their queens, they wear black, and kneel and kiss that ring because they recognize this is the power, because she is the one

who creates this wealth. And when they look at their nation and they go to the Vatican and realize we have two thousand years of history here, and they have all of this in their archives and all the things with the Vatican, and this one, all the different kings in the past and their history and they have all the great things that you could only read about. It's inside of there. Because this is the fourth beast, this is the fourth empire. When God allotted their time, "Daniel, this is going to go..." He saw Medes—he saw Babylon, he saw the Medes and Persians, he saw Greece. Rome was going to be there until Jesus' third Coming.

Jesus was born under... And the first Coming of Jesus, He was born in the time of the Roman Empire. Then Jesus was killed under the Roman Empire. The Jews couldn't kill him; Pilate was the one who had to give the order to kill Him because the Jews were under the dominion of Rome. All Palestine, they were like a province controlled by Rome. Like how they talk in the White House and tell Rowley, "Stop that nonsense. You have to break ties with Maduro, otherwise, your business is bad." And then he, like a schoolboy, has to jump off and obey because this is the power here. When they stormed the Red House, these are the people who sent their navy. These are the people who came down here with their fighter jets. These are the people, when World War II was going on, these are the people who built the base. This is the security. They know all the people...

Do you think they have that place there in Marli Street, they know every... They changed their name and called them Community Leaders, right? They called them Community Leaders. The US knows they are not community leaders. They know that is a title that they put on them. These are their dogs they send out to do things for them. Haiti was like that; everything was like that. And because they know, the plane landed at 3 o'clock in the morning and took Aristide [Jean-Bertrand

Aristide - Former President of Haiti -Ed.] and his family inside the plane and dropped him in South Africa and left him there. The man was just the president here, you know. When the next morning came, there was a new president. Of course, right here.

In other words, if you don't hear, you're going to feel. You think you are in power? Do you have a market? We have gold, we have oil, we have natural gas. Sell it. Who are you selling it to? We control the market. If we don't buy, will you all drink it? Will you eat it? You can't. It's in your earth, yes, sure.

Like Guyana has diamond, gold, all the big, big forests, you can't imagine. Right? Bauxite, they have silver, they have all kinds of things in Guyana. Now the US has Guyana under full control and they become an ally to the US and Venezuela is right here, and Colombia is their ally as well.

When people are living in a time or a region and they don't understand the winds of the politicians, they don't understand the influence, and they don't see the moves they are making to bring the whole region under *total* control. It's like you are seeing people putting up walls, prison bars, everything, and the politics is going that way, and then you don't realize now...

All of us are in the United States right now. It has no 'you are in Trinidad, you are in CARICOM' [Caribbean Community -Ed.]. It has no CARICOM. We are all under their control. Do you know why? Because when China came in—Russia came in and put those planes that carry those bombs, that in five minutes they could blow up all Florida, and they did that. And then Putin showed the simulation of bombs falling on Florida.

Remember 2019, when that was heating up and we called for the prayer meeting and we started prayer service? And I preached and explained what those things were, went into the Book of Revelation and showed now look at the things that are happening.

Then Iran came; Iran, China, and Russia. These are three nuclear powers, and they came, sailed in here, flew in here in this part of the world, and the United States is five minutes before one missile, one atomic bomb can go and hit that place.

Do you know what the US realized? We have to control all this territorial water, and we have to control this air space. Because if we don't have control, anybody could fly in and these people are enemies to us.

When you have your nice, little job or you have your nice, little new home or whatever it is and you are living there and you are thinking you are in heaven already, and you are just living your time out. One of these days I'll fly away, when this life is over, you know, and you are living in that type of dream world, you don't realize we are in a place here where... Who controls the US? Rome. Who controls us? Same thing. America, the beast that comes from the earth, is made for Rome to carry out her things. EC church and RC church, we grew up from small with that, EC and RC. EC is English church, Anglican; RC is Catholic. This is the ecumenical move. This is the beast and the image. That is why, you know, they were so stupid when I said I'm not joining any NPO. They were vexed that I was not going into any NPO. I'm supposed to go in the NPO. And I said, "Tell me in the Bible where the State tells you how to worship, when to worship, what to worship. Tell me."

Peter said, "Shall we obey men or shall we obey God?"

They said, "Don't preach in this man's name anymore."

You see, when people want a way of life that is comfortable for them and they can't make certain changes to go a next way and they have no revelation, it is like, "Yes, yes. I find I get trouble with how Bro. Vin did that." If you were listening the other night, I mentioned it to the saints in Tobago. How on earth you... I said, "Didn't Jesus preach from a boat? Didn't He preach from the mountain, sitting there on the

mountain? Was there a shed? Was there a tarpaulin? Did He put up a few tents on the mountain?”

When you are going to church, what are you going to church for? What brings faith? Does faith come by the building? Faith comes by hearing the Word. How shall they hear without a preacher? How shall he preach except he be sent? What if we have the best building and a man stands up there and he isn't getting any Word from God to speak? And we are really glad and we are admiring, “We built this, you know!”

I sit here and you sit here. When we walk out of here, do you know what is going to count here? What you received and are going out with; what understanding you got. And it is not the building that is giving you an understanding; it's a man standing here with an office gift and the Spirit of God. The Spirit of Truth is here, opening the Scripture and revealing It, and applying It and explaining It and simplifying It and making It relevant to you so you could be conscious and you are not walking blind and what you are getting through TV 6 [Local television station -Ed.] and this one here and the Guardian or the Express [Local news outlets -Ed.], not that. Because all those things are people who work for the system to stay in business.

Political parties control different news agencies. How could we have—how could we be a Spirit-filled people and not know this? How could we be a Spirit-filled people and live unconscious to these things, as though our help will come from the State? Do we look to the State for help? When you pray, do you say, “Lord, I pray You bless this Prime Minister here, You bless the Pope. Oh, Lord, bless the Archbishop, bless the head of the Justice Department.” The man is a homosexual. He controls all law in Trinidad.

Bro. Branham said, “I told my wife we are not Americans; we are Christians.” Because he saw America come under Jezebel's control. Now all the ministers were vexed because he said he was not an American.

It's like, "Stand up for your nation!" But my nation is not in control. My leaders and they are influenced from somewhere. Could I go and vote for a Hindu woman? What can she do for me? She worships an idol. The next one, he is a womanizer. What integrity does he have? Could I follow these people? I'll have to be blind, because they are blind. And if the blind follows the blind, then I and they are going in the same ditch. But if the Word is a Lamp unto my feet, and I see what is happening there, no, I want to speak to the ones that God gave an ear to hear, to understand their time and season where they are living, and know how to live and walk, and finish our days here and be able to recognize the faith is growing in us that will change us.

Not going through a church program and we sing and we do this. Now all of that is good. You know I believe that because I carried you all out with me. But the thing is that, in the end, when you have to make a certain stand and the devil is coming, what, are you going to stand and sing away the devil? You say, "Satan, hear this," and you start to sing one of your hymns and charm him? You better have faith in there and say, "Get thee hence, devil!" You better turn into Jael right away with your hammer and your nail to put Sisera away. That's right. You have to be a Deborah with Barak going out there in the battle and singing the song, a victory song, that this enemy and all that they planned, we cannot be subjected to them. No!

You see, there is an enlightenment that comes with the revelation. It makes you think differently. That is why when you meet people, you know who has revelation and who doesn't have any revelation very quickly; in five minutes you know. This one is just quoting, this one is just saying this, this one is just talking a religious talk. But revelation, this one has discernment, this one understands, this one has conviction, this one doesn't compromise. That is how that is. That is why we sang that song recently, *I Am Not*

*Ashamed of This Gospel*, not the gospel. Hear why. Methodists call what they are preaching the gospel. Jehovah's Witnesses call what they are preaching the gospel. All of them have 'the' gospel. No, no, no. Paul says, "God will judge the world by *my* Gospel." We have Paul's Gospel. We saw that.

Paul said, "All that I counted as gain, I count it as loss. I count it all dung. I was Pharisee of the Pharisees, I was of the tribe of Benjamin. I was with the Sanhedrin, given authority and all these things." All those papers he had that he could have plastered his wall with, he said, "All of that now is dung. I am a prisoner on this earth for Jesus Christ." And he was being beaten and thrown in jail.

They said, "You gave up your good life to end up in jail, look at you. All those years you were a good Jew, you were not going to jail, the State was backing you and everything, supporting you."

He said, "Yes, I met Jesus and Jesus is not part of the State. It's the State that killed Jesus. The State and I are not friends." All these kingdoms of the world are of the devil because Jesus said that.

So when we look now and see, every government on the earth is of the devil! That's politics; that is not God's world. God's world is with those who are in Christ Jesus. The natural birth puts you here, but in Christ, you must be born again. He said, "Nicodemus, marvel not I say unto you, you must be born again!" Except a man be born of water and Spirit, he cannot see the Kingdom of God. He is blind, just in church business and going along; blind as a bat. He is not seeing anything.

And that is why I am showing you a pattern in the Bible, these kings of the earth. Let me give better attention to reading now.

And they are seeing the smoke of her burning. So I'm saying watch the kings of the earth are connected with this woman. They lived deliciously with her. It is using

terminology like relationship, sexual relationship here. They commit fornications with the kings; they lived deliciously with her. Watch the terminology. He is using a whore, a woman and a man with great power and these two connect. But these two are going to be burned. They have riches, they have power, they have influence, but it's all of Satan. Watch the words that are being used there. Watch how He described they have a relationship.

How do the kings of the earth have a relationship with the Vatican? That is a building. That is a system. And these kings here that are considered these rulers in authority, because they won an election and they are in power. Think. But while these ones are in power and they have this relationship here, they are passing everything in certain favor. Like the Prophet said, "Watch, when that Jezebel comes in, she will turn this nation around like she did with Israel." First, she killed out the prophets, so that means no Light, no Word from God coming to the people. Now she is teaching them her doctrine. That is what Jezebel did.

Elijah said, "Lord, I am the only one left." He thought there were not even any believers; he thought all of them were gone too. Because everything went and the idolatry filled the land, all the vulgarity and everything. And then God showed him, He said, "No, I have seven thousand I have reserved. I have a people that are reserved." At the last Trump, Paradise will be emptied out and here, the Bride is going to come out of this world too. And we together with them will be caught up to meet the Lord in the air and so shall we ever be with the Lord.

Now watch this system. You see, it is important. The reason the Bible gives us this history of the system, is that we will know the power and the influence that controls the earth, controls the governments. Like I was making this statement, "How come in one day the whole world, every nation was locked down?" Do you think it

happened the day before? They just called them, “Send a bulletin out, everybody lock down, pandemic, nobody goes out. Everybody, wear a mask. This is the new order!” No, these things were planned. It came and they had their day of the execution of the thing and then they spread it. And then during this time now, they depopulated over thirteen million people or more; killed through vaccination. And who were passing the vaccine? The people right here. Just like they did the Jews in Auschwitz, it is the same thing the system is doing here, the same system.

Because that same Catholic Church that was supporting Hitler, in union with Hitler there, these four angels bound in the river Euphrates, who had treaties and these things, and that was the military power of the Vatican there in Europe. And their plan was to wipe out the whole Jewish population. But the prophecy said only one-third part. And the population of Jews in the world was eighteen million at the time, and six million died in Auschwitz. And that was a systematic destruction: how they did it covertly, how they changed the laws, how they did everything. And the Catholic Church, when the time came now and they had to escape, they had the ratlines to get all these—Hitler and all the lieutenants, get them out of Europe quickly.

These were things way back in the early days when the Spirit went down and showed those things, but here I am revisiting that for you. And I know I’ve held you a little bit already but it’s because of the Inspiration upon me. And I want my people to know these things. I want my people to understand me. Do you know why? If I preached for forty years and people are here talking like their heads are empty, it’s like what went on? What went on? Satan stole it, plucked it out of their minds. You hear them talking strange and when they are talking about God, you want to know if it is God they are talking about in the Bible. When they talk, you see no relationship with God in the person’s life, no faith,

and expectation. They don't even know what is going on in their own life yet you hear them say, "I don't think Bro. Vin..." and you don't even know what is going on in your own life.

You heard me from day one, I have told you as a little boy three years old going in the cane field all the way to this day, I am standing here. I tell you what's happening in the world. I go back in the Bible, find it and show it to you, showing you there is nothing new happening under the sun. Watch the things taking place. Why? Not that you would see me as somebody. No, that we could have faith, that we could have a correct understanding, we could have a clear revelation. Why? Because there is no prevailing power as the revelation of the Word. You are not getting revelation? You don't have faith. Because it takes the Word revealed, opened up to you to give you faith. It is that which produces faith.

It comes like you are sucking an orange and that has Vitamin C, it will give you Vitamin C. It has something that you can draw from it that you can become strengthened and build your immunity and build your resistance to things. Why? Because you are eating the right things. That is what food is for. And this is the Spiritual Food, not just Spiritual Food, in *due season*, because in the season we are in, the type of attacks, the type of pressures, mental pressures, the type of things, and the fear that is moving into the land with all these things, and the deceit, the manipulation and exploitation of people and you are getting a Word to keep you clear, and keep you sane, and keep you where You aren't losing your joy, the joy of the Lord is your strength and you are walking close to the Lord. That is what you want. That when you meet a weaker one, you can sit and share something and strengthen somebody and keep the strength in the Body. When this one falls apart and that one falls apart, you say, "Look that one fell apart boy and that one so and so. How could that person do that?" No! You should have been seeing that

when they were starting to get weak. You should have been seeing that change in their behavior, especially when you are around some of those that you know, that when you see that, you say “Hey, I notice you are not walking as you used to walk. I notice now that some of the company you are keeping isn’t good for you. You should be more in the Word. Now is the time to come up here. The world has gotten much darker since those days. Understand what the pandemic and those things were.”

The world has changed; it’s not the same world. Same people, you are living in the same nation and everything, but now their agenda... Like Haman had a hidden agenda, but then they had a day and a time to execute that. Isn’t that right? And then that was the whole thing with Mordecai. When Mordecai... And Esther was sleeping, and all of them were sleeping in the kingdom, and the day was approaching when all of them would be slaughtered, and they didn’t know. And then when Hatach came now and started to tell her, “You are in the kingdom for such a time...”

Mordecai said, “You came and you got married, you are the queen and you are in the upper echelon of society and you are walking around, ‘I’m Queen Esther. Hallelujah!’” He said, “All of these people are dying, and if you think that they won’t know you are a Jew, you also, inside of there, when that time comes, your life will be lost inside of there.” When she... That truth shook her up.

Now when those things come, you might not remember but I remember. I remember how *Supernova* came. I never used that word in my life. I didn’t even know that word existed. And then when God showed me that, *Supernova*, I said, “*Supernova?* What is that, boy?” I started to look that up, right? When that song came, after I preached the message on *Supernova* [[1987-0219-Ed.](#)], we were out in the yard. Bro. Ulric [Ulric Andrews -Ed.] had a little rhythm and he was playing the little rhythm and

Bro. Glaude [Anthony Glaude –Ed.] came and said, “Hear what I am hearing,” and he started off, “*Stumbling around in amnesia, not knowing the purpose for which I was born.*” And here it is one got the melody and he had no words for it; and the other one was getting words and he had no melody. Then God had the two of them there at the same time, and I am standing right there because it was I who preached that and it’s like I am hearing this. It’s like *Changing Robes* [#715 - Songs That Live –Ed.], when those things came back there, all of these things, do you know the value and the power, do you know the opening and the visitation that brought those Truths?

You see, but we had so many of these things here and that’s why you have to retain God in your knowledge. And that is the rock box; the water is leaking out. Every time you throw the bucket of water it goes out and the Prophet said, “What? We need honey.” And they got the honey and they put it there, then the honey held the water. Brotherly love, love for one another, and that Word that will hold that and keep us strong, keep it fresh in our hearts to overcome.

I’m going to close because I cannot finish. I could finish reading, so that is why I’m going to stop. Let me get some more singing because you know, for me this is a song. I am singing a song here, a long song. This is a song opening.

Verse 11,

*... and the merchants of the earth...*

So what did we have? Verse 9, the kings of the earth committing fornication, living deliciously. Do you see how God is? God isn’t ashamed to say a thing and describe a thing. God is showing the relationship between them there: politics and religion. That is a relationship between politics and religion. Politics is the kings of the earth; religion is the woman, and she is a vulgar woman. And these men now and her, it is money that is involved. You understand? Because they need each other. She needs to operate and do what she is

doing and then they now have armies, so they now could bring the kind of support and the protection and different things. And if they are working together, you get church and state together; that's a very powerful union. So when you are reading Scripture there, understand how you are reading.

*<sup>9</sup> And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her...*

They will shed tears and cry when they see her burning and her torment. You see?

*<sup>10</sup> ... saying, Alas, alas, that great city Babylon, that mighty city! for in one hour is thy judgment come.*

So, her burning, her torment, her judgment.

*<sup>11</sup> And the merchants of the earth...*

Now watch. We are going from politics and religion to economics. Can you see that there? You have to see that in the reading. Merchants of the earth are trade and commerce. That is your Third Seal. First Seal – white horse; that is religion. Second Seal – red horse; military, government. So right where you are reading there, you have those three seals all up in there: religion, politics, economics. What is going to come? A one-world religion coming? A one-world government coming? A one-world economy coming? That is what you are reading there. You see, when you go in the Seals and it's broken down, Seal one: white horse, red horse, and the people know it so. But watch, it is the same system here and it is giving you a different picture now and it is showing you the connection, how they lived deliciously with each other. See? And who are we? As far as they are concerned, the slaves in the kingdom. We are the slaves in the kingdom and some of us are marked for destruction. Do you know why? We aren't submitting to them, and we aren't worshiping with them, so get rid of us, get rid of us. So that is their thing.

*11 And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more:*

The merchants of the earth, people who own the shipping industry, people who own all those different things... Take a little time sometimes and look up the shipping industry and realize how expensive that is. If you take a read also in Ezekiel 27, king of Tyre, those are messages I preached here in the church, showing you the economics of how these things work.

So, watch it here.

*11 ... the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise anymore:*

Because why? She is burnt. So what was the merchandise that she used to buy from them? They are the Midianites merchantmen and the Ishmaelites. They have spice, they have balm, they have different things and they have slaves, human beings, you know, and they have a market. And Egypt is what? The world. Egypt is the world, where God's children were enslaved and it took a prophet to come and bring plagues on Egypt and deliver them; a people with a promise. It is the ones who had the promise come out and God had to kill that nation and break that nation to deliver His people. Egypt. Jacob and his family, and his sons, and his children, seventy of them when they went down into Egypt to meet Joseph, when Joseph sent for them, and Jacob came and prayed for Pharaoh, right? But then the Bible said, "And another Pharaoh rose up called Ramesses." And when Ramesses came now, new administration, new order. He said, "Now, deal wisely with them, because if war starts, and they go and join the other side, we are in trouble." And they started to break them down because they had owned some of the best places in the land. Pharaoh gave them that fat place, the first Pharaoh. Pharaoh had given them all

those nice places to raise their cattle and sheep because of Joseph.

And then another Pharaoh rose up who didn't know Joseph. So now they had a plan, "Deal with them like anybody else." He said, "No special treatment for anybody here under this administration." He said, "We will work them hard, break them, because they are going home and multiplying too much." See? And then he said, "You see those male [female -Ed.] children, save them; female [male -Ed.] children, kill them." Because they are keeping so much for the labor force and they are keeping so much for pleasure.

Watch what they are seeing people as. Watch, this is the intelligence of the government. Watch how they are seeing people, watch how they are treating people. Watch how their laws came in. The Ministry of Health, they called them taskmasters. What is your task today? Okay, you have so many hours to do that here. That has to be finished. By the time they were done, they weakened them, they broke them. The system was restructured to keep these people under control.

Ezekiel showed it another way too; it's like a hedge. This hedge must be four feet tall, and so every time it is going past that four feet, the man with the shears comes and cuts it down. Keep it a certain level, just so much in here. They are dangerous. Keep what we could control for what we are going to have here. Because... Start to control... They have too many schools. What did I call it back there? The Israelization of Egypt. Like they were saying, the Israelization of France—the Africanization of France.

Remember the last world cup, not this one, the one before? They said it's Africa who won the world cup, not France, because there were nine players from Africa on the team and they were not French people. They had a couple of French men, but the big part was the African boys and they from Africa because they colonized them. And they did not like that when the people said that,

because they wanted to play their France thing, you know, “We win.” And do you see Macron [Emmanuel Macron - President of France -Ed.] now? Look at what Macron’s condition is.

You must watch these things, and when you watch these things, you see the same God of the Bible; It doesn’t change. Remember when Herod raised up so and worms ate him? Because he cut James’ head off and then he wanted to put Peter in prison, “I will bring him out for Easter and kill him.” So, he is looking for a second term, but look how he is treating God’s people to get more influential and stay in power. Because they are a means to an end, as far as he’s concerned. People become like nothing. They become like an old napkin that you use and you take it and throw it in the dustbin. That’s the way they see the world. And people like us, that’s our religion...

Did you hear what they said? My sermons are linked to the Doomsday Prophet who’s connected to the Ku Klux Klan. I didn’t make any papers, but the papers I am going to make now is, I am connected to the Doomsday Prophet who’s connected to the Ku Klux Klan; my sermons. What is it? My *sermons*. They have them all. I told you when they took everything out from my iPad. They threw it—I had about ten thousand messages and articles inside there, boom, they threw it back in one folder. They didn’t even bother to put it back because it was too much. That is what caused the trouble; that is what caused the trouble, the things I preach.

You see people who are Bible people and theological people who are high up, when they hear me reading that same Scripture they read, and what I see in it, that is a certain thing, you know. It’s like, who is he? Then they realize but he went around the world so many times. Who’s sponsoring him? What system is he in? Who is he going by? I’m not in PAWI [Pentecostal Assemblies of The West Indies -Ed.], I’m not an Anglican, I’m not a Roman Catholic,

I'm not a Seventh-day Adventist, I'm not a Jehovah's Witness, I'm not Anglican or Catholic. I'm just somebody who came off the street, who wanted to go to Tibet. The thing that happened in my life I didn't bring it, I had nothing to do with it. It's foreordination. And because of that, woe is me, as Paul said, if I don't preach the Gospel. Because the voices to keep the Message alive, to keep the vision clear, to keep in step with what is happening and the understanding of the times, and knowing the prophecy, and seeing how the modern events are making clear these prophecies, that is a very, very rare thing. Because when you look there... It is easy to read. Anyone who has literacy can read here, but when you look there in the world where that is, and what is happening there, where that is in the Book, that is where the thing is.

Verse 12. So It says, verse 11,

*<sup>11</sup> And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more:*

It is telling you the merchants and they, when they see her burning and her torment, they said, "How this great Babylon, this mighty city, in one hour is destroyed?" And they were weeping. Why? Because they were not going to make any more money. They became rich by the demands this woman wanted. The people who make up that system, they work with these people, and these people now have connections around the world.

What do you want? What do you want? Understand. Catholic Church, the nunnery, it's not about nuns and nice holy women. Those nuns are for those priests. That's what it has always been. You listen to the Prophet and you read the *Nun's Testimony*. Remember the *Nun's Testimony*, and the lime pit they had, and all the aborted babies that go into the lime pit? Of course! Remember when this one, our sister from Dominica [Sis. Donatine Prince -Ed.], came and she was listening to messages

I preached there, and sitting there she's hearing Bro. Prince and Jamal in the house playing that, and she began to listen; her eyes began to open. Then she and I started to communicate. Then she wanted to come to Trinidad. Then, when she came, she got baptized and everything, and we spoke with her. They used to send her all into Africa and different things, you know. She wasn't one of those normal ones; she was one of the hard-working ones. And when that time came, she made that stand clear. She made that stand very clear. And all those things, I mean when you're not spiritual, you're not sensitive, it's like how did this woman, who was in the Vatican, who was a missionary, sent into all these places on behalf of the Roman system, and then comes down here in the Caribbean and these things, and come and sits one day and begins to hear that Word, and then begins to realize all of that, what she knew was wrong.

Then when we started to talk now, and explain on a person-to-person, one-on-one level where she could ask a question about this and this and started to see the Bible opened up to her, that was something. And she had conviction that she walked in it. See? Then she fulfilled her time on earth, because all of that happened before she could die. Could you imagine if she had died in that condition? God had us meet people like this to understand how that system uses them.

Watch the merchants of the earth. They weep and mourn because no man buyeth their merchandise. That is why they were mourning, you know. They watched how in an hour the place burned down and went into ashes. They couldn't imagine that.

But hear what the Scripture is saying,

*12 The merchandise of gold, and silver,  
and precious stones, and of pearls, and fine  
linen, and purple, and silk, and scarlet,*

Fine linen, purple, silk and scarlet; these are the official colors of the Vatican. These are not just... In

other words, you see how it is written there, it has a system on earth with that. That's how they dress, that is how they carry out their mass, that's how they do things. All the gold and these things, all the golden altar where they offer their incense, but all of that is to Lucifer; they don't worship Christ.

Now you're reading about this in the Bible quite back there. John wrote this AD 95 - 97. We're in 2023. Do the math. Over two thousand years that Book was closed and these things that we are seeing here are happening on the earth. So it tells you what kind of Book this is. The Book is God's foreknowledge. Foreknowledge is prophecy. And this is prophecy with a specific system in the earth that you don't mix up with any other system. Only one system will match this and have the characteristics. Just as only one people on earth will match Ruth and Esther and Sarah and Rebekah in the Bible. One people will match them because they are not Athaliah and Jezebel. No, no. They are a type of the Bride of Christ. Because with Rebekah it has an Isaac; with Esther it has Ahasuerus. Do you understand? With Ruth it has a Boaz. In other words, it's always Christ and the Church, Christ and the Church.

Salmon and Rahab, Christ and the Church. Out of Judah, they all came out of Judah. Remember the message, these four Gentile women came into the genealogy, into the tribe of Judah, through union.

Why would we sit with Him on the Throne? The Throne is the Throne of the Son of David. The Throne is the Throne of the Lion of the Tribe of Judah. So for us to sit there, we can only be there by virtue of marriage, and the Marriage of the Lamb is come and His Wife hath made Herself ready. And the King and the Queen go to the Kingdom, like Adam and Eve were in Eden because we are a part of Him, we were chosen and blessed in Him. Eve was chosen in Adam and blessed in Adam. When God made Adam, it had no Adam and Eve as yet.

It had Adam, but Eve was still to be expressed in another season.

When Jesus was here on the earth, all of us were represented in Him. He is the Head of a New Creation. That's why everyone, from Christ sending back the Holy Ghost to give a New Birth, right down to this time (that is AD 30; we are in 2023), so from AD 30 to 2023, you have a people, who by a New Birth, is coming into Christ. That's the only way to get into Christ. The only way to see the Kingdom and enter into the Kingdom is by a New Birth, and only Christ can give a New Birth. In Adam, we all die; in Christ, we are all made alive. Adam is fallen man. Jesus is the Redeemer coming to redeem the fallen people who in sin did our mother conceive us, and give us a New Birth; a new heart, and a new spirit and put His Spirit inside of us. We are not just Trinidadians. Understand what we have, what God has made us in Christ.

That is why when you read that Word and you begin to understand what He's describing there, He's describing that system, how it is going to be burned, and He's showing the kings of the earth and the merchants of the earth.

Do you know *Apple's* revenue that they make on a yearly basis? You can put this whole Caribbean together, it can't compare to theirs. Do you know all this Black World and all these different big, trillionaires and they that they have there, their revenue, countries don't even have half of that? And they are the capitalism inclusive who came with the Pope there when we had that. And I preached on it and showed you they went to the Vatican, and now this is like a new economy, and began to show the world is no longer controlled by nation-states. It's by the big conglomerates. It's not nation-states.

Nation-states get orders, "Shut this thing down. Vaccinate everybody." They are just carrying out orders like a schoolboy. They are not ruling over any territory

or anything. When we look and we see they are looking like they are in power, we have to know the real power. Go to the Bible and see if Trinidad has power. The only power Trinidad has is spiritual power.

So, He said... Now watch the merchants of the earth, okay. No man buys their merchandise anymore. And it tells you the merchandise. Catch it with the understanding. It is telling you their merchandise. No man buys their merchandise anymore. Now it starts to tell you the merchandise:

*12 The merchandise of gold, and silver, and precious stones, and of pearls, and fine linen, and purple, and silk, and stone...*

These people who buy their merchandise, hear what these people are buying. This is what they buy from them:

*... and all thyine wood, and all manner vessels of ivory,*

I thought ivory was from the poachers and they, and they were getting the ivory. They have lust for certain things. Because it represents to them power and a certain importance and a certain glory so they must have these things. Go by me and see, I have my elephant and my lion which I bought in Kenya; places I went and where God used me mightily.

*... and all manner vessels of most precious wood, and of brass, and iron, and marble,*

All of these things are what adorn the Vatican. That is why when you go in, there is no place like that on earth. That is why those kings bow their knees to them. Those merchants of the earth who are doing the business and getting the contracts and then bringing the things in, they are like a person that is glad they have this kind of contact with this system that they could make such revenue from the sale of the goods to this nation. And these now were made multi-millionaires, billionaires. Why? Because you are going to find out, they don't just want wood and all this you

know. We are coming to it. They want children, they want slaves. That is why they are pedophiles. That is why they hand out millions and millions of dollars to shut up things, because of all those boys, altar boys that they are living with. When they opened those graves in Canada recently there and over six thousand children, indigenous children, were violated and killed, and they just buried them.

One of the most evil persons on earth is Pierre Trudeau—Julian Trudeau [Justin Trudeau, Prime Minister of Canada -Ed.], his father was Pierre. His father was the same. But in those days they did not have the exposure and the knowledge. But Mr. Epstein, Jeffery Epstein, he was one of the merchants who got the merchandise. He had the sex island out there, and he had the Lolita Express. And Clinton and Bush and all the big people and they, Prince Andrew, all of them came and got exposed in this because they were trafficking all of these young girls and had them there.

And then this woman, Ghislaine Maxine [Ghislaine Maxwell -Ed.]? These people became notorious people in this Age, that when those names are mentioned in certain circles everybody knows right away, yes, that is the one. In the Bible, it talks about Adah and Zillah, in the time of Lamech; Lamech's two wives. Read your Bible. In this Day, we hear about Elon Musk, and we hear about the man from Amazon [Jeff Bezos -Ed.], all these big people. Why? Bill Gates and all of them, it is just a few of them. Bill Gates was one of them on the Lolita Express too.

Now they are saying Epstein committed suicide. Suicide? Because he was going to expose all of them. "If I am going down, you are all going down with me, you know." They got rid of him quickly and now they're telling you how they brought people into the prison and they took him out. And they tell you some story like he hung himself. Why did he have to hang himself and he had all those big boys and them? But from the time they started to get exposed and names started to call, and he

got some heavy-weight lawyers who were taking that to the court and were determined they were going to get justice, justice is going to be served here, they realized before it reached there, let us silence this fellow. Let him go to the grave with what is inside of him and none of them are talking so their thing is cool.

This is the big boys, this is the kind of world we are living in. When you are reading this here, watch the things. Watch the things. These are categories of people, different kinds of people with different merchandise, you know.

Verse 13:

*<sup>13</sup> And cinnamon, and odours, and ointments, and frankincense, and wine, and oil, and fine flour, and wheat, and beasts, and sheep, and horses, and chariots...*

When you read of horses and chariots, that is transportation system. That was transportation... When the Bible was written back there, that was the transportation system, (see?) horses and chariots.

*... and slaves, and souls of men.*

That is a commodity? This is a list of the commodities by which these traders became rich. These merchantmen became rich. And who needed this commodity? These people. That is why they were crying, "Look at all this place that made us so rich and we had such a communication." They are feeling like they are rich merchantmen, and that is a woman they were in love with, and they lived deliciously with, and now in one hour, she is ashes. But her gates were the gates to hell. See? Her gates were the gates to hell.

Jehu; when Jehu came for Jezebel, she died a violent death. Strong is the Lord that judgeth her, 1<sup>st</sup> Kings 17. The Angel told John, "Come, John, I will show you the judgment of the great whore, how God is going to judge this here," Revelation 17. Then Revelation 18 here, this is the one that follows that. This brings in the kings of the earth and the merchantmen. See? All of this is about

wealth, commodity and business. But it shows you their taste, the things they are buying that are making them rich.

You don't just walk into a place and buy that, you know. You want ivory, that comes from elephant tusks. You have to get poachers in Africa if you want that because the law tells you, you cannot kill them. You understand? You want sheep, but you don't want any sheep from any pasture in America. You want sheep from New Zealand. That is the sheep country; over seventy million sheep in that country. We drove through New Zealand; if you see sheep. You are going for miles and you're only seeing all that white and big fur because of the kind of grass, and the climate is for raising sheep. You don't see I have my sheepskin? I have a couple of sheepskins. Why? Why did it have to be shepherds? They were clothed in sheepskin, men carrying the Message. That is why I have that. You see? Because John and they, John had camel skin. I guess he could not find sheep so he settled for camel.

After they go through all of this, what is the last commodity? Slaves and the souls of men. Who are the merchants for people? Who has the harems that they can sell? And before you do that, you want a list.

You don't say, "Bring me some women."

And they say, "Boss, this is the best we can find. We have two hundred here, fifty to seventy years."

Do you think a man wants fifty to seventy years? No, they want one not touched. They want a virgin. They want a little boy because they are pedophiles, so they kidnap, then you get missing children. Why? Because the person who could help fill that order, he has to know where you are going to find the commodity.

And they say, "Well, the ones that came the last time, they were crying all day and night, "Where is my mommy, where is my mommy? They were bawling." They say no, we have to deal with this thing in a certain way. And then they have to get quality, that when they

bring the goods to the merchant, the merchant brings the goods to the one who is paying for it, they have to test it and say... The same way they brought Joseph on an auction block. He was on an auction block.

“And the price is going, who can bid for this man?”

A man said, “He looks ‘nashie’ [small or skinny looking -Ed.] and thin.”

A next man says, “Nashie and thin? That fellow speaks three languages. That fellow knows mathematics. That fellow is an administrator. I understand his father has the biggest farms in the place where they come from and he was in charge of even his bigger brothers and them, that one there.”

Say what? So, he put administration into the whole prison. The prison warden just slept and relaxed. He put order to all of Potiphar’s things until Potiphar realized everything this boy touched was getting blessed and increased over the house.

He said, “Oh, my, look at the investment I made! I did not know it had all of that coming for me.”

He realized he got something.

Well, so it is in the Word. That is why I’m showing you, when the Midianites carried him, nobody gave them small money, you know, because the Midianites realized it was their own brothers and they are family to them. But the thing is, they had no family blood; money is thicker than blood here. Money is thicker than blood. So the thing is, they were taking the money and realized, if they could sell their brother like this, and he was the one who was in charge of them... Because they all go back to Abraham, and Abraham knows Isaac, and Isaac knows Jacob, and this is Jacob’s son.

Oh, my, I’m keeping you long, but that is okay. We love the Word. I am finished reading. It is just a... I know you could read, but the reason I want to stop and comment on it is because I know when you read, you will not get all of that when you are reading. I am giving you the picture of the present tense of something

happening that is relevant to us. And that system, that is the system that says you cannot buy or sell. That is the system and the two beasts; beast from the sea and beast from the earth, who have me—shut me down, all these kinds of things and saying you are not a minister and these kinds of different things.

See, people say, “Why don’t you open back the church?”

If I open the church, they will take me in the morning. Who will preach this? Who will preach this? Do you understand? But they are not thinking about that. They want to be in a building. You see, this is the dullness. These are people who don’t have the Holy Ghost. Anybody with the Holy Ghost, the first thing that attracts you is the Word because the Spirit feeds on the Word, and the Spirit will only relate to the Word. The Spirit does not relate to people, you know, the Spirit relates to the Word first. If you abide in Me, and My Word abide in you. If you are born again by the incorruptible Seed, the Word of God, that abideth forever. Faith comes by hearing the Word of God. He that hath an ear to hear what the Spirit is saying. The Spirit is speaking what? The Word, teaching the Word.

So, somebody who isn’t preaching, who isn’t on the Word, and “I’m on church,” you know they have no Holy Spirit, no New Birth. Because the Word is quick and sharp and powerful, a discerner of the thoughts and intents of the heart. The Word is what fortifies you. Jesus overcame Satan by what? The Word. Not any gift and this and that; the Word, the living, Spirit-quickened Word inside of somebody. When faith finds its bedding ground, no circumstance is considered. It’s a Spirit-quickened faith. See? It’s the Word that takes away the fear.

Bro. Branham said, “I come with the Word to...” He said, “The greatest plague in the land is fear and I come with the Word to drive the fear away from the people.”

Why? Because the Word brings faith and lifts you above fear.

Now remember, the Word is not quoting the Word, okay? When He said the Word, the Word is the revelation, the opening of the Word, the revealing of the Word, because Christ is revealed in His Own Word and the Church is built on the revelation of the Word, because Jesus Himself is that Word.

So, these people saw all those great riches come to naught and it shook them to see the condition that it ended up in. And that's why here, we saw the last thing is how they trade in slaves and the souls of men. Why is this Vatican trading in the souls of men? They offer human sacrifices too, you know. Understand. In other words, watch the commodity they are buying.

Now, do you think you can go around normal... Do you think a business person could go around normal saying, "I need about seventy young virgins, I need about seventy-five young boys, and how much is that going to cost me? How far are you transporting them from? And we need certain types of other things with the normal list."

How does a person now, who gets the order, fill that order? He has to know the one who has those farms. He has to know where he can acquire the commodity, that when he gets the list... because the Bible gives you the list here. Now what do religious people want with the souls of men? What do they want to do with slaves? Revelation 18 tells you, Babylon is called, what? A cage, a habitation of devils. See, you have to put the Word together because everything in the Vatican there is about Satan, not Christ. That is why the man of sin, the devil will be incarnate there and the whole world will go crazy. That is why it says, who is able to make war with the beast? What beast? The fourth one. Daniel said it would devour the whole earth and break it up into pieces. That place there is what is controlling this whole earth. That's why they bring Muslim, Hindu, Buddhist,

Protestant; everybody they bring now into the ecumenical move. Now they are having a Bible to suit everyone. And this is what we were warned of. And this place we were told, in one hour is going to be judged, because in that city is the blood of the saints and the martyrs; over sixty-eight million alone in the Thyatira Age.

Do you know how much blood was shed down through the years in that place there? And the whole world bows and reverence, and when the Pope stands up there and speaks, it's like God speaking to them, as far as they are concerned. Why? They have deceived the whole world. That's why the Holy Spirit is a rare... Don't just think everybody has the Holy Spirit, you know. You have to learn to check somebody and know, is that the Spirit of God in that person? Is that revelation in that person? Does that person know what they are talking about?

Verse 18:

*<sup>18</sup> And cried when they saw the smoke of her burning, saying, What city is like unto this great city!*

*<sup>19</sup> And they cast dust on their heads, and cried, weeping and wailing, saying, Alas, alas, that great city, wherein were made rich all that had ships in the sea...*

You know, if a man has five of those big ocean liners in the sea, do you know how much money that is? You know all that come with appliances in this country and all over, all those big containers by the port, all of them... Well, I have been to the biggest ports in the world. We've been in Rotterdam. We've been in Singapore. See? These are the two busiest ports in the world. Then you have all those other ports like China, and other different ports, and these things. Then in Panama where they widened the canal, it is all for trade and commerce because it is by ship that it is going around the world. And these merchants, when you see

merchants, you have to think of the big, big ones like Onassis. Remember Onassis [Aristotle Onassis -Ed.] who married Jacqueline Kennedy after they killed John Kennedy? He became the new husband, and he was the big, Greek shipping magnate that they had. Yes, they were billionaires. And this rich merchant of the earth married the wife of the rich president of the greatest nation on the earth.

Do you think that was a small wedding? But those are power weddings. That is connecting kingdoms.

Let me drop down. I left some for you. I dropped down to 23.

*23 And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived.*

Oh! By her sorceries, her witchcraft, spells. Isaiah 44 and 45, read there. We preached on that many times in the past, how she, by her sorceries... She has a cup of abomination that drunken the nations of the earth. Not a physical cup. That media, all that filth, all that pornography, that is the cup the whole world is drinking from and is drunk, and that's why it has all this filth in the world, all this lesbianism. Everything in hell comes out in this Age; all the insanity of the people. And then what did they do? To show you their power, it all becomes legislation. You can't talk against it; they will lock you up for talking against it. And like those nations who refuse to accept it, sanctions on them.

Do you think these people are pulling back or are going to sit and cry that they aren't getting to have their way? No. You don't want it, you will suffer. We told you to do this and you are saying you are righteous and you are not doing this, you will have to suffer. This is where the Elect has to prepare to suffer certain things, and do without certain things if it comes to that. Because what

do you want in this earth again? On the earth before you die, God gave you salvation, God opened up the Truth to you, God showed you your name in the Book, God showed you are bound for Heaven. Of course! Do you want to walk around, drive a bigger car or do something or get more popular? No, no, no. Understand why you are here. By and through the members of the Bride, one purpose God has for Her, that is to finish this work, finish the Commission, finish the plan of Redemption.

See, thy merchants – talking to the system. Such a great city.

*... for by thy sorceries were all nations deceived.*

Because they go and they confess, “Father, you know, I did something today,” and so and so and so.

And he says, “My child...” You carry yourself and do all kinds of crazy, filthy, ungodly things all in the street, in the nation’s carnival culture and then you come on Wednesday [Ash Wednesday –Ed.] and he says, “You are pardoned.”

And if you see the girls in the bank, they are half naked and carrying on j’ouvert morning, carnival Tuesday. They almost look naked in the street. Every year they are becoming more naked. They are following Brazil, (see?) and then next thing they are the teller in the bank or the manager, they sit down there and they... a chameleon. According to what environment you are in, you blend in. See?

Let me tell you, a lot of these people are not God’s children. These are tares. You can’t be in an Age from 1947 to 2023, it has a Message sounding out to gather the Elect, “Bind the tares together to be burned; gather the wheat into the garner.” The Shout, the Message is to do what? Gather the Bride, the Elect together. What for? To be taken off the earth because the righteous will walk out on the ashes of the wicked. The Third Woe, Armageddon, cometh quickly. See and understand.

*24 And in her was found...*

Hear, “And in her...” The one who deceived the earth with all her sorceries and deceived all nations.

*24 And in her was found the blood of prophets, and of saints, and of all that were slain upon the earth.*

All? She is behind all of those wars. She is the one who is sitting there and saying, “We want peace, let us be more tolerant with our neighbor and our brotherhood,” and saying those kinds of things while they are sending the soldiers and taking all the people’s wealth. Killed over a million people in Iraq in that war after deceiving the people by showing satellite images and saying, “This is the satellite thing here. There are the trucks with poison gas and different things, and the thing that they planned.” And they made this and put it there and everybody sat there and all of them said, “Yes, yes.”

You see this war in Ukraine, from the time it started, every nation said, yes, yes, yes, because the United Nations, Bro. Branham said, under the auspices of supernatural devils. He said, “But we can see what they are doing because God has uncovered their scheme. That’s the reason the devil is howling.” Light came and shone on the Bible, identified who this woman is in Revelation chapters 17 and 18; identified who those kings of the earth and these great merchants of the earth are and how they unite. And we stood up and watched them unite right here.

Was it last year or the year before when they came with capitalism-inclusive and all of them came together? And now these are the people who are running the world, not governments, because each one of them, their system, they are multinational corporations. They have corporations in so many different countries in the world.

We have one thousand, eight hundred and sixty-four square miles. Or did it get smaller? This piece of rock

that we are on. We don't even have ten percent of what those multinational corporations have and we are a nation. We are in debt today. Haven't you seen all of our things are privatized? Why? They can't pay the loan. The borrower becomes a slave to the lender. They trap you.

I mean 2008, the messages. When it happened in 2008, the subprime mortgage crisis, sitting there in Dominica, and the Holy Spirit came and showed what happened from Fort-de-France, Martinique, when the earthquake struck, it came all the way to Guyana around that faultline and no damage. One place – Central Bank, Trinidad, the tile fell off. And here we are inside of there, 2019 December and that was it from there.

But go back and see, I had already preached all of those things, the subprime Mortgage Crisis, when that came. I called them and said, "Call for meetings." I said, "Arrange for meetings, I'm coming home and I'll be preaching this weekend." I left Dominica and came home to preach those meetings: *I Will Keep You In The Hour Of Temptation*, [2008-0215 The Increasing Economic Woes -Ed.] (see?) that is to come upon the whole world; talking about the patience, because you are patient.

I will have Part 2. I will leave Part 2 for in the week, sometime when I come back this week, because I haven't finished. My next place was to go to Joel 3 and I'll show you how they sold a boy and they sold a girl. Human trafficking for some wine, the Bible says. The same people get drunk and merry and then they want a boy, they want a girl, they want this, and we see the suppliers of the commodity and how they are trafficking people like it's normal. They are trafficking people like it's normal. We did not get to a third of where this is going.

**HUMAN TRAFFICKING.** Three things: weapons, drugs, and human trafficking. These are the three things and all are connected together. All are connected together.

These last couple of months here, they exposed Oprah Winfrey and all these different people, and all these big people in Hollywood, all of them; all of these pedophiles and all who are selling boys and girls, all in one big racket, all of them. It is a deadly thing when you can think. When you get there, you will start to understand when Bro. Branham said, "Hell is being created on the earth." Because you know what is causing that? Those demons that were bound there, a key was given unto him to open the bottomless pit so they came out. Then in 1963, sitting in the JC Penny store he said, "I looked and I saw what I went to hell to see, I didn't have to go back in hell; hell was here." And he said, "Oh my, how could this be? What is this?" Then he started to understand. That is what is happening.

You see this new Eden, Satan's Eden, the tree in the midst of this garden is the tree of the knowledge of good and evil. He is not a creator; he is a perverter. What is the Truth? Life. He is the Way, the Truth and the Life; Christ. See? But then he comes now and perverts the Word, the Truth and turns the Truth into a lie and many who believe in the lie are damned by it. The Serpent added one word, *not*. The end of the Bible says, if you add one word and take away one word, all the plagues will be added and your name taken out. Watch Genesis, watch Revelation; watch human trafficking, watch the trading in the souls of men, (see?) and slaves.

When I come back, I'll show you in Syria, ten thousand people disappeared overnight; they don't know where they went, women and children. Gone! When they had that war, and the people were running. Because they used the war and they... Like in Ukraine, millions fled Ukraine. They call it dispersion. They scattered the people but they have the brothels, they have all the people. Then they have the people now who are there, and when the people were leaving Ukraine coming out, (you know) it had people there. "Oh, my, the war is so bad and so we have some places to help

people, you know.” You had to leave all of your possessions and run for your life; just come with a little bag with a change of clothes because they are bombing your city and these things. And you are frantically trying to get out, and when you get out now, they say, “Well, we have some homes here, you all could rest for a couple of days and so on.”

Everything is set up for those things. It is set up for those things. It is the world. It is the world that we don't see. You see, television could hold your mind in one place and make you see one thing, what they want you to see, and they lock you in a channel and you are just feeding off of that. And the things that they have hidden that will expose them, we have to go to the Bible. And Joel 3 is dealing with... God says, “In the day and in the time when I'm bringing Israel, I'm bringing the Jews back to their homeland,” He says, “in that time...” He put the human trafficking. You will see it is in that time under the Sixth Trumpet. After World War II, the Jews are going back and are still going back to their homeland; rushing from all the world to come back there, because when the Gentiles go up, it goes over to the Jews. When the Sixth Seal is opened, Moses and Elijah, two prophets are raised up there. We have had a Moses and an Elijah in one man. We had the two offices in one person and the Ministry of Christ also in that same person. That's why the Spirit said, “The Spirit of Moses, Elijah and Christ is in this tabernacle.” See? So, when we look and we see these things; what it is, where it is and how it is happening.

But you see, just like with the Ukraine war, they filled the people with propaganda and told them Ukraine has the Russians running and Ukraine is doing this and Ukraine is doing this. And it is lies, lies, lies. And now the whole thing is mashed up, it's gone, cities were destroyed, everything. And they were sending billions and billions of dollars thinking they could still win the war, and everything is gone and now they are scared

because they realize the Russian weapons on the battlefield are more effective, more accurate and better than what they have. So, there is a fear there now. You see? Whistling in the dark.

Friends, we are right here. You know when that bomb hits America, that Seventh Vision, he says we will go before the bomb falls. You could imagine if we remain here, when that radiation comes from there, where are you going? When that radiation comes... When that tidal wave alone comes, fifteen hundred miles long, three hundred miles wide, about forty miles deep into that fault out yonder; and the Bible said, “And the islands fled.”

I remember I had dreams and I am seeing it's like judgment and the place is dark and scary and seeing this—like a great, big storm was coming. And it's like, that wakes you up. You don't sleep through something like that. It wakes you up, especially when it's so real. And when you look and see, you mean here? We have seen enough to scare us just to see how they could deceive the world and kill thirteen million, making them think that the vaccine is a good thing.

And just think about how many people inside of here were trying to tell me about the vaccine.

“Bro. Branham took the vaccine!”

I said, “I took the vaccine too but not that kind.” That what they have is not a vaccine. They named it vaccine, but it's not a vaccine. They are putting nanoparticles and things inside of you. That is a vaccine? They have things targeted to certain places in you to kill you. You're making joke.

You see, this is ignorance because they have something else in their mind and not the Word. But I trust today taking this, *The Evil Merchants And Their Merchandise*, these things that I am trying to throw some light on and apply it in a more present tense to us.

And watch the two powers. Always be observant, the two powers. It says kings of the earth, you go in Revelation: merchants of the earth. Merchants are the big, wealthy people, the billionaires and the trillionaires on the earth. When you go to the Sixth Seal: “And the great men,” and it gives you seven categories of people, kings and different ones, generals and things, and they are there under that Sixth Seal and they are hiding in the dens and the caves.

You see John and they writing, those are underground cities. They have that all over the States. Everybody, all these big billionaires they know—they are talking about asteroids, things that are going to start to hit the place, so they have the place secure. And plus, they have all the cloning. They are cloning people, you know. Don’t think... You see, this is the thing.

All of these underground cities... In 2000, the Genome Project, they unlocked the whole thing. That’s why now they’re having all kinds of children. Then they start to experiment and they start making a girl into a boy. Watch where the scientists and they went. They are not concerned anymore about health and different things. No, it is a perversion, all going for pleasure and sin and evil because Lucifer wants to show God, “I built my Eden.”

And you see how they say, we are coming for you children, we are coming for your children... That’s why the foolish virgins, they are coming for them. We who have the Holy Ghost, I am saying ‘we’ because I don’t know who has it inside of here. I just trust you know what you have. Don’t say Bro. Vin told me I have the Holy Ghost, so I have the Holy Ghost. When you have it, you know. I don’t need you to tell me I have the Holy Ghost. You see? You know for yourself. You know Christ is living in you, walking through your feet, speaking through your lips, thinking with your mind, believing with your heart, and working with your hands. You must know what you have inside of you. You must know

if you are changed and you are not the person you used to be. You had a New Birth and you became part of a New Creation. Any man in Christ is a New Creation. By one Spirit we are all baptized into the Body of Christ. It is the baptism of the Holy Ghost that puts you in Christ. And in Christ, you become a New Creation.

So you must know that you are not that old person. You must know what is the flesh and what is the soul. And you must know that the flesh cannot control the soul; it's the soul that controls the flesh. The soul controls your own human spirit, your reasoning and your memory. When faith says shut up, reasoning, memory, all of those have to shut up because faith is hair on the chest and big muscles. Faith is in charge. Faith pulls down... The Word is mighty to the pulling down of strongholds. All those mind battles, faith will drive that away from you. "Get thee hence, Satan!" You stand there with faith. "I am not your toy. I am not your plaything that you are coming around me. We have authority over you. If two shall agree, we can bind that thing and loose it." That's right.

We have to know that God invested a power inside of us when He gave us the Holy Spirit, when He gave us the New Birth. And we learn to live in there, and once God puts it in there, He is going to permit situations to come. And if it is really in there, you will exercise what you have inside of you, because you're walking with the revelation that you are His. You're linked to Him. He is the Head and that Head came for a Body. And by one Spirit you're baptized into that Body. You're part of that Body that that Head came for and there is an invisible union between the Head and the Body. Uniting time and sign. All of those are messages: *Invisible Union* [[1965-1125](#) *The Invisible Union Of The Bride Of Christ - Ed.*], *Uniting Time And Sign*. [[1963-0818 - Ed.](#)] They are no longer twain; they are one. Because the Head and the Body are invisibly united. The Word from the Head is coming down into the Body. And that is why the Bride can speak because the

Intelligence, the secret in the back part of God's mind He put it into the heart of the Bride. And out of the abundance of the heart the mouth speaketh. See? Not what goes into a man's mouth defiles a man. It is what comes out of a man's mouth. See? A lot of people defile themselves by speaking the wrong things, showing what condition their hearts are in. But when the Word comes out of a man, the Spirit-quickened Word, you know what is in that man's heart. Thy Word have I hid in my heart that I would not sin or disbelieve (see?) against Thee.

So that's a beautiful, beautiful thing.

God bless you and thank you for your patience. I can never repay you for that. But we travel a lot, some of you, together, and we go out in the service of God and we labor out there and now we are laboring home a little bit. The Word is what we live by. Man shall not live by bread alone. We appreciate a good bread, but when we live by the Word that comes from the mouth God, that is it. That one doesn't go out in the draught. That becomes Spirit and Life in you and moves you up into another... Spiritual astronauts. They climb high. Eagles, where Eagles dare. See?

So, God bless your heart. I just want to say a short word of prayer and put it back to the song leader. And they will still have some singing and we have lunch here provided for everybody I believe. Is that the plan? Can somebody confirm that is the plan? Oh yes, that is confirmed. We have lunch here and everybody's fine. So, it is good.

You know, Bro. Branham said, "I was preaching and I had two climaxes." He said, "And the people started to get hungry." And he said, "Okay, we will take a break and then when the evening shadows fall, we will come back at the setting of the sun." But that setting of the sun will be another day. At the setting of the sun, you will come back and minister in song and we'll worship by the grace of God.

And remember, when you stand up here worshipping, plus you're seeing the ones that are there, and then you are conscious of the others that you're not seeing that are there also. So in there, what is coming out of you is going through the ether waves, and when it goes through the ether waves, it goes around the world. And people now are there looking in and they are seeing and feeling what comes because the opening of that fourth dimension linked these people together. See? A unity of the one God in the one Church. And that's why it's a great and marvelous thing by the grace of God. So, let me pray.

With gratitude, thanksgiving and with appreciation, dear God, we bow to the dust of the earth from whence You took this physical man, but our soul that comes from You and now dwells in this earthly house of this tabernacle, Lord, knowing that the outward man is perishing but the inward man is being renewed day by day; and as that Word becomes Spirit and Life to change us from glory unto glory, and that theophany that we bypassed, Lord, we hear from it all the time because our angels behold the Father's face in Heaven.

Lord, we feel that Spiritual connection. As human beings, we say, "A thought came into my mind," or, "I was getting a thought today," but, Lord, that's that theophany, oh God, that's that Word part of us, that Word body, Lord, that Word is Spirit and Life. And because we have that representation, Lord, that Word comes to us, to encourage us and to quicken us. Sometimes it comes so quickly with the speed and the connections in the Word, we realize it is not our human mind, it is not our brain thinking those things, but it's a surge of the current of the Spirit from the spirit world, Lord, that is coming to us. Ministry of angels, oh God, our angels beholding the Father's face in Heaven. How we thank You, oh God.

May You bless Your children, Father. Lord, we sat here today and we have spent a good portion of time,

but we are grateful that there is some natural food for the physical man. The inward man, Lord, he can feed on the Word and drink from the Water of Life, oh God, but the outward man, he gets tired and he needs some food because food makes blood. And as the blood begins to rush again, he begins to feel energized and quickened. And so both the body and the soul now, Lord, begin to reconnect and everything begins to go into the realm, into the place, Lord, where we can just worship You in Spirit and Truth.

Bless each one of Your children here today. They have invested this time and made a great sacrifice. Lord, they ministered, and then they are coming back to minister in a while. Lord, we just pray that You bless all. If there are visitors and strangers, Lord, may You remember them. We have our brother and sister from Canada. They are not strangers and we have our sisters from Barbados and they are not strangers. Lord, we are all part of Your Body, Father. And we enjoy, even today, hearing them stand and sing and it shows that they put in some preparation knowing that they are coming here to be with us and coming with a blessing that we can be blessed by their coming also. We certainly already have and look forward, Lord, to continue to spend this time together, Lord, around Your Person and around Your Presence while they are here amongst us.

So, dear God, we commit them all into Your hands and we pray that, Lord, You will take full and complete control for the rest of the day and that it will be a wonderful time.

We thank You for those who labor in the back, behind the scenes, to prepare the food and everything else and that we all can be in each other's presence, each other's company and enjoy this Family time. Oh God, surely, we are part of the Family of God. The Family of God in Heaven and earth, we are told, is named after the Lord Jesus Christ. And, dear God, it's because we are born by Your Spirit and set in the Body of Christ because we

came from You, Father, and we are thankful for these things.

When we think of the evil as we were trying to bring it out from the Word under the leadership and the unction of the Holy Spirit today, Lord, we pray that it would make sense and continue to give greater sense. And even the time when we will come back another day, Lord, that even the remaining things can bring it to a full, clear picture, Lord, to see where we are at, dear God, where the world is at.

So may You keep us sensitive, vigilant and alert as the Bible said, "Satan is like a roaring lion trying to devour who he may." The enemy prowling around, moving around, oh God, but Lord, that Sixth Sense, that Super Sense that You can raise us up into that realm of revelation and vision where we can be linked to You, the Head, that Your leadership, Your Intelligence can come down into us and that still small voice that speaks to the inner man, Lord, can speak to us and we can carry out Your instructions under Your Headship and under Your leadership. May You grant it, Father.

We thank You and commit all things into Your hands and may Your Presence continue to abide with us throughout the remaining part of the evening in Jesus' wonderful and precious Name. We give You honor and glory and praise. Amen and amen.

Praise the Lord. Praise His wonderful Name.
